

ACTION: Regulatory review; extension of comment period.

SUMMARY: The Federal Trade Commission (“FTC” or “Commission”) extends the comment period for its Regulatory Review Notice regarding its Guides for the Use of Environmental Marketing Claims (“Green Guides” or “Guides”).

DATES: The deadline for comments on the document published on December 20, 2022 (87 FR 77766) is extended from February 21, 2023, to April 24, 2023.

FOR FURTHER INFORMATION CONTACT: Hampton Newsome (202–326–2889) or Julia Solomon Ensor (202–326–2377), Division of Enforcement, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington, DC 20580.

SUPPLEMENTARY INFORMATION: On December 20, 2022 (87 FR 77766), the Commission published a document initiating its review of the Green Guides as part of the Commission’s periodic review of all rules and guides to: (1) examine their efficacy, costs, and benefits; and (2) determine whether to retain, modify, or rescind them. The publication set the comment deadline as February 21, 2023.

Several interested parties have now requested a 60-day extension of the public comment period to conduct consumer survey research and account for issues such as the extensive range of issues involved with the review, significant market changes since the last review of the Guides, the fact that the comment period spanned the holiday season, and supply chain disruptions affecting commenting organizations.¹

The Commission agrees that allowing additional time for filing comments in response to the document would help facilitate the creation of a more complete record. The Commission has therefore decided to extend the comment period to April 24, 2023.

[Docket No. FDA–2023–F–0147]

Micro-Tracers, Inc.; Filing of Food Additive Petition

AGENCY: Food and Drug Administration, HHS.

ACTION: Notification of petition.

SUMMARY: The Food and Drug Administration (FDA or we) is announcing that we have filed a petition, submitted by Micro-Tracers, Inc., proposing that the food additive regulations be amended to permit the use of ethyl cellulose as a matrix scaffolding in tracers for use in feeds at no more than 0.09 grams per ton of feed (0.1 ppm).

DATES: The food additive petition was filed on December 12, 2022.

ADDRESSES: For access to the docket to read background documents or comments received, go to <https://www.regulations.gov> and insert the docket number found in brackets in the heading of this document into the “Search” box and follow the prompts, and/or go to the Dockets Management Staff, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

FOR FURTHER INFORMATION CONTACT: Megan Hall, Center for Veterinary Medicine, Food and Drug Administration, 7519 Standish Pl. (HFV–221), Rockville, MD 20855, 301–796–3801.

SUPPLEMENTARY INFORMATION: Under the Federal Food, Drug, and Cosmetic Act (section 409(b)(5) (21 U.S.C. 348(b)(5))), we are giving notice that we have filed a food additive petition (FAP 2316), submitted by Micro-Tracers, Inc., 1375 Van Dyke Ave., San Francisco, CA 94124. The petition proposes to amend Title 21 of the Code of Federal Regulations (CFR) in 21 CFR part 573, *Food Additives Permitted in Feed and Drinking Water of Animals*, to provide for the safe use of ethyl cellulose as a matrix scaffolding in tracers for use in feeds at no more than 0.09 grams per ton of feed (0.1 ppm).

The petitioner has claimed that this action is categorically excluded under

21 CFR 25.32(r) because it is of a type that does not individually or cumulatively have a significant effect on the human environment. In addition, the petitioner has stated that, to their knowledge, no extraordinary circumstances exist that may significantly affect the quality of the human environment. If FDA determines a categorical exclusion applies, neither an environmental assessment nor an environmental impact statement is required. If FDA determines a categorical exclusion does not apply, we will request an environmental assessment and make it available for public inspection.

Dated: February 1, 2023.

Lauren K. Roth,

Associate Commissioner for Policy.

Endangered and Threatened Wildlife and Plants; 90-Day Findings for Three Petitions To Delist the Grizzly Bear in the Lower-48 States

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notification of petition findings and initiation of status review.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce three 90-day findings on petitions to delist the grizzly bear in the lower-48 States (*Ursus arctos horribilis*) under the Endangered Species Act of 1973, as amended (Act). One petition requests delisting the grizzly bear in the lower-48 States, and the other two petitions request delisting populations in two specific ecosystems, the Northern

Continental Divide Ecosystem (NCDE) and the Greater Yellowstone Ecosystem (GYE). Based on our review, we find that the petitions pertaining to the two ecosystems present substantial scientific or commercial information indicating that the petitioned actions may be warranted. Therefore, with the publication of this document, we announce that we plan to initiate a status review to determine whether the petitioned actions are warranted. To ensure that the status review is comprehensive, we are requesting new scientific and commercial data and other information regarding the grizzly bear in the NCDE and GYE and factors that may affect its status in those ecosystems, including the adequacy of existing regulatory mechanisms to address threats now and in the foreseeable future. Based on the status review, we will issue a 12-month petition finding, which will address whether or not the petitioned actions are warranted, in accordance with the Act. If we ultimately do find that one or more of the petitioned actions is warranted and proceed to propose to delist one or more distinct population segments (DPSs), we will consider the effects of any proposed delisting on the ongoing recovery of the larger listed entity of grizzly bears. We also found that a petition to delist the grizzly bear in the lower-48 states on the basis of it not being a valid listable entity did not present substantial scientific or commercial information indicating that the petitioned actions may be warranted; therefore, we will take no further action on that petition.

DATES: The findings announced in this document were made on February 6, 2023.

ADDRESSES:

Supporting documents: A summary of the basis for the petition findings contained in this document is available on <https://www.regulations.gov> in Docket No. FWS–R6–ES–2022–0150. In addition, this supporting information is available by contacting the person specified in **FOR FURTHER INFORMATION CONTACT**.

Status reviews: If you have new scientific or commercial data or other information concerning the status of, or threats to, the grizzly bear in the NCDE and GYE or its habitats, particularly new information available since our March 30, 2021, 5-year status review, please provide those data or information by one of the following methods:

(1) *Electronically:* Go to the Federal eRulemaking Portal: <https://www.regulations.gov>. In the Search box, enter FWS–R6–ES–2022–0150, which is

the docket number for this action. Then, click on the “Search” button. After finding the correct document, you may submit information by clicking on “Comment.” If your information will fit in the provided comment box, please use this feature of <https://www.regulations.gov>, as it is most compatible with our information review procedures. If you attach your information as a separate document, our preferred file format is Microsoft Word. If you attach multiple comments (such as form letters), our preferred format is a spreadsheet in Microsoft Excel.

(2) *By hard copy:* Submit by U.S. mail to: Public Comments Processing, Attn: FWS–R6–ES–2022–0150, U.S. Fish and Wildlife Service, MS: PRB/3W, 5275 Leesburg Pike, Falls Church, VA 22041–3803.

We request that you send information only by the methods described above. Any information we receive during the course of our status review will be considered, and we will post all information we receive on <https://www.regulations.gov>. This generally means that we will post any personal information you provide us.
