

permitted or not. The agency stated the following:

While there is a possibility under the new option for power windows to be operational without the driver being present in the vehicle, that possibility could arise only in rare circumstances. Further, similar possibilities exist under one of the existing options [in section S4 of FMVSS No. 118.] For example, under the new [RAP] option, a driver could get out of a vehicle, leaving the engine running, and close the door. The windows would still be operational. Then, if the driver's window were open so that he or she could reach through the open window instead of opening the door to shut the engine off, the windows would continue to be operational. Similarly, under one of the current options, power windows would be operable in the same circumstances, at least until the driver reached into the vehicle and shut off the engine.

In other words, the agency recognized that the safety measures in the standard could not prevent power windows from being enabled in all instances in which a driver or adult passenger might not be present.

After further consideration, we believe that the conditions under which RAP may be activated in the subject noncomplying GM vehicles are highly unlikely to occur and are similar to the unlikely circumstances contemplated in the final rule permitting the use of the RAP feature. We believe that it is, in fact, at least as unlikely for inadvertent RAP activation to occur in the subject noncomplying GM vehicles as it would be for RAP to be activated in a fully complying vehicle without a driver present in circumstances such as those discussed in the 1983 final rule. Furthermore, the fact the agency knowingly permitted those slight safety issues in the 1983 final rule establishes that the agency believed such issues are inconsequential. The safety issue in the noncomplying GM vehicles, being similar to the ones acknowledged in 1983, is therefore also inconsequential.

In granting this GM petition, the agency is in no way de-emphasizing the importance of the safety provisions in FMVSS No. 118. On the contrary, the agency maintains active involvement in issues relating to power window safety and has recently undertaken a study to determine the extent of non-crash motor vehicle events, especially those involving children, which result in injuries and fatalities due to motor vehicle power windows.

For the reasons expressed above, the agency has reconsidered its previous decision to deny the GM petition, published in the **Federal Register** on October 3, 2001 (66 FR 50496). Accordingly, GM's application is granted and the applicant is exempted

from providing the notification of the noncompliance as required by 49 U.S.C. 30118, and from remedying the noncompliance as required by 49 U.S.C. 30120.

DEPARTMENT OF THE TREASURY

Treasury Advisory Committee on Commercial Operations of the Customs Service

AGENCY: Departmental Offices, Treasury.

ACTION: Solicitation of applications for membership in the Treasury Advisory Committee on Commercial Operations of the Customs Service.

SUMMARY: This notice establishes criteria and procedures for the selection of members and provides public notice of the Department's intent to file a Charter for the committee's eighth two year term.

Title: The Treasury Advisory Committee on Commercial Operations of the U.S. Customs Service.

Purpose: The purpose of the Committee is to provide advice to the Secretary of the Treasury on all matters involving the commercial operations of the U.S. Customs Service and to submit an annual report to Congress describing its operations and setting forth any recommendations. The Committee provides a critical and unique forum for distinguished representatives of diverse industry sectors to present their views and advice directly to senior Treasury and Customs officials. This is done on a regular basis in an open and candid atmosphere.

SUPPLEMENTARY INFORMATION:

Background

In the Omnibus Budget Reconciliation Act of 1987 (Pub. L. 100-203), Congress directed the Secretary of the Treasury to create an Advisory Committee on Commercial Operations of the Customs Service. The Committee is to consist of 20 members drawn from industry sectors affected by Customs commercial operations with balanced political party affiliations. The Committee's first two-year charter was filed on October 17, 1988 and six additional charters have been filed for two-year terms. The current charter will expire on October 6, 2002. The Treasury Department plans to file a new charter by that date, renewing the Committee for an eighth two-year term.

Objective, Scope and Description of the Committee

The Committee's objective is to advise the Secretary of the Treasury on issues relating to the commercial operations of the Customs Service. It is expected that, during its eighth two-year term, the Committee will consider issues relating to enhanced border and cargo supply chain security, Customs modernization and automation, informed compliance and compliance assessment, account based processing, commercial enforcement and uniformity, international efforts to harmonize customs practices and procedures, strategic planning, northern border and southern border issues, and relationships with foreign Customs authorities. As directed by Congress, the Committee will be presided over by the Assistant Secretary of the Treasury for Enforcement. During the two-year charter, the Committee will meet approximately eight times (quarterly). Additional special meetings of the full Committee or a subcommittee thereof may be convened if necessary. The meetings will generally be held in the Treasury Department, Washington, DC. However, typically, one or two meetings per year are held outside of Washington at a Customs port.

The meetings are open to public observers, including the press, unless special procedures have been followed to close a meeting. During the last two-year term none of the Committee meetings have been closed.

The members shall be selected by the Secretary of the Treasury from representatives of the trade or transportation community that do business with Customs, the general public, or others who are directly affected by Customs commercial operations. In addition, members shall

represent major regions of the country, and, by statute, not more than ten members may be affiliated with the same political party. No person who is required to register under the Foreign Agents Registration Act as an agent or representative of a foreign principal may serve on this advisory committee. Members shall not be paid compensation nor shall they be considered Federal Government employees for any purpose. No per diem, transportation, or other expenses are reimbursed for the cost of the public service of attending Committee meetings at any location.

Membership on the Committee is personal to the appointee. Under the Charter, a member may not send an alternate to represent him or her at a Committee meeting. However, since Committee meetings are open to the public, another person from a member's organization may attend and observe the proceedings in a nonparticipating capacity. Regular attendance is essential; the Charter provides that a member who is absent for two consecutive meetings or two meetings in a calendar year shall lose his or her seat on the Committee. Members who are serving on the Committee during its expiring two-year term are eligible to reapply for membership provided that they are not in their second consecutive term and that they have met attendance requirements. A new application letter and updated resume are required.

Application for Advisory Committee Appointment

Any interested person wishing to serve on the Treasury Advisory Committee on Commercial Operations of the U.S. Customs Service must provide the following:

- Statement of interest and reasons for application;
- Complete professional biography or resume;
- Political affiliation, in order to ensure balanced representation.

(Mandatory. If no party registration or allegiance exists, indicate "independent" or "unaffiliated").

In addition, applicants must state in their applications that they agree to submit to pre-appointment background and tax checks. (Mandatory). However, a national security clearance is not required for the position.

There is no prescribed format for the application. Applicants may send a letter describing their interest and qualifications and enclose a resume.

The application period for interested candidates will extend to June 17, 2002. Applications should be submitted in sufficient time to be received by the
