BILLING CODE 5001-08-M

DEPARTMENT OF DEFENSE

Department of the Navy

Record of Decision for Disposal and Reuse of the Marine Corps Air Station El Toro, Orange County and Irvine, CA

AGENCY: Department of the Navy, DoD.

ACTION: Notice of record of decision.

SUMMARY: Under the authority of the Defense Base Closure and Realignment Act of 1990, (DBCRA), the Department of the Navy (DON) announces its

decision to dispose of the former Marine Corps Air Station (MCAS) El Toro in a manner consistent with state and local land use plans, and in accordance with lawful disposal authorities, including public sale. In deciding to dispose of MCAS El Toro, the DON has determined that mixed land use is consistent with the Orange County General Plan, as recently amended by the passage of the Orange County Central Park and Nature Preserve Initiative (Measure W) on March 5, 2002, and the City of Irvine General Plan. Mixed land use also will meet the goals of local economic redevelopment and job creation set out in the DBCRA. This Record of Decision (ROD) leaves selection of the particular means to achieve redevelopment to the acquiring entity and the local zoning authorities.

SUPPLEMENTARY INFORMATION: MCAS El Toro was closed in July 1999 pursuant to the DBCRA. The MCAS El Toro property is located within central Orange County. The property is being managed by the DON as an inactive facility pending a decision regarding disposal and reuse. Approximately 424 acres of the MCAS El Toro property are located within the corporate boundaries of the city of Irvine. The remaining 4,314 acres are located within the unincorporated areas of Orange County. The existing airfield contains five runways and their associated parallel and connecting taxiway systems. The existing development on MCAS El Toro is generally clustered around the airfield; there are approximately 500 non-residential buildings, 1,188 family housing units, and 4,380 bachelor-housing units.

The DON goal is to help base closure communities achieve economic recovery through reuse and redevelopment of the assets at closing bases, taking into consideration local market conditions, redevelopment plans prepared by the designated Local Reuse Authority (LRA), and local land use plans. Thus, the DON has adopted a consultative approach with each closure community. As a part of this approach, the base closure community's interests, as reflected in its land use plans and zoning for the area, play a significant role in determining the range of alternatives considered in the environmental analysis for property disposal.

Excluded from this decision are 975-acres of excess property located in the northeast portion of MCAS El Toro. The DON transferred a 905-acre parcel to the Federal Aviation Administration (FAA) in December 2001 for use as an Airport Surveillance Radar facility and wildlife
