SUPPLEMENTARY INFORMATION: In the Final Rules Section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule which is located in the Rules Section of this **Federal Register**.

Reporting Requirements for U.S. Providers of International Telecommunications Services

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: In this document, the Federal Communications Commission (Commission) is reviewing its reporting requirements for providers of international telecommunications services. The Commission proposes to amend its reporting requirements for providers of international telecommunications services and transmission facilities in order to simplify the filing of the annual traffic and revenue report and the annual circuit-status report and modernize the information collected under those reports. The Commission also proposes to amend its rules to create a new annual services report designed to obtain basic information about providers of international telecommunications services and to update contact information. The Commission also proposes to amend its rules to clarify the confidential treatment of certain disaggregated information reported under the traffic and revenue report and the circuit-status report. This action is part of the Commission's comprehensive review of its international reporting requirements and is intended to remove unnecessary
