

Section 19(b)(3)(A)²⁷ of the Act and Rule 19b-4(f)(6)²⁸ thereunder. Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.

The Exchange believes that the proposed rule change meets the criteria of subparagraph (f)(6) of Rule 19b-4²⁹ because it merely provides additional flexibility for the use of AIQ functionality which, as discussed above, is substantially identical to an existing rule of another exchange with the exception of BZX allowing the decrementing of a routable order.³⁰ Thus, IEX does not believe that the proposed change raises any new or novel material issues that have not already been considered by the Commission in connection with existing anti-internalization functionality offered by IEX and other national securities exchanges.

Accordingly, the Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act³¹ and paragraph (f)(6) of Rule 19b-4 thereunder.³²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)³³ of the Act to determine whether the proposed rule change should be approved or disapproved.

The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 101—Activities by Distribution Participants—prohibits distribution participants from purchasing activities at specified times during a distribution of securities. Persons otherwise covered by this rule may seek to use several applicable exceptions such as a calculation of the average daily trading volume of the securities in distribution, the maintenance of policies regarding information barriers between their affiliates, and the maintenance of a written policy regarding general compliance with Regulation M for de minimus transactions.

There are approximately 2,002 respondents per year that require an aggregate total of approximately 27,901 hours to comply with this rule. Each respondent makes an estimated 1 annual response. Each response takes on average approximately 13.936563 hours to complete. Thus, the total hour burden per year is approximately 27,901 hours. The total estimated internal compliance cost for the respondents is approximately \$2,259,981, resulting in an estimated internal cost of compliance for each respondent per response of approximately \$1,128.86 (*i.e.*, \$2,259,981/2,002 responses).

Proposed Collection; Comment Request; Extension: Customer Account Statements

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 607 (17 CFR 2240.15) under the Securities Exchange Act of 1934 (17 U.S.C. 78a *et seq.*) ("Exchange Act"). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 607 requires disclosure on each new account and on a yearly basis thereafter, on the annual statement, the firm's policies regarding receipt of payment for order flow from any market makers, exchanges or exchange members to which it routes customers' order in national market system securities for execution; and information regarding the aggregate amount of monetary payments,

discounts, rebates or reduction in fees received by the firm over the past year.

The information collected pursuant to Rule 607 is necessary to facilitate the establishment of a national market system for securities. The purpose of the rule is to ensure that customers are adequately apprised of the broker-dealer's order routing practices with respect to the customer's order, in furtherance of the Commission's statutory mandate to protect investors.

The Commission estimates that approximately 3,643 respondents will make the third-party disclosures required in the collection of information requirements to 183,511,801 customer accounts each year. The Commission estimates that the average number of hours necessary for each respondent to comply with Rule 607 per year is 39.714 hours, which results in an average aggregated annual burden of 144,678.102 hours.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing by April 17, 2023.

Proposed Collection; Comment Request; Extension; "Ombudsman Matter Management System Submission Form"

Upon Written Request Copies Available From: Securities and Exchange Commission, Office of the Investor Advocate, Washington, DC 20549-3720

Notice is hereby given pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) that the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Each year the Commission's Office of the Investor Advocate, Office of the Ombudsman ("Ombudsman") receives over a thousand contacts from investors who have complaints or questions about the SEC or any of the self-regulatory organizations that it oversees. To make it easier for the public to contact the Ombudsman, the Ombudsman ("Ombudsman") created an electronic form (Ombudsman Matter Management System Submission Form) that provides drop down options to choose from in order to categorize the investor's complaint or question, and may also provide the investor with automated information about their issue. The Ombudsman Matter Management System (OMMS) Submission Form asks investors to provide information concerning, among other things, their names, how they can be reached, the names of the individuals or entities involved, the nature of their complaint or tip, what documents they can provide, and what, if any, actions they have taken. Use of the Ombudsman Matter Management System Submission Form is voluntary. Absent the forms, the public still has several ways to contact the Ombudsman, including telephone, letters, and email. Investors can access the Ombudsman Matter Management System Submission Form through the Ombudsman web page at the web address <https://www.sec.gov/ombudsman> or directly at the web address <https://omms.sec.gov>.

The dual purpose of the Ombudsman Matter Management System Submission Form is to make it easier for the public to contact the agency with complaints,
