DEPARTMENT OF EDUCATION

34 CFR Chapter III

[Docket ID ED-2023-OSERS-0020]

Final Priority and Definition—Activities for Underserved Populations

AGENCY: Office of Special Education and Rehabilitative Services (OSERS), Department of Education.

ACTION: Final priority and definition.

SUMMARY: The U.S. Department of Education (Department) announces a priority and definition under the Rehabilitation Act of 1973, as amended (Rehabilitation Act), for Activities for Underserved Populations program, Assistance Listing Number (ALN) 84.315C. We take this action to improve the delivery of vocational rehabilitation services to, and the employment outcomes of, individuals with disabilities from underserved populations. For this priority, we define

“underserved populations” to mean “Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders, and other persons of color.” The Department may use this priority and definition for competitions in fiscal year (FY) 2023 and later years.

DATES: Effective June 30, 2023.

FOR FURTHER INFORMATION CONTACT: Kristen Rhinehart-Fernandez, U.S. Department of Education, 400 Maryland Avenue SW, Room 5076, Potomac Center Plaza, Washington, DC 20202-5134. Telephone: (202) 245-6103. Email: 315C@ed.gov.

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7-1-1.

SUPPLEMENTARY INFORMATION:

Purpose of Program: A purpose of the Activities for Underserved Populations program is to make awards to minority entities and Indian Tribes to conduct research, training, technical assistance, or a related activity to improve the quality, access, delivery of services, and competitive integrated employment outcomes under the Rehabilitation Act, especially for individuals with disabilities from underserved populations. As defined in section 21(b)(5) of the Rehabilitation Act, “minority entity” means “a historically Black college or university, a Hispanic-serving institution of higher education, an American Indian Tribal college or university, or another institution of higher education whose minority student enrollment is at least 50 percent.” The definition of “Indian Tribe” in section 7(19)(B) of the Rehabilitation Act is “any Federal or State Indian tribe, band, rancheria, pueblo, colony, or community, including any Alaskan native village or regional village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act) and a Tribal organization (as defined in section 4(l) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b(l)).”

Program Authority: 29 U.S.C. 718(b)(2)(B).

We published a notice of proposed priority and definition (NPP) for this program in the **Federal Register** on February 8, 2023 (88 FR 8242). That document contained background information and our reasons for proposing the priority and definition.

There are no differences between the NPP and this notice of final priority and definition (NFP), as discussed in the *Analysis of Comments and Changes* section of this document.

Public Comment: In response to our invitation in the NPP, eight parties submitted comments on the proposed priority and definition. Generally, we do not address technical and other minor changes or suggested changes the law does not authorize us to make under the applicable statutory authority. In addition, we do not address general comments that raised concerns not directly related to the proposed priority and definition.

Analysis of Comments and Changes: An analysis of the comments and of any changes in the priority since publication of the NPP follows.

Comment: One commenter commended the Department for including Indian Tribes in the definition of “underserved populations” and shared that it demonstrates a tangible effort to expand opportunities for Indian Tribes and is a step forward in repairing and building trust with the Tribes. Another commenter agreed that the priority would strengthen the delivery of services to individuals with disabilities from underserved populations.

Discussion: The Department appreciates support for this priority.

Changes: None.

Comment: One commenter expressed opposition to the proposed priority, stating that by exclusively focusing on or prioritizing awards to minority entities and Indian Tribes as described in 29 U.S.C. 718(b)(2)(B), the priority limits the entities described in 29 U.S.C. 718(b)(2)(C), which permits awards to a State or public or private nonprofit agency or organization to provide outreach and technical assistance to minority entities and Indian Tribes in order to increase their participation in activities carried out under the Rehabilitation Act and enhance their capacity to do so. The commenter asserted that awards should be granted based on the best possible outcome, not the race or ethnicity of the applicant.

Discussion: The proposed priority and definition are directly aligned with the program statute. Section 21 of the Rehabilitation Act (29 U.S.C. 718(b)(2)(A–C)) establishes three allowable activities for this program and the entities eligible to receive awards for each of the allowable activities. The Department has provided funding opportunities under each of the allowable activities at different times since this program was authorized, including section 718(b)(2)(C). For this funding opportunity, as described in the NPP, the Department determined that there was a need for the activities authorized by section 718(b)(2)(B). The Department further determined that this
