## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 271

[EPA–R04–RCRA–2024–0289; FRL–12213–02–R4]

### Mississippi: Final Authorization of State Hazardous Waste Management Program Revisions

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final action.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking direct final action on the authorization of changes to Mississippi's hazardous waste program under the Resource Conservation and Recovery Act (RCRA), as amended. These changes were outlined in an April 2, 2024 application to the EPA. We have determined that these changes satisfy all requirements needed for final authorization.

**DATES:** This authorization is effective on July 22, 2025 without further notice unless the EPA receives adverse comment by June 23, 2025. If the EPA receives adverse comment, we will either publish a timely withdrawal of this direct final action in the **Federal Register** informing the public that the authorization will not take effect, or we will publish a notification containing a response to comments that either reverses the decision or affirms that the final action will take effect. In the event that the final action is withdrawn, we would address all public comments and make a final decision on authorization in a subsequent final action.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA–R04–RCRA–2024–0289, at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be

edited or removed from [www.regulations.gov](http://www.regulations.gov). The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

The EPA encourages electronic submissions and lists all publicly available docket materials electronically at [www.regulations.gov](http://www.regulations.gov). If you are unable to make electronic submissions or require alternative access to docket materials, please notify Jennifer Vogel through the provided contacts in the **FOR FURTHER INFORMATION CONTACT** section. Please also contact Jennifer Vogel if you need assistance in a language other than English or if you are a person with disabilities who needs a reasonable accommodation at no cost to you.

**FOR FURTHER INFORMATION CONTACT:** Jennifer Vogel; RCRA Programs and Cleanup Branch; Land, Chemicals and Redevelopment Division; U.S. Environmental Protection Agency; Atlanta Federal Center, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960; telephone number: (404) 562–8462; fax number: (404) 562–9964; email address: [vogel.jennifer@epa.gov](mailto:vogel.jennifer@epa.gov).

#### SUPPLEMENTARY INFORMATION:

### I. Why is the EPA using a direct final action?

The EPA is publishing this action without a prior proposed rule because we view this as a noncontroversial action and anticipate no adverse comment. This action is a routine program change. However, in the “Proposed Rules” section of this issue of the **Federal Register**, we are publishing a separate document that will serve as the proposed rule allowing the public an opportunity to comment. We will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. For further information about commenting on this action, see the **ADDRESSES** section of this document.

If the EPA receives adverse comments, we will either withdraw this action by publishing a document in the **Federal Register** before the action becomes effective, or we will publish a notification containing a response to comments that either reverses the decision or affirms that the final action will take effect. In the event that the final action is withdrawn, the EPA would base any further decision on the authorization of the State's program changes on the proposal mentioned in the previous paragraph and after consideration of all comments received during the comment period. We would address all public comments and make a final decision on authorization in a subsequent final action.

### II. Why are revisions to state programs necessary?

States that have received final authorization from the EPA under RCRA section 3006(b), 42 U.S.C. 6926(b), must maintain a hazardous waste program that is equivalent to, consistent with, and no less stringent than the Federal program. As the Federal program changes, States must change their programs and ask the EPA to authorize the changes. Changes to State programs may be necessary when Federal or State statutory or regulatory authority is modified or when certain other changes occur. Most commonly, States must
