

and Central GOA trawl C/Ps, 11 a.m. to 12:30 p.m. Pacific daylight savings time; and Pacific cod longline C/Ps, 1 p.m. to 2:30 p.m. Pacific daylight savings time.

ADDRESSES: The workshop will be held at the International Pacific Halibut Commission (IPHC) Seattle Office, 2320 West Commodore Way, Suite 300, Seattle, WA. Directions to the IPHC are on its Web site at <http://www.iphc.int/component/content/article/135-new-office.html>.

FOR FURTHER INFORMATION CONTACT: Alan Kinsolving, 928-774-4362 or Jennifer Watson, 907-586-7537.

SUPPLEMENTARY INFORMATION: NMFS is developing proposed revisions to the at-sea scales program for C/Ps and motherships that are required to weigh catch at sea. NMFS is considering three major changes to current regulations. First, NMFS is proposing to change regulations concerning daily scale testing and require electronic reporting of daily scale test results. Second, scales used to weigh catch would need electronics capable of logging and printing the frequency and magnitude of scale calibrations as well as the time and date of each scale fault and scale startup. Finally, NMFS is proposing to require that the area around the scale be monitored using video. These changes are being proposed to reduce the possibility of scale tampering, to improve the accuracy of catch estimation by the C/P and mothership sector, and to revise technical regulations that are no longer applicable.

The workshop—to be held Friday, May 16, 2014 (see DATES section for the specific times of the three sessions)—is open to the public, but NMFS is particularly seeking participation by those who are knowledgeable about the operations of the three groups of vessels described above and who can discuss with NMFS the potential operational impacts of proposed monitoring requirements.

Special Accommodations

The workshop will be physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Jennifer Watson, 907-586-7537, at least 10 working days prior to the meeting date.

National Environmental Policy Act Categorical Exclusions

AGENCY: National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice.

SUMMARY: The First Responder Network Authority (FirstNet) publishes this notice of its categorical exclusions (CEs) of actions that FirstNet has determined

do not individually or cumulatively have a significant effect on the human environment and, thus, should be categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement under the National Environmental Policy Act (NEPA).

DATES: These categorical exclusions become effective on April 29, 2014.

ADDRESSES: A complete set of comments filed in response to the *First Responder Network Authority: National Environmental Policy Act Implementing Procedures and Categorical Exclusions* published on January 6, 2014, is available at: <http://www.ntia.doc.gov/federal-register-notice/2014/comments-notice-firstnet-categorical-exclusions>.

The FirstNet categorical exclusions and the supporting administrative record for these categorical exclusions is available at: <http://www.ntia.doc.gov/category/firstnet>.

SUPPLEMENTARY INFORMATION:

I. National Environmental Policy Act

The National Environmental Policy Act of 1969 (42 U.S.C. 4321-4347) (NEPA) requires federal agencies to undertake an assessment of environmental effects of their proposed actions prior to making a final decision and implementing the action. NEPA requirements apply to any federal project, decision, or action that may have a significant impact on the quality of the human environment. NEPA also establishes the Council on Environmental Quality (CEQ), which issued regulations implementing the procedural provisions of NEPA as codified in 40 CFR Parts 1500-1508. Among other considerations, CEQ regulations require federal agencies to adopt their own implementing procedures to supplement the Council's regulations, and to establish and use "categorical exclusions" to define categories of actions that do not individually or cumulatively have a significant effect on the human environment. Thus, such actions do not require preparation of an environmental assessment or an environmental impact statement as required by NEPA.

The Middle Class Tax Relief and Job Creation Act of 2012 (Pub. L. 112-96, 126 Stat. 156 (2012)) (Act) created and authorized FirstNet to take all actions
