

Account in the Copyright Office," or write the Register of Copyrights, Copyright Office, Library of Congress, Washington, D.C. 20559.

(B) Credit cards, debit cards and electronic funds transfer. The online preregistration filing system will provide options for payment by means of credit or debit cards and by means of electronic funds transfers. Applicants will be redirected to the Department of Treasury's Pay.gov website to make payments with credit or debit cards, or directly from their bank accounts by means of ACH debit transactions.

(C) No refunds. The fee is not refundable.

(6) *Description*. No deposit of the work being preregistered should be submitted with an application for preregistration. The preregistration applicant should submit a detailed description, of not more than 2,000 characters (approximately 330 words), of the work as part of the application. The description should be based on information available at the time of the application sufficient to reasonably identify the work. The Copyright Office will not review descriptions for adequacy except in extreme cases, but in an action for infringement of a preregistered work, the court may evaluate the adequacy of the description to determine whether the preregistration actually describes the work that is alleged to be infringed, taking into account the information available to the applicant at the time of preregistration. For motion pictures such a description should include the following information to the extent known at the time of filing: subject matter, a summary or outline, the director, the primary actors, the principal location of filming, and any other information that would assist in identifying the particular work being preregistered. For sound recordings and for nondramatic musical works, the identifying description should include the following information to the extent known at the time of filing: the subject matter of the work or works recorded, the performer or performing group, the genre of the work recorded (e.g., classical, pop, musical comedy, soft rock, heavy metal, gospel, rap, hip-hop, blues, jazz), the titles of the musical compositions being recorded, the principal recording location, and the composer(s) of the recorded musical compositions embodied on the sound recording and any other information that would assist in identifying the particular work being preregistered.

(7) *Examination*. The Copyright Office will conduct only a limited examination of applications for preregistration, in

order to ascertain whether the application describes a work that is in a class of works that the Register of Copyrights has determined has had a history of infringement prior to authorized commercial release. However, a work will not be preregistered unless an applicant has provided all of the information requested on the application and has certified that all of the information provided on the application is correct to the best of the applicant's knowledge.

(8) *Notification of preregistration*. Upon completion of the preregistration, the Copyright Office will provide the claimant notification by email of the preregistration. The preregistration record will also be available to the public on the Copyright Office website, www.copyright.gov.

(9) *Effect of preregistration*. Preregistration of a work offers certain advantages to a copyright owner pursuant to 17 U.S.C. 411 and 412. However, preregistration of a work is not prima facie evidence of the validity of the copyright or of the facts stated in the application for preregistration or in the preregistration record. The fact that a work has been preregistered does not create any presumption that the Copyright Office will register the work upon submission of an application for registration.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you hold pesticide registrations. Pesticide users or other persons interested in the regulation of the sale, distribution or use of pesticides may also be interested in action. Potentially affected entities may include, but are not limited to:

- Producers of pesticide products (NAICS code 32532)
- Producers of antifoulant paints (NAICS code 32551)
- Producers of antimicrobial pesticides (NAICS code 32561)
- Producers of nitrogen stabilizer products (NAICS code 32531)
- Producers of wood preservatives (NAICS code 32519)

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. To determine whether you or your business may be affected by this action, you should carefully examine the applicability provisions of proposed § 155.40 of the regulatory text in the **Federal Register** of July 13, 2005 (70 FR 40251) (FRL-7718-4). If you have any questions regarding the applicability of this action to a particular entity, consult the person

listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2004-0404. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

II. Background

EPA is convening several public information sessions to explain the provisions of the proposed rule establishing procedural regulations for registration review. The proposed procedural regulations were published in the **Federal Register** of July 13, 2005. You may access this document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/> or from the Agency's E-docket at <http://www.epa.gov/edocket/> OPP-2004-0404. Registration review is the periodic review of a pesticide's registration to assure that each pesticide registration

continues to satisfy the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) standard for registration. The registration review program will replace the tolerance reassessment program and the reregistration program as the Agency's means for systematically reviewing existing pesticides.

The purpose of these meetings is to engage members of the public in a discussion of the proposed regulations and the proposed registration review program so that interested persons can make constructive and timely comments on the proposed rule. Staff from EPA's Office of Pesticide Programs will provide a general explanation of the registration review procedures and discuss, among other things, the Agency's goals and expectations for this program, proposed scheduling procedures, the proposed process for conducting a review, differences and similarities between reregistration and registration review, and stakeholder and public participation in the new registration review process. EPA will respond to questions that are raised during the meeting. However, in order for remarks to constitute official comments on the proposed rule, comments must be submitted in writing to the docket, as explained in Unit I. of this notice.

A 90-day comment period on the proposed procedural regulations will end on October 11, 2005. Instructions for submitting comments to docket OPP-2004-0404 are provided in the **Federal Register** notice of July 13, 2005 (70 FR 40251).

Please notify the person listed under **FOR FURTHER INFORMATION CONTACT** if you intend to attend one of these public information sessions. Your RSVP will help us plan appropriately. However, reservations are not required.

Office of Federal Procurement Policy

48 CFR Part 9904

Cost Accounting Standards Board; Accounting for the Costs of Employee Stock Ownership Plans (ESOPs) Sponsored by Government Contractors

AGENCY: Cost Accounting Standards Board, Office of Federal Procurement Policy, OMB.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Cost Accounting Standards Board (CASB), Office of Federal Procurement Policy, invites public comments on proposed amendments to the Cost Accounting Standards (CAS) 412, "Cost accounting standard for composition and measurement of pension cost," and CAS 415, "Accounting for the cost of deferred compensation." These proposed amendments address issues concerning the recognition of the costs of Employee Stock Ownership Plans (ESOPs) under Government cost-based contracts and subcontracts. These proposed amendments provide criteria for measuring the costs of ESOPs and their assignment to cost accounting periods. The allocation of a contractor's assigned ESOP costs to contracts and subcontracts is addressed in other Standards. The proposed amendments also specify that accounting for the costs of ESOPs will be covered by the provisions of CAS 415, "Accounting for the cost of deferred compensation" and not by any other Standard.

DATES: Comments must be in writing and must be received by September 20, 2005.

ADDRESSES: Due to delays in OMB's receipt and processing of mail, respondents are strongly encouraged to submit comments electronically to ensure timely receipt. Electronic comments may be submitted to casb2@omb.eop.gov. Please put the full body of your comments in the text of the electronic message and also as an attachment readable in either MS Word or Corel WordPerfect. Please include your name, title, organization, postal address, telephone number, and e-mail address in the text of the message. Comments may also be submitted by fax to (202) 395-5105. Please cite CASB Docket No. 00-03A in your comment.
