RIN 1625–AA08; AA00

Special Local Regulations and Safety Zones; Coast Guard Sector Long Island Sound Annual and Recurring Safety Zone and Special Local Regulation Update

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is modifying the special local regulations and annual recurring marine events and safety zones regulations for firework displays and swim events in the Coast Guard Sector Long Island Sound Captain of the Port Zone. When enforced, these special local regulations and safety zones will restrict vessels from transiting regulated areas during certain annually recurring events. The special local regulations and safety zones are intended to expedite public notification and ensure the

protection of the maritime public and event participants from the hazards associated with certain marine events.

DATES: This rule is effective July 27, 2020.

§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

Swim events, fireworks displays, and marine events are held on an annual recurring basis on the navigable waters within the Coast Guard Sector Long Island Sound Captain of the Port (COTP) Zone. The Coast Guard has established special local regulations and safety zones for some of these annual recurring events on a case by case basis to ensure the protection of the maritime public and event participants from potential hazards. In the past, the Coast Guard has not received public comments or concerns regarding the impact to waterway traffic from regulations associated with these annually recurring events. Events were either added or deleted to the table of annual events based on their likelihood to recur in subsequent years. Additionally, minor changes to existing events such as position, date, or title, were made to ensure the accuracy of event details.

On April 21, 2020, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Special Local Regulations and Safety Zones; Coast Guard Sector Long Island Sound Annual and Recurring Safety Zone and Special Local Regulation Update (85 FR 22049). There we stated why we issued the NPRM and invited comments on our proposed regulatory action. During the comment period that ended on May 21, 2020, we received five comments.

III. Legal Authority and Need for Rule

The Coast Guard issues this rulemaking under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The COTP Sector Long Island Sound is amending 33 CFR 100.100 Special Local Regulations; Regattas and Boat Races in the Coast Guard Sector Long Island Sound Captain of the Port Zone, Table to § 100.100 and 33 CFR 165.151 Safety Zones; Fireworks Displays, Air Shows, and Swim Events in the Captain of the Port Long Island Sound Zone, Table to § 165.151.

The marine events listed therein include air shows, fireworks displays, and other marine related events requiring a limited access area restricting vessel traffic for safety purposes. The amendments to the tables will more accurately reflect the dates of marine events based on historical occurrences.

The rule applies to the annual recurring events listed in the Table to 100.100 and Table 165.151 in 33 CFR. The tables provide the event name and the locations of the events. Notifications will be made to the local maritime community through all appropriate means such as Local Notice to Mariners and Broadcast Notice to Mariners well in advance of the events. If the event does not have a date listed, then exact dates and times of the enforcement period will be announced through a Notice of Enforcement in the **Federal Register**.

This rule expands date ranges for marine events listed in 33 CFR parts 100 and 165 with the goal of significantly reducing the administrative burden on personnel. This rule is also removes four marine events from 33 CFR 165.151.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received five comments on our NPRM published April 21, 2020. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

Two comments were general questions regarding the marking of fireworks safety zones. This rule expands the date ranges for events that are published in 33 CFR parts 100 and 165. In past years, some of these events fell outside the date range published in the CFR. In those circumstances, the Coast Guard would have to publish a temporary rule in the **Federal Register** with the revised date. Making these changes will better align the date ranges with the events and will also reduce the Coast Guard’s administrative burden associated with publishing a temporary

rule to reflect the revised date. Each marine event will have its own safety plan which will require the Coast Guard's review and validation. Each safety plan validated within the Sector Long Island Sound COTP Zone is unique to the individual event for which it has been submitted. Each event, therefore, will have individual methods and rules for marking boundaries, routes, and ensuring safe areas for their respective events.

A third comment questioned the mechanism for notifying the public of enforcement dates and the process for reviewing marine events and also communicated concerns related to COVID-19 and the associated challenges. This rule merely amends the date range for specific events listed in 33 CFR part 100 and 165. It is not a confirmation that the event will actually take place. For all marine events, including those listed in the CFR, the event sponsor is required to submit a marine event application. The Coast Guard reviews and considers each application individually and maintains the authority to approve or disapprove each event based on available and relevant information regardless of the event's listing in the CFR. If and when a marine event application is approved, the Coast Guard notifies the public of the event by a Broadcast Notice to Mariners, Local Notice to Mariners, and/or by Notice of Enforcement.

A fourth comment questioned the Coast Guard's consideration of small entities in the development of this rule. As stated above, this rule changes the date range only for specific events, all of which have already undergone the process of public review and notification. The regulations' effect on small entities was considered during the original comment period for each event.

A fifth comment was not relevant to this rulemaking.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not

been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the revisions only being administrative in nature.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule is amending 33 CFR 100 and 165. The amendments in question will have no impact on any small businesses outside of those already noted (if any) in previous rulemaking. To ensure the public is aware of the enforcement of the any regulations, the Coast Guard will issue a notice of the time and location of each regulated area through a Notice of Enforcement, Local Notice to Mariners, or Broadcast Notice to Mariners, as appropriate.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves special local regulations for various one-day marine events and safety zones for fireworks displays and one day swimming events. Normally such actions are categorically excluded from further review under paragraph L60 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Memorandum for Record of Environmental Consideration supporting this determination is

available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
