- Helping the Department evaluate comments on proposed Plan amendments.
- Recommending to the Secretary any changes in Plan provisions when postponement until the next Plan Conference would seriously impair program operations.
- Serving as a forum for the study of poultry health problems.

The purpose of the General Conference Committee of the National Poultry Improvement Plan (Committee) is to maintain and ensure industry involvement in Federal administration of matters pertaining to poultry health. The committee meets at least annually. In the even years, the committee meets in conjunction with the NPIP Biennial Conference. The NPIP Biennial Conference is the only national meeting where the industry, State and Federal government consider poultry health issues on a routine basis. The committee members are elected at the NPIP Biennial conference by State delegates from their respective regions. There are seven members with a 4-year staggered term. The poultry industry elects the members of the Committee. The members represent six geographic areas with one member-at-large. The Committee Chairperson and the Vice Chairperson shall be elected by the Committee from among its members.
