soliciting comments for this collection.
OPM collects and maintains record-

level data on job applicants, Federal

beneficiaries of OPM's programs and
services. Research Agreements for the
Use of OPM Record-Level Data is OPM's
proposed mechanism to share data to
further policy-relevant Federal
workforce research. OPM will collect
information through a Research
Agreement Application to enable OPM
to determine whether providing record
level data to a research entity is in the
public interest. Those who are approved
as research partners will be required to
provide additional information to OPM.
This is a new collection to establish
OPM's Research Agreement program.
Therefore, we invite comments that:

1. Evaluate whether the proposed
collection of information is necessary
for the proper performance of the
functions of the agency, including
whether the information will have
practical utility;

2. Evaluate the accuracy of the
agency's estimate of the burden of the
proposed collection of information,
including the validity of the
methodology and assumptions used;

3. Enhance the quality, utility, and
clarity of the information to be
collected; and

4. Minimize the burden of the
collection of information on those who
are to respond, including through the
use of appropriate automated,
electronic, mechanical, or other
technological collection techniques or
other forms of information technology,
e.g., permitting electronic submissions
of responses.
