

Department of Labor's List of Goods Produced by Child Labor or Forced Labor.

The Department invites public comment on whether these products (and/or other products, regardless of whether they are mentioned in this Notice) should be included on or removed from the revised List of products requiring federal contractor certification as to the use of forced or indentured child labor. To the extent possible, comments provided should address the criteria for inclusion of a product on the List contained in the Procedural Guidelines discussed above. The Department is also interested in public comments relating to whether products initially determined to be on the List are designated with appropriate specificity and whether alternative designations would better serve the purposes of EO 13126.

The bibliography providing the preliminary basis for adding hand-woven textiles from Ethiopia on the List and additional documentation on the removal of charcoal from Brazil are available on the Internet at <http://www.dol.gov/ILAB/regs/eo13126/main.htm>.

As explained, following receipt and consideration of comments on the revised List set out above, the Department of Labor, in consultation and cooperation with the Departments of State Homeland Security, will issue a final determination in the **Federal Register**. The Department of Labor intends to continue to revise the List periodically, to add and/or delete products, as justified by new information.

Signed at Washington, DC, this 8th day of December, 2010.

Sandra Polaski,

Deputy Undersecretary, Bureau of International Labor Affairs.
