

offset to take into account the relative scrap generated by each model.

6. We found at verification that Max Fortune incorrectly reported that it did not incur freight expenses for inputs of glue. We included this freight expense when valuing the glue inputs.

7. We revised the value of Max Fortune's market-economy inputs pursuant to the corrections Max Fortune provided at the start of verification.

**Verification**

As provided in section 782(i) of the Act, we verified the information submitted by each respondent for use in our final determination. We used standard verification procedures including examination of relevant accounting and production records, and original source documents provided by the respondents. For changes from the *Preliminary Determination*, as a result of verification, see the "Changes Since the Preliminary Determination" section of this notice, above, and Max Fortune's and Red Point's Analysis Memoranda dated November 13, 2001.

**Continuation of Suspension of Liquidation**

In accordance with section 735(c)(1)(B)(ii) of the Act, we are directing the Customs Service to continue to suspend liquidation of all entries of subject merchandise from the PRC, except for subject merchandise produced and exported by Max Fortune (which has a de minimis weighted-average margin), that are entered, or withdrawn from warehouses, for consumption on or after the date of publication of the final determination in the **Federal Register**. The Customs Service shall continue to require a cash deposit or posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown below. This suspension of liquidation instruction will remain in effect until further notice.

The weighted-average dumping margins are as follows:

Exporter/manufacturer	Weighted-average percent margin
Red Point Paper Products Co., Ltd .....	9.26
Max Fortune Industrial Ltd .....	1.67
PRC-wide Rate .....	164.75

The PRC-wide rate applies to all entries of the subject merchandise except for entries from exporters/producers that are identified individually above.

**ITC Notification**

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our determination. As our final determination is affirmative, the ITC will, within 45 days, determine whether these imports are materially injuring, or threaten material injury to, the U.S. industry. If the ITC determines that material injury, or a threat of material injury does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing Customs officials to assess antidumping duties on all imports of the subject merchandise entered for consumption on or after the effective date of the suspension of liquidation.

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.

Dated: November 13, 2001.

**Information**

*Statutory Time Limits*

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (the Department) to make a preliminary determination within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days and for the final determination to 180 days (or 300 days if the Department does not extend the time limit for the preliminary determination) from the date of publication of the preliminary determination.

*Background*

On September 6, 2000, the Department published a notice of initiation of an administrative review of the antidumping duty order on Silicon Metal from Brazil covering the period July 1, 1999 through June 30, 2000 (65 FR 53980). On August 6, 2001 (66 FR 40980), we published the preliminary results of review. In our notice of preliminary results, we stated our intention to issue the final results of this review no later than 120 days after the date of publication of the preliminary results, December 4, 2001.

*Extension of Final Results of Review*

We determine that it is not practicable to complete the final results of this review within the original time limit. See Decision Memorandum regarding this extension from Holly A. Kuga to Bernard T. Carreau, dated concurrently with this notice, which is on file in the Central Records Unit, Room B-099 of the main Commerce Building. Therefore, the Department is extending the time limit for completion of the final results until no later than February 2, 2002.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: November 11, 2001.
