

and 731-TA-573, 574, 576, 578, 582-587, 612, and 614-618 (Second Review).

Scope of the Orders

The products subject to these orders include flat-rolled carbon steel products, of rectangular shape, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-, aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished or coated with plastics or other nonmetallic substances in addition to the metallic coating, in coils (whether or not in successively superimposed layers) and of a width of 0.5 inch or greater, or in straight lengths which, if of a thickness less than 4.75 mm, are of a width of 0.5 inch or greater and which measures at least 10 times the thickness, or if of a thickness of 4.75 mm or more, are of a width which exceeds 150 mm and measures at least twice the thickness, as currently classifiable in the HTS under item numbers: 7210.30.0030, 7210.30.0060, 7210.41.0000, 7210.49.0030, 7210.49.0090, 7210.61.0000, 7210.69.0000, 7210.70.6030, 7210.70.6060, 7210.70.6090, 7210.90.1000, 7210.90.6000, 7210.90.9000, 7212.20.0000, 7212.30.1030, 7212.30.1090, 7212.30.3000, 7212.30.5000, 7212.40.1000, 7212.40.5000, 7212.50.0000, 7212.60.0000, 7215.90.1000, 7215.90.3000, 7215.90.5000, 7217.20.1500, 7217.30.1530, 7217.30.1560, 7217.90.1000, 7217.90.5030, 7217.90.5060, and 7217.90.5090.

Included in these orders are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling") - for example, products which have been beveled or rounded at the edges.

Excluded from the scope of these orders are flat-rolled steel products either plated or coated with tin, lead, chromium, chromium oxides, both tin and lead ("terne plate"), or both chromium and chromium oxides ("tin-free steel"), whether or not painted, varnished or coated with plastics or other nonmetallic substances in addition to the metallic coating. Also excluded from the scope of these orders are clad products in straight lengths of 0.1875 inch or more in composite thickness and of a width which exceeds 150 mm and measures at least twice the thickness. Also excluded from the scope of the orders are certain clad stainless flat-rolled products, which are three-layered corrosion-resistant carbon steel flat-rolled products less than 4.75 mm

in composite thickness that consist of a carbon steel flat-rolled product clad on both sides with stainless steel in a 20%-60%-20% ratio.

Determination

As a result of the determinations by the Department and the ITC that revocation of these AD and CVD orders would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy, and of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the AD orders on CORE from Germany and Korea and the CVD order on CORE from Korea. U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of continuation of these orders will be the date of publication in the **Federal Register** of this Notice of Continuation.

Pursuant to sections 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year review of these orders not later than December 2011.

These five-year (sunset) reviews and notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: February 5, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

Revocation Pursuant to Second Five-Year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders: Certain Corrosion-Resistant Carbon Steel Flat Products from Australia, Canada, Japan, and France

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the International Trade Commission ("ITC") that revocation of the antidumping ("AD") orders on certain corrosion-resistant carbon steel flat products ("CORE") from Australia, Canada, Japan, and France and the countervailing duty ("CVD") order on CORE from France would not be likely to lead to a continuation or recurrence of material

injury to an industry in the United States within a reasonably foreseeable time, the Department of Commerce ("the Department") is publishing this notice of revocation of these AD and CVD orders pursuant to section 751(d)(2) of the Tariff Act of 1930, as amended ("the Act").

EFFECTIVE DATE: December 15, 2005.

FOR FURTHER INFORMATION CONTACT:

Darla Brown or Brandon Farlander, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-2849 or (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 15, 2000, at the conclusion of the first sunset review of these orders, the Department published notice of continuation of these orders. *See Continuation of Antidumping and Countervailing Duty Orders on Certain Carbon Steel Products from Australia, Belgium, Brazil, Canada, Finland, France, Germany, Japan, South Korea, Mexico, Poland, Romania, Spain, Sweden, Taiwan, and the United Kingdom*, 65 FR 78469 (December 15, 2000).

On November 1, 2005, the Department initiated and the ITC instituted sunset reviews of the AD and CVD orders on CORE from Australia, Canada, Japan and France, pursuant to sections 751(c) and 752 of the Act, respectively. *See Notice of Initiation of Five-Year ("Sunset") Reviews*, 70 FR 65884 (November 1, 2005). As a result of its reviews, the Department found that revocation of the AD orders would likely lead to continuation or recurrence of dumping and that revocation of the CVD order would likely to lead to continuation or recurrence of subsidization and notified the ITC of the margins of dumping and the subsidy rates likely to prevail were the orders to be revoked. *See Final Results of Expedited Sunset Reviews: Corrosion-Resistant Carbon Steel Flat Products from Australia, Canada, France, Germany, Japan, and South Korea*, 71 FR 32508 (June 6, 2006) ("Final Results") and *Corrosion-Resistant Carbon Steel Flat Products From France; Final Results of Full Sunset Review*, 71 FR 58584 (October 4, 2006).

On January 31, 2007, the ITC determined, pursuant to section 751(c) of the Act, that revocation of the AD and CVD orders on CORE from Australia, Canada, Japan, and France would not be likely to lead to a continuation or

recurrence of material injury to an industry in the United States within a reasonably foreseeable time. *See Certain Carbon Steel Products from Australia, Belgium, Brazil, Canada, Finland, France, Germany, Japan, Korea, Mexico, Poland, Romania, Spain, Sweden, Taiwan, and the United Kingdom*, 72 FR 4529 (January 31, 2007) (“ITC Determination”) and USITC Publication 3899 (January 2007), entitled *Certain Carbon Steel Products from Australia, Belgium, Brazil, Canada, Finland, France, Germany, Japan, Korea, Mexico, Poland, Romania, Spain, Sweden, Taiwan, and the United Kingdom: Investigation Nos. AA1921–197 (Second Review)*; 701–TA–319, 320, 325–327, 348, and 350 (Second Review); and 731–TA–573, 574, 576, 578, 582–587, 612, and 614–618 (Second Review).

Scope of the Orders

The products subject to these orders include flat-rolled carbon steel products, of rectangular shape, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-, aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished or coated with plastics or other nonmetallic substances in addition to the metallic coating, in coils (whether or not in successively superimposed layers) and of a width of 0.5 inch or greater, or in straight lengths which, if of a thickness less than 4.75 mm, are of a width of 0.5 inch or greater and which measures at least 10 times the thickness, or if of a thickness of 4.75 mm or more, are of a width which exceeds 150 mm and measures at least twice the thickness, as currently classifiable in the HTS under item numbers: 7210.30.0030, 7210.30.0060, 7210.41.0000, 7210.49.0030, 7210.49.0090, 7210.61.0000, 7210.69.0000, 7210.70.6030, 7210.70.6060, 7210.70.6090, 7210.90.1000, 7210.90.6000, 7210.90.9000, 7212.20.0000, 7212.30.1030, 7212.30.1090, 7212.30.3000, 7212.30.5000, 7212.40.1000, 7212.40.5000, 7212.50.0000, 7212.60.0000, 7215.90.1000, 7215.90.3000, 7215.90.5000, 7217.20.1500, 7217.30.1530, 7217.30.1560, 7217.90.1000, 7217.90.5030, 7217.90.5060, and 7217.90.5090.

Included in these orders are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been “worked after rolling”) - for example, products which have been beveled or rounded at the edges.

Excluded from the scope of these orders are flat-rolled steel products either plated or coated with tin, lead, chromium, chromium oxides, both tin and lead (“terne plate”), or both chromium and chromium oxides (“tin-free steel”), whether or not painted, varnished or coated with plastics or other nonmetallic substances in addition to the metallic coating. Also excluded from the scope of these orders are clad products in straight lengths of 0.1875 inch or more in composite thickness and of a width which exceeds 150 mm and measures at least twice the thickness. Also excluded from the scope of the orders are certain clad stainless flat-rolled products, which are three-layered corrosion-resistant carbon steel flat-rolled products less than 4.75 mm in composite thickness that consist of a carbon steel flat-rolled product clad on both sides with stainless steel in a 20%-60%-20% ratio.

The Department has issued numerous rulings regarding the scope of the order on Japan. A complete listing of these rulings is contained in the *Final Results*.

Determination

As a result of the determination by the ITC that revocation of these AD and CVD orders is not likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, the Department, pursuant to section 751(d) of the Act, is revoking the AD and CVD orders on CORE from Australia, Canada, Japan, and France. Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the effective date of revocation is December 15, 2005 (*i.e.*, the fifth anniversary of the date of publication in the **Federal Register** of the notice of continuation of the AD and CVD orders). The Department will notify U.S. Customs and Border Protection to discontinue suspension of liquidation and collection of cash deposits on entries of the subject merchandise entered or withdrawn from warehouse on or after December 15, 2005, the effective date of revocation of these AD and CVD orders. The Department will complete any pending administrative reviews of these orders and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

These five-year sunset reviews and notice are in accordance with section 751(d)(2) and published pursuant to section 777(i)(1) of the Act.

Dated: February 5, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-5

DEPARTMENT OF COMMERCE

International Trade Administration

[A–475–818]

Notice of Final Results of the Ninth Administrative Review of the Antidumping Duty Order on Certain Pasta from Italy

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 8, 2006, the Department of Commerce (“the Department”) published the preliminary results and partial rescission of the ninth administrative review for the antidumping duty order on certain pasta from Italy. The review covers two manufacturers/ exporters: (1) Atar, S.r.L. (“Atar”) and, (2) Corticella Molini e Pastifici S.p.A. and its affiliate Pasta Combattenti S.p.A. (collectively, “Corticella/Combattenti”). The period of review (“POR”) is July 1, 2004, through June 30, 2005. Further, requests for review of the antidumping duty order for the following companies were withdrawn: Barilla G.e.R. Fratelli, S.p.A./Barilla Alimentare, S.p.A. (“Barilla”), Moline e Pastificio Tomasello S.r.L. (“Tomasello”), and Pastificio Laporta S.a.s. (“Laporta”). We are rescinding the review with respect to Italpasta/Pasta Berruto S.p.A. (“Italpasta”)¹ because Italpasta submitted a letter stating that it had no shipments of subject merchandise during the POR. *See* 19 CFR 351.213(d)(3). Finally, we are rescinding the review with respect to Pastificio Antonio Pallante S.r.L./Industrie Alimentari Molisane, S.r.L./Vitelli Foods, LLC (“Pallante”) because, since the initiation of the current review, the Department has revoked the order in part, with respect to Pallante, effective July 1, 2004.

As a result of our analysis of the comments received, these final results differ from the preliminary results.

EFFECTIVE DATE: February 14, 2007.

FOR FURTHER INFORMATION CONTACT: Dennis McClure and Maura Jeffords for

¹ In its September 20, 2005, letter, counsel for Italpasta S.p.A. informed the Department that it merged with its affiliate, Arrighi S.p.A. into a new company Pasta Berruto S.p.A. *See* Letter to the Department from Italpasta, Re: Pasta from Italy; Response to Questionnaire (September 20, 2005).
