Proposed Settlement Agreement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement agreement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“Act”), notice is hereby given of a proposed settlement agreement to address lawsuits filed by WildEarth Guardians and National Parks Conservation Association (“NPCA”) (collectively “Petitioners”) in the United States Court of Appeals for the Tenth Circuit: *WildEarth Guardians v. EPA*, No. 13–9520 (10th Cir.) and *National Parks Conservation Association v. EPA*, No. 13–9525 (10th Cir.). On February 25, 2013, WildEarth Guardians filed a petition for review challenging EPA’s approval of the Colorado regional haze SIP. Specifically, WildEarth Guardians challenged EPA’s approval of certain BART and reasonable progress determinations for Units 1, 2, and 3 of the Craig Generating Station; Units 1 and 2 of the Comanche Power Station; Boilers 4 and 5 of the Colorado Energy Nations Company, LLLP facility at the Coors Brewery in Golden, Colorado; and the time by which the Colorado regional haze SIP required emission limits to be met at the these facilities. On March 1, 2013, NPCA filed a petition for review challenging EPA’s approval of the NO_x emission limits for Craig Units 1, 2, and 3. The proposed settlement agreement seeks to resolve all of Petitioners’ claims regarding the Craig Generating Station and establishes deadlines for the State of Colorado to submit a SIP revision to EPA and for EPA to take action on that SIP revision.

DATES: Written comments on the proposed settlement agreement must be received by September 15, 2014.

ADDRESSES: Submit your comments, identified by Docket ID number EPA–HQ–OGC–2014–0580, online at www.regulations.gov (EPA’s preferred method); by email to oei.docket@epa.gov; by mail to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave. NW., Washington, DC 20460–0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Settlement Agreement

The proposed settlement agreement will resolve lawsuits seeking to overturn EPA’s final action approving the Colorado regional haze SIP submitted by the Colorado Department of Public Health and Environment (“CDPHE”), specifically EPA’s approval of the requirements related to the Craig Generating Station. 77 FR 76871 (December 31, 2012) (“Final Rule”). The proposed settlement agreement states that, within ten business days of the final effective date of the agreement, EPA will file a motion with the Tenth Circuit, seeking a voluntary remand to EPA of those portions of the Final Rule regarding EPA’s approval of the Colorado regional haze SIP relating to Craig Unit 1. The proposed settlement agreement also states that CDPHE intends to submit a proposal to revise its SIP to EPA no later than July 31, 2015, which will include a determination that the NO_x BART emission limit for Craig Unit 1 is 0.07 lb/MMBtu, calculated on a 30 boiler-operating-day rolling average, and with a compliance deadline of August 31, 2021. The proposed SIP revision will not alter any emission limit or compliance deadline for Craig Unit 2 or 3. If CDPHE determines that it will not be able to submit the proposed SIP revision to EPA by July 31, 2015, or that the terms of the proposed SIP revision will not be in accordance with those set forth in the proposed settlement agreement, then all parties must be notified immediately.

In addition, the proposed settlement agreement states that no later than December 31, 2016, EPA will either take final action on the proposed SIP revision, or take final action on the remanded portion of the Colorado regional haze SIP if CDPHE has not submitted the proposed SIP revision by December 31, 2015. If, however, CDPHE submits a proposed SIP revision that is in accordance with the proposed settlement agreement after December 31, 2015, EPA may, at its election, take final
