[Docket No. EL14-49-000]

Southwest Power Pool, Inc.; Notice of Petition for Declaratory Order

Take notice that on May 9, 2014, Southwest Power Pool, Inc. (SPP), pursuant to Rule 207 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.207, filed a petition for declaratory order requesting that the Commission confirm that: (1) Section 7.4 of the SPP Open Access Transmission Tariff does not limit SPP's right to seek contract damages in an appropriate court for the nonpayment default for the entire term of the service contracted under the PTP Service Agreement with AES Shady Point, LLC (AES PTP Agreement); (2) nothing in the Commission's regulations requiring that transmission providers submit notices of termination before terminating service limits SPP's ability to seek damages for breach of contract in an appropriate court; and (3) the Commission's order¹ accepting cancellation of the AES PTP Agreement does not limit SPP's right to seek damages in an appropriate court for AES's nonperformance of the AES PTP Agreement.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

[Project No. 2187-042]

Public Service Company of Colorado; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's regulations (18 CFR Part 380), Commission staff has reviewed plans, filed January 22, 2014, to replace Clear Lake Dam and the dam outlet works at the Georgetown Hydroelectric Project, which is located on South Clear Creek, approximately 50 miles west of Denver in Clear Creek County, Colorado.

The project licensee, Public Service Company of Colorado, plans to remove the Georgetown Project's existing Clear Lake Dam and outlet works, and construct a new roller compacted concrete dam and new outlet works in the same location. The work would correct dam safety concerns and
