[Docket No. 040610178-4178-01]

#### National Defense Stockpile Market Impact Committee Request for Public Comments on the Potential Market Impact of Proposed Stockpile Disposals in the FY 2005 Annual Materials Plan (AMP)

**AGENCY:** U.S. Department of Commerce.

**ACTION:** Notice of inquiry.

**SUMMARY:** This notice is to advise the public that the National Defense Stockpile Market Impact Committee (co-chaired by the Departments of Commerce and State) is seeking public comments on the potential market impact of proposed increases to the disposal levels of excess materials from the National Defense Stockpile for the Fiscal Year 2005 Annual Materials Plan.

**DATES:** Comments must be received by July 26, 2004.

**ADDRESSES:** Written comments should be sent to William J. Denk, Co-Chair, Stockpile Market Impact Committee, Office of Strategic Industries and Economic Security, Room 3876, Bureau of Industry and Security, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; Fax: (202) 482-5650; E-mail: [wdenk@bis.doc.gov](mailto:wdenk@bis.doc.gov).

**FOR FURTHER INFORMATION CONTACT:** The co-chairs of the National Defense Stockpile Market Impact Committee. Contact either William J. Denk, Office of Strategic Industries and Economic Security, Bureau of Industry and Security, U.S. Department of Commerce, (202) 482-3634 or James Steele, Office of International Energy and Commodity Policy, U.S. Department of State, (202) 647-2871.

**SUPPLEMENTARY INFORMATION:** Under the authority of the Strategic and Critical Materials Stock Piling Act of 1979, as amended, (50 U.S.C. 98 *et seq.*), the Department of Defense ("DOD"), as National Defense Stockpile Manager, maintains a stockpile of strategic and critical materials to supply the military, industrial, and essential civilian needs of the United States for national defense. Section 3314 of the Fiscal Year ("FY") 1993 National Defense Authorization Act ("NDAA") (50 U.S.C. 98h-1) formally established a Market Impact Committee ("the Committee") to "advise the National Defense Stockpile Manager on the projected domestic and foreign economic effects of all acquisitions and disposals of materials from the stockpile \* \* \*". The Committee must also balance market impact concerns with the statutory requirement to protect the Government against avoidable loss.

The Committee is comprised of representatives from the Departments of Commerce, State, Agriculture, Defense, Energy, Interior, Treasury, and the Federal Emergency Management Agency, and is co-chaired by the Departments of Commerce and State. The FY 1993 NDAA directs the Committee to "consult from time to time with representatives of producers, processors and consumers of the types of materials stored in the stockpile."

The National Defense Stockpile Administrator is proposing revisions to the previously approved FY 2005 Annual Materials Plan ("AMP") quantities for three materials: (1) Ferromanganese, from 50,000 Short Tons to 100,000 Short Tons; (2) Manganese ore (Metallurgical grade), from 250,000 Short Dry Tons to 500,000 Short Dry Tons, and (3) Tungsten ores and Concentrates, from 4,000,000 Pounds to 5,000,000 Pounds (contained tungsten). Significant supply shortfalls in global and domestic markets, at this time, necessitate an additional increase in the allotment of these materials for the FY 2005 AMP. The Committee is seeking public comments on the potential market impact of an increase to the previously approved material quantities to be offered for sale in the

FY 2005 AMP. Note: The proposed revisions must first be approved by the U.S. Congress.

The AMP quantities are not targets for either sale or disposal. They are only a statement of the proposed maximum disposal quantity of each listed material that may be sold in a particular fiscal year. The quantity of each material that will actually be offered for sale will depend on the market for the material at the time of the offering as well as on the quantity of each material approved for disposal by Congress.

The Committee requests that interested parties provide written comments, supporting data and documentation, and any other relevant information on the potential market impact of the sale of these AMP commodities. Although comments in response to this Notice must be received by July 26, 2004, to ensure full consideration by the Committee, interested parties are encouraged to submit comments and supporting information at any time thereafter to keep the Committee informed as to the market impact of the sale of these commodities. Public comments are an important element of the Committee's market impact review process.

Public comments received will be made available at the Department of Commerce for public inspection and copying. Anyone submitting business confidential information should clearly identify the business confidential portion of the submission and also provide a non-confidential submission that can be placed in the public file. The Committee will seek to protect such information to the extent permitted by law.

The records related to this Notice will be made accessible in accordance with the regulations published in Part 4 of Title 15 of the Code of Federal Regulations (15 CFR 4.1 *et seq.*). Specifically, the Bureau of Industry and Security's Freedom of Information Act ("FOIA") reading room is located on its Web page, which can be found at <http://www.bis.doc.gov>, and copies of the public comments received will be maintained at that location (see FOIA heading). If requesters cannot access the Web site, they may call (202) 482-2165 for assistance.

Dated: June 17, 2004.

BILLING CODE 3510-DR-P

**DEPARTMENT OF COMMERCE****International Trade Administration****[A-570-884]****Notice of Amended Antidumping Duty Order: Certain Color Television Receivers from the People's Republic of China**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** June 25, 2004.

**FOR FURTHER INFORMATION CONTACT:** Irina Itkin or Elizabeth Eastwood, Office of AD/CVD Enforcement, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-0656 or (202) 482-3874, respectively.

**SUPPLEMENTARY INFORMATION:****Amended Antidumping Duty Order**

On May 27, 2004, the International Trade Commission (the ITC) notified the Department of Commerce (the Department) of its final determination pursuant to section 735(b)(1)(A)(i) of the Tariff Act of 1930, as amended (the Act), that the industry in the United States producing certain color television receivers (CTVs) is materially injured by reason of less-than-fair-value imports of subject merchandise from the People's Republic of China (PRC). On June 3, 2004, in accordance with section 736(a) of the Act, the Department published the antidumping duty order on CTVs from the PRC. See *Antidumping Duty Order: Certain Color Television Receivers From the People's Republic of China*, 69 FR 31347 (June 3, 2004). However, the antidumping duty order contained ministerial errors in the scope section. Specifically, the scope inadvertently included the following: 1) the sentence 'Incomplete' CTVs are defined as unassembled CTVs with a color picture tube (i.e., cathode ray tube), printed circuit board or ceramic substrate, together with the requisite parts to comprise a complete CTV, when assembled," and 2) a sentence fragment at the end of the scope section, which reads "and parts or imports of assemblages of parts that comprise less than a complete CTV." As noted in the final determination, the Department has made no changes to the scope of this investigation in the course of this proceeding. See *Notice of Final Determination of Sales at Less Than Fair Value and Negative Final Determination of Critical Circumstances: Certain Color Television*

*Receivers From the People's Republic of China*, 69 FR 20594 (Apr. 16, 2004). The additional sentence and the sentence fragment were inadvertent typographical errors which constitute ministerial errors in accordance with 19 CFR 351.224(f). Consequently, this amended order is being published to correct the scope of the order.

**Scope of Order**

For purposes of this order, the term "certain color television receivers" includes complete and incomplete direct-view or projection-type cathode-ray tube color television receivers, with a video display diagonal exceeding 52 centimeters, whether or not combined with video recording or reproducing apparatus, which are capable of receiving a broadcast television signal and producing a video image. Specifically excluded from this order are computer monitors or other video display devices that are not capable of receiving a broadcast television signal.

The color television receivers subject to this order are currently classifiable under subheadings 8528.12.2800, 8528.12.3250, 8528.12.3290, 8528.12.4000, 8528.12.5600, 8528.12.3600, 8528.12.4400, 8528.12.4800, and 8528.12.5200 of the *Harmonized Tariff Schedule of the United States* (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

In accordance with section 736(a)(2) of the Act, the Department will instruct U.S. Customs and Border Protection to assess, upon further advice by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the U.S. price of the merchandise for all relevant entries of CTVs from the PRC, pursuant to the amended scope language, as discussed above.

This amended order is published in accordance with section 736(a) of the Act and 19 CFR 351.211.

Dated: June 21, 2004.

**DEPARTMENT OF COMMERCE****International Trade Administration****[A-570-822]****Certain Helical Spring Lock Washers From the People's Republic of China: Notice of Extension of Time Limit of Preliminary Results of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of extension of time limit of preliminary results of antidumping duty administrative review.

**SUMMARY:** The Department of Commerce (the Department) is extending the preliminary results in the antidumping duty administrative review of certain helical spring lock washers (lock washers) from the People's Republic of China (PRC) covering the period October 1, 2002, to September 30, 2003. This extension is made pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act).

**EFFECTIVE DATE:** June 25, 2004.

**FOR FURTHER INFORMATION CONTACT:**

Marin Weaver at (202) 482-2336, or Charles Riggle at (202) 482-0650, AD/CVD Enforcement Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

**Extension of Preliminary Results**

Section 751(a)(3)(A) of the Act requires the Department to complete the preliminary results within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month of an order/finding for which a review is requested and for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

**Background**

On November 28, 2003, the Department of Commerce (the Department) published a notice of initiation of administrative review of the antidumping duty order on lock washers from the PRC, covering the
