

venues for order flow. In this regard, proposed changes that facilitate enhancements to the Exchange's System and Order entry protocols as well as those that amend and clarify the Exchange's Rules regarding its Order Attributes, are pro-competitive because they bolster the efficiency, functionality, and overall attractiveness of the Exchange in an absolute sense and relative to its peers.

Moreover, none of the proposed changes will unduly burden intra-market competition among various Exchange participants. Participants will experience no competitive impact from its proposals, as these proposals will restate and reorganize portions of the Rule to reflect the upgraded capabilities of OUCH, as well as to render the descriptions of OUCH's new capabilities easier to read and understand.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>20</sup> and Rule 19b-4(f)(6) thereunder.<sup>21</sup> Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>22</sup> and Rule 19b-4(f)(6) thereunder.<sup>23</sup>

[Release No. 34-95770; File No. SR-NYSEAMER-2022-38]

**Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of Proposed Change To Amend Its Equities Price List**

September 14, 2022.

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (the "Act"),<sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that on August 31, 2022, NYSE American LLC ("NYSE American" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange proposes to amend its Equities Price List ("Price List") to eliminate obsolete fees for the Exchange's off-hours trading facility. The Exchange proposes to implement the fee changes effective September 1, 2022. The proposed change is available on the Exchange's website at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission's Public Reference Room.

**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text

<sup>23</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

**1. Purpose**

The Exchange proposes to amend its Price List to eliminate obsolete fees for the Exchange's off-hours trading facility known as Crossing Session II ("CS II").

The Exchange proposes to implement the fee changes effective September 1, 2022.

**Background**

Currently, the Exchange charges a fee of \$0.0004 per share (both sides) for executions in CS II.<sup>4</sup> Fees for executions in CS II are capped at \$100,000 per month per member organization.

The Exchange recently determined to decommission CS II and delete the rules governing the off-hours trading facility, effective September 1, 2022.<sup>5</sup> Since the Exchange will no longer be offering an after-hours trading session effective September 1, 2022, the Exchange accordingly proposes to delete the fees relating to CS II. To effectuate this change, the Exchange would delete Section IV of the Price List titled "Fees for Off-Hours Trading Facility" in its entirety as obsolete. Current Items V (Port Fees) and VI (ETP Fee) of the Price List would be re-numbered.

The proposed changes are not otherwise intended to address other issues, and the Exchange is not aware of any significant problems that market participants would have in complying with the proposed changes.

**2. Statutory Basis**

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,<sup>6</sup> in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,<sup>7</sup> in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly

discriminate between customers, issuers, brokers or dealers.

**The Proposed Change Is Reasonable**

The Exchange believes that the proposed elimination of after-hours trading facility fees is reasonable because, effective September 1, 2022, the fees are no longer charged. The Exchange believes it is reasonable to delete obsolete fees from the Price List because it would streamline the Price List and reduce confusion as to which fees are applicable on the Exchange. The Exchange believes that amending the Price List to remove fees that are no longer charged would promote the protection of investors and the public interest because it would promote clarity and transparency in the Price List, thereby enabling market participants to navigate the Exchange's Price List more easily.

**The Proposal Is an Equitable Allocation of Fees**

The Exchange believes the proposal equitably allocates its fees among its market participants because the obsolete after-hours trading facility fees that the Exchange proposes to eliminate would be eliminated in their entirety, and would no longer be available to any member organization in any form. Similarly, the Exchange believes the proposal equitably allocates fees among its market participants because elimination of obsolete fees would apply to all similarly-situated member organizations on an equal basis. All such member organizations would continue to be subject to the same fee structure, and access to the Exchange's market would continue to be offered on fair and nondiscriminatory terms.

**The Proposal Is Not Unfairly Discriminatory**

The Exchange believes that the proposal is not unfairly discriminatory because it neither targets nor will it have a disparate impact on any particular category of market participant. The Exchange believes that the proposal is not unfairly discriminatory because the proposed elimination of the obsolete fees would affect all similarly-situated market participants on an equal and non-discriminatory basis. The Exchange believes that eliminating obsolete fees would no longer be available to any member organization on an equal basis. The Exchange also believes that the proposed change would protect investors and the public interest because the deletion of obsolete fees would make the Price List more accessible and transparent and facilitate

market participants' understanding of the fees charged for services currently offered by the Exchange.

Finally, the Exchange believes that it is subject to significant competitive forces, as described below in the Exchange's statement regarding the burden on competition. For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

*B. Self-Regulatory Organization's Statement on Burden on Competition*

In accordance with Section 6(b)(8) of the Act,<sup>8</sup> the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, as discussed above, the proposal relates solely to elimination of obsolete fees for a decommissioned after-hours trading facility and, as such, would not have any impact on intra- or inter-market competition because the proposed change is solely designed to accurately reflect the services that the Exchange currently offers, thereby adding clarity to the Price List.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)<sup>9</sup> of the Act and subparagraph (f)(2) of Rule 19b-4<sup>10</sup> thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>11</sup> of the Act to determine whether the proposed rule

#### **Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Equity 4, Rules 4120, 4702 and 4703 in Light of Planned Changes to the System**

September 14, 2022.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on September 9, 2022, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### **I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange proposes to amend Equity 4, Rules 4120, 4702 and 4703<sup>3</sup> in light of planned changes to the System.

The text of the proposed rule change is available on the Exchange's website at <https://listingcenter.nasdaq.com/rulebook/nasdaq/rules>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### **II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set

forth in sections A, B, and C below, of the most significant parts of such statements.

#### **A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change**

##### **1. Purpose**

The Exchange is preparing to introduce a new upgraded version of the OUCH Order entry protocol<sup>4</sup> that will enable the Exchange to make functional enhancements and improvements to specific Order Types<sup>5</sup> and Order Attributes.<sup>6</sup> Specifically, enhancements to OUCH will enable the Exchange to upgrade the logic and implementation of these Order Types and Order Attributes so that the features are more robust, streamlined, and harmonized across the Exchange's Systems and Order entry protocols. The Exchange developed OUCH with simplicity in mind, and therefore, it presently lacks certain complex order handling capabilities. By contrast, the Exchange specifically designed its RASH Order Entry Protocol<sup>7</sup> to support advanced functionality, including discretion, random reserve, pegging and routing. The introduction of OUCH upgrades will enable participants to utilize OUCH, in addition to RASH, to enter Order Types that require advanced functionality. Thus, the proposal does not seek to introduce new functionality, but rather, it offers to OUCH users advanced functionality that already exists for RASH users.

The Exchange plans to implement its enhancement of the OUCH protocol

<sup>4</sup> The OUCH Order entry protocol is a proprietary protocol that allows subscribers to quickly enter orders into the System and receive executions. OUCH accepts limit Orders from members, and if there are matching Orders, they will execute. Non-matching Orders are added to the Limit Order Book, a database of available limit Orders, where they are matched in price-time priority. OUCH only provides a method for members to send Orders and receive status updates on those Orders. See <https://www.nasdaqtrader.com/Trader.aspx?id=OUCH>.

<sup>5</sup> An "Order Type" is a standardized set of instructions associated with an Order that define how it will behave with respect to pricing, execution, and/or posting to the Exchange Book when submitted to Nasdaq. See Equity 1, Section 1(a)(7).

<sup>6</sup> An "Order Attribute" is a further set of variable instructions that may be associated with an Order to further define how it will behave with respect to pricing, execution, and/or posting to the Exchange Book when submitted to the Exchange. See *id.*

<sup>7</sup> The RASH (Routing and Special Handling) Order entry protocol is a proprietary protocol that allows members to enter Orders, cancel existing Orders and receive executions. RASH allows participants to use advanced functionality, including discretion, random reserve, pegging and routing.
