Committee for the Implementation of Textile Agreements

April 26, 2001.

Commissioner of Customs,
Department of the Treasury, Washington, DC 20229.

Dear Commissioner: This directive amends, but does not cancel, the directive issued to you on November 28, 2000, by the Chairman, Committee for the Implementation of Textile Agreements. That directive concerns imports of certain cotton, wool and man-made fiber textile products, produced or manufactured in the Dominican Republic and exported during the twelve-month period which began on January 1, 2001 and extends through December 31, 2001.

Effective on May 4, 2001, you are directed to adjust the current limits for the following categories, as provided for under the Uruguay Round Agreement on Textiles and Clothing:

Category	Adjusted twelve-month limit ¹
339/639	1,452,969 dozen.
342/642	660,793 dozen.
433	24,540 dozen.
442	82,693 dozen.

¹ The limits have not been adjusted to account for any imports exported after December 31, 2000.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,

D. Michael Hutchinson,

Acting Chairman, Committee for the Implementation of Textile Agreements.

Title, Associated Form, and OMB Number: Base Realignment and Closure (BRAC) Military Base Reuse Status, DD Form 2740, OMB Control Number 0790-0003.

Needs and Uses: Through the Office of Economic Adjustment (OEA), DOD funds are provided to communities for economic adjustment planning in response to closures of military installations. A measure of program evaluation is the monitoring of civilian job creation and type of redevelopment at the former military installations. The respondents to the semi-annual survey will generally include a single point of contact at the local level who is responsible for overseeing redevelopment efforts. If this data is not collected, OEA would have no accurate, timely information regarding the civilian reuse of former military bases. A key function of the economic

adjustment program is to encourage private sector use of lands and buildings to generate jobs as military activity diminishes and to serve as a clearinghouse for reuse data.

Affected Public: Business or Other For-Profit; Federal Government; State, Local, or Tribal Government.

Annual Burden Hours: 150.

Number of Annual Respondents: 75.

Annual Responses to Respondent: 2.

Average Burden per Response: 1 hour.

Frequency: Semi-annual.
