Foreign Agricultural Service

Title: Specialty Sugar Certificate Application.

OMB Control Number: 0551–0025.

Summary of Collection: The collect of information is necessary to fulfill the legal obligations of the regulation at 15 CFR 2011 subpart B to issue specialty sugar certificates, letters to importers signed by the Foreign Agricultural Service (FAS) Certifying Authority, and ensuring that U.S. importers comply with the program's requirements. The regulation sets forth the terms and conditions under which the Certifying Authority in FAS issues certificates to importers allowing them to enter specialty sugars under the tariff-rate quota (TRQ) for refined sugar.

Need and Use of the Information: The collected information will be used to: (1) Determine whether applicants for the program meet the regulation's eligibility criteria; (2) ensure that sugar to be imported is specialty sugar and meets the requirements of the regulation; (3) audit participants' compliance with the regulation; and (4) prevent entry of world-priced program sugar from entering the domestic commercial market instead of domestic specialty sugar market. The Certifying Authority needs the information to manage, plan, evaluate, and account for program activities. Less frequent collection or no collection would impede administration of the specialty sugar certificate program and reduce or eliminate imports essential to U.S. organic food and beverage processors.

Description of Respondents: Business or other for-profit.

Number of Respondents: 45.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 90.
