

Interested parties who wish to be added to the annual inquiry service list for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an order designate a lead attorney to be included on the annual inquiry service list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance*,¹⁶ the new annual inquiry service list will be in place until the following year, when the *Opportunity Notice* for the anniversary month of the order is published.

Commerce may update an annual inquiry service list at any time as needed based on interested parties' amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Changes or announcements pertaining to these procedures will be posted to the ACCESS website at <https://access.trade.gov>.

Special Instructions for Petitioners and Foreign Governments

In the *Final Rule*, Commerce stated that, "after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow."¹⁷ Accordingly, as stated above, the petitioners and foreign governments should submit their initial entry of appearance after publication of this notice in order to appear in the first annual inquiry service list. Pursuant to 19 CFR 351.225(n)(3), the petitioners and foreign governments will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and foreign governments are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

Notification to Interested Parties

This notice constitutes the antidumping duty orders with respect to boltless steel shelving from Malaysia, Taiwan, Thailand, and Vietnam pursuant to section 736(a) of the Act.

Interested parties can find a list of antidumping duty orders currently in effect at <https://www.trade.gov/data-visualization/adcvd-proceedings>.

The amended Taiwan final determination and these antidumping duty orders are published in accordance with sections 735(e) and 736(a) of the Act and 19 CFR 351.224(e) and 19 CFR 351.211(b).

Dated: June 3, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Orders

The scope of these orders covers boltless steel shelving units prepackaged for sale, with or without decks (boltless steel shelving). The term "prepackaged for sale" means that, at a minimum, the steel vertical supports (*i.e.*, uprights and posts) and steel horizontal supports (*i.e.*, beams, braces) necessary to assemble a completed shelving unit (with or without decks) are packaged together for ultimate purchase by the end-user. The scope also includes add-on kits. Add-on kits include, but are not limited to, kits that allow the end-user to add an extension shelving unit onto an existing boltless steel shelving unit such that the extension and the original unit will share common frame elements (*e.g.*, two posts). The term "boltless" refers to steel shelving in which the vertical and horizontal supports forming the frame are assembled primarily without the use of nuts and bolts, or screws. The vertical and horizontal support members for boltless steel shelving are assembled by methods such as, but not limited to, fitting a rivet, punched or cut tab, or other similar connector on one support into a hole, slot or similar receptacle on another support. The supports lock together to form the frame for the shelving unit, and provide the structural integrity of the shelving unit separate from the inclusion of any decking. The incidental use of nuts and bolts, or screws to add accessories, wall anchors, tie-bars or shelf supports does not remove the product from scope. Boltless steel shelving units may also come packaged as partially assembled, such as when two upright supports are welded together with front-to-back supports, or are otherwise connected, to form an end unit for the frame. The boltless steel shelving covered by these orders may be commonly described as rivet shelving, welded frame shelving, slot and tab shelving, and punched rivet (quasi-rivet) shelving as well as by other trade names. The term "deck" refers to the shelf that sits on or fits into the horizontal supports (beams or braces) to provide the horizontal storage surface of the shelving unit.

The scope includes all boltless steel shelving meeting the description above, regardless of: (1) vertical support or post type (including but not limited to open post, closed post and tubing); (2) horizontal support or beam/brace profile (including but

not limited to Z-beam, C-beam, L-beam, step beam and cargo rack); (3) number of supports; (4) surface coating (including but not limited to paint, epoxy, powder coating, zinc and other metallic coating); (5) number of levels; (6) weight capacity; (7) shape (including but not limited to rectangular, square, and corner units); (8) decking material (including but not limited to wire decking, particle board, laminated board or no deck at all); or (9) the boltless method by which vertical and horizontal supports connect (including but not limited to keyhole and rivet, slot and tab, welded frame, punched rivet and clip).

Specifically excluded from the scope are:

- wall-mounted shelving, defined as shelving that is hung on the wall and does not stand on, or transfer load to, the floor. The addition of a wall bracket or other device to attach otherwise freestanding subject merchandise to a wall does not meet the terms of this exclusion;
- wire shelving units, which consist of shelves made from wire that incorporates both a wire deck and wire horizontal supports (taking the place of the horizontal beams and braces) into a single piece with tubular collars that slide over the posts and onto plastic sleeves snapped on the posts to create the finished shelving unit;
- bulk-packed parts or components of boltless steel shelving units; and
- made-to-order shelving systems.

Subject boltless steel shelving enters the United States through Harmonized Tariff Schedule of the United States (HTSUS) statistical subheading 9403.20.0075. While the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of these orders is dispositive.

Large Diameter Welded Pipe From the People's Republic of China, India, Canada, Greece, the Republic of Korea, and the Republic of Türkiye: Final Results of the Expedited First Sunset Reviews of the Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of these expedited sunset reviews, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) orders on large diameter welded pipe (welded pipe) from the People's Republic of China (China), India, Canada, Greece, the Republic of Korea (Korea), and the Republic of Türkiye (Türkiye) would likely lead to

¹⁷ See *Final Rule*, 86 FR at 52335.

continuation or recurrence of dumping at the levels indicated in the “Final Results of Sunset Reviews” section of this notice.

DATES: Applicable June 7, 2024.

FOR FURTHER INFORMATION CONTACT:

Whitley Herndon, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6274.

SUPPLEMENTARY INFORMATION:

Background

On February 1, 2024, Commerce published the notice of initiation of the first sunset review of the AD orders on welded pipe from China, India, Canada, Greece, Korea, and Türkiye pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹

On February 16, 2024, the American Line Pipe Producers Association (ALPPA), a domestic interested party, notified Commerce of its intent to participate within the 15-day deadline specified in 19 CFR 351.218(d)(1)(i).² ALPPA claimed interested party status under section 771(9)(C) of the Act as producers of a domestic like product in the United States.

On March 4, 2024, Commerce received adequate substantive responses from ALPPA within the 30-day period specified in 19 CFR 351.218(d)(3)(i).³

¹ See *Initiation of Five-Year (Sunset) Reviews*, 88 FR 6499 (February 1, 2024) (*Initiation Notice*).

² See APPLA's Letters, “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from the People's Republic of China: Notice of Intent to Participate in Sunset Review;” “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from India: Notice of Intent to Participate in Sunset Review;” “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from Canada: Notice of Intent to Participate in Sunset Review;” “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from Greece: Notice of Intent to Participate in Sunset Review;” “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from Korea: Notice of Intent to Participate in Sunset Review;” and “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from Türkiye: Notice of Intent to Participate in Sunset Review,” each dated February 16, 2024.

³ See APPLA's Letters, “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from the People's Republic of China: Substantive Response to Notice of Initiation;” “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from India: Substantive Response to Notice of Initiation;” “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from Canada: Substantive Response to Notice of Initiation;” “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from Greece: Substantive Response to Notice of Initiation;” “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from Korea: Substantive Response to Notice of Initiation;” and “Large Diameter Welded Carbon and Alloy Steel Line and Structural Pipe from Turkey: Substantive Response to Notice of Initiation,” each dated March 4, 2024.

Commerce did not receive a substantive response from any government or respondent interested parties with respect to the orders covered by this sunset review. On February 21, 2024, Commerce notified the U.S. International Trade Commission that it did not receive substantive responses from any respondent interested parties.⁴ As a result, pursuant to section 751(c)(3)(8) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of these orders.

Scope of the Orders

The products covered by these orders are welded pipe from China, India, Canada, Greece, Korea, and Türkiye. For all full description of the scope of each of the orders, see the Issues and Decision Memorandum.⁵

Analysis of Comments Received

A complete discussion of all issues raised in these sunset reviews is provided in the accompanying Issues and Decision Memorandum.⁶ A list of the issues discussed in the Issues and Decision Memorandum is included as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of these orders would likely lead to the continuation or recurrence of dumping and that the magnitude of the dumping margins likely to prevail would be weighted-average margins up to: 132.63 percent for China; 50.55 percent for India; 12.32 percent for Canada; 10.26 percent for Greece; 20.39 percent for Korea; and 2.57 percent for Türkiye.⁷

⁴ See Commerce's Letter, “Sunset Reviews Initiated on February 1, 2024,” dated February 21, 2024.

⁵ See Memorandum, “Decision Memorandum for the Final Results of the Expedited First Sunset Review of the Antidumping Duty Order on Large Diameter Welded Pipe from the People's Republic of China, India, Canada, Greece, the Republic of Korea, and the Republic of Türkiye,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing the results in accordance with sections 751(c), 752(c), and 771(i)(1) of the Act and 19 CFR 351.218.

Dated: May 31, 2024.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules From the People's Republic of China: Final Results of the Expedited Second Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People's Republic of China (China) would likely to lead to the
