These cash deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

We intend to disclose the calculations performed to parties within five days after public announcement of the preliminary results.¹³ Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than seven days after the date for filing case briefs.¹⁴ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) a statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities.¹⁵ Executive summaries should be limited to five pages total, including footnotes. Case and rebuttal briefs should be filed using ACCESS¹⁶ and must be served on interested parties.¹⁷ Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁸

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. An electronically-filed document must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues

raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined.

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: June 30, 2022.

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review; 2020-2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that Shanghai Tainai Bearing Co., Ltd. (Tainai) has made sales of tapered roller bearings and parts thereof, finished and unfinished, (TRBs) from the People's Republic of China (China) at less than normal value (NV) during the period of review (POR), June 1, 2020, through May 31, 2021. The administrative review covers 11 companies; however, based on timely withdrawal of requests for review, we are now rescinding this administrative review with respect to two of these companies. Additionally, we find that Tainai and Zhejiang Jingli Bearing Technology Co., Ltd. (Jingli) have each demonstrated that they are eligible for a separate rate. Interested parties are invited to comment on these preliminary results.

DATES: Applicable July 8, 2022.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 2021, Commerce published a notice of initiation of an administrative review of the antidumping duty (AD) order on TRBs from China covering the period June 1, 2020, through May 31, 2021, with respect to 11 companies.¹

For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.² A

list of topics discussed in the Preliminary Decision Memorandum is included in the appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Partial Rescission

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if all parties who requested the review withdraw their requests within 90 days of the date of publication of notice of initiation of the requested review. Changshan Peer Bearing Co., Ltd. (CPZ) and GGB Bearing Technology (Suzhou) Co., Ltd. (GGB) timely withdrew their requests for an administrative review. No other party requested a review of these companies. Accordingly, we are rescinding this review, in part, with respect to CPZ and GGB, pursuant to 19 CFR 351.213(d)(1).

Scope of the Order

Imports covered by the *Order* are shipments of tapered roller bearings and parts thereof, finished and unfinished, from China; flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without spindles, whether or not for automotive use. These products are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 8482.20.00, 8482.91.00.50, 8482.99.15, 8482.99.45, 8483.20.40, 8483.20.80, 8483.30.80, 8483.90.20, 8483.90.30, 8483.90.80, 8708.70.6060, 8708.99.2300, 8708.99.4850, 8708.99.6890, 8708.99.8115, and 8708.99.8180. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Order* is dispositive.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). For a full description of the methodology underlying our

preliminary results, see the Preliminary Decision Memorandum.³

China-Wide Entity

C&U Group Shanghai Bearing Co., Ltd. (C&U Group); Hangzhou C&U Automotive Bearing Co., Ltd. (C&U Automotive); Hangzhou C&U Metallurgy Bearing Co., Ltd. (C&U Metallurgy); Hebei Xintai Bearing Forging Co., Ltd. (Hebei Xintai); Huangshi C&U Bearing Co., Ltd. (Huangshi C&U); Sichuan C&U Bearing Co., Ltd. (Sichuan C&U); and Xinchang Newsun Xintianlong Precision Bearing Manufacturing Co., Ltd. (XTL) did not submit separate rate applications or recertify their eligibility for a separate rate; therefore, each company has failed to establish their eligibility for a separate rate as a result of this administrative review. Commerce preliminarily determines that these companies are not eligible for a separate rate and are a part of the China-wide entity.

Under Commerce's current policy regarding the conditional review of the China-wide entity, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the China-wide entity. Because no party requested a review of the China-wide entity in this review, the China-wide entity is not under review, and the weighted-average dumping margin determined for the China-wide entity rate is therefore not subject to change and continues to be 92.84 percent.⁴

Rate for Non-Examined Companies That Are Eligible for a Separate Rate

Commerce calculated an individual weighted-average dumping margin for Tainai, the only company individually examined in this administrative review. Because the only individually calculated weighted-average dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, the weighted-average dumping margin calculated for Tainai is the basis to determine the weighted-average dumping margin for the separate rate, non-examined companies, consistent with section 735(c)(5)(A) of the Act, which provides for the determination of the estimated weighted-average dumping margin for all other producers and exporters in an investigation.

As indicated in the "Preliminary Results of Review" section below, we

preliminarily determine that a weighted-average dumping margin of 36.03 percent applies to Jingli, the only company not selected for individual examination that is eligible for a separate rate. For further information, see the Preliminary Decision Memorandum at "Weighted-Average Dumping Margin for the Separate Rate Companies."

Preliminary Results of Review

Commerce preliminarily determines that the following weighted-average dumping margins exist for the period June 1, 2020, through May 31, 2021:

Exporter	Weighted-average dumping margin (percent)
Shanghai Tainai Bearing Co., Ltd	36.03
Zhejiang Jingli Bearing Technology Co., Ltd	36.03

Disclosure

Commerce will disclose calculations performed for these preliminary results to the representatives of interested parties that have access to business proprietary information under the Administrative Protective Order within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results.⁵ Rebuttals to case briefs may be filed no later than seven days after case briefs are filed, and all rebuttal briefs must be limited to comments raised in the case briefs.⁶ Parties who submit comments are requested to submit with the argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁷

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant

Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing.⁸

All submissions must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by 5:00 p.m. Eastern Time on the established due date. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.⁹

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include the results of its analysis of all issues raised in the case briefs, within 120 days after the date of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.¹⁰

Verification

As provided in section 782(i)(3) of the Act, Commerce verified the information relied upon in making its preliminary results with respect to Tainai.¹¹ Normally, Commerce verifies information using standard procedures, including an on-site examination of original accounting, financial, and sales documentation. However, due to travel restrictions in response to the global COVID-19 pandemic, Commerce was unable to conduct on-site verification in this review. Accordingly, we issued a questionnaire in lieu of on-site verification. We intend to rely on Tainai's response to our verification questionnaire for the final results.

Assessment Rates

Upon issuance of the final results of the administrative review, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate

entries covered by this review.¹² Commerce intends to issue assessment instructions to CBP no earlier than 35 days after date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

For each individually examined respondent in this review whose weighted-average dumping margin in the final results of review is not zero or *de minimis* (*i.e.*, less than 0.5 percent), Commerce intends to calculate importer-specific assessment rates for antidumping duties, in accordance with 19 CFR 351.212(b)(1).¹³ Where the respondent reported reliable entered values, Commerce intends to calculate importer-specific *ad valorem* assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer and dividing this amount by the total entered value of the merchandise sold to the importer.¹⁴ Where the respondent did not report entered values, Commerce will calculate importer-specific assessment rates by dividing the amount of dumping for reviewed sales to the importer by the total quantity of those sales. Commerce will calculate an estimated *ad valorem* importer-specific assessment rate to determine whether the per-unit assessment rate is *de minimis*; however, Commerce will use the per-unit assessment rate where entered values were not reported.¹⁵ Where an importer-specific *ad valorem* assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁶ Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by Tainai for which it did not know that the merchandise it sold to the intermediary (*e.g.*, a reseller, trading company, or

exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the China-wide rate¹⁷ if there is no rate for the intermediate company(ies) involved in the transaction.¹⁸

For the final results, if we continue to treat the C&U Group; C&U Automotive; C&U Metallurgy; Hebei Xintai; Huangshi C&U; Sichuan C&U; and XTL as part of China-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 92.84 percent, the weighted-average dumping margin previously established for the China-wide entity,¹⁹ to all entries of subject merchandise during the POR that were exported by these companies.

For Jingli, the company that is receiving a separate rate and was not individually examined, its assessment rate will be equal to the weighted-average dumping margin determined in the final results of this review.

For CPZ and GGB, the companies for which the administrative review is rescinded, antidumping duties shall be assessed at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for the exporters listed above that have a separate rate, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is zero or *de minimis*, then a cash deposit rate of zero will be established for that company); (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that are currently eligible for a separate rate, the cash deposit rate will continue to be equal to the exporter-specific weighted-average dumping margin published for the most recently

completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the cash deposit rate established for the China-wide entity, 92.84 percent; and (4) for all exporters of subject merchandise that are not located in China and that are not eligible for a separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter(s) that supplied that non-Chinese exporter.

These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1), 751(a)(2)(B), and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of Mexico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of modification to expiration date of Letter of Authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA), as amended, its implementing regulations, and NMFS' MMPA Regulations for Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of Mexico, notification is hereby given that a Letter of Authorization (LOA) has been re-issued to W&T Offshore Inc. (W&T) for the take of marine mammals incidental to geophysical survey activity in the Gulf of Mexico.

DATES: The Letter of Authorization is effective through August 1, 2022.

ADDRESSES: The LOA, LOA request, and supporting documentation are available online at: www.fisheries.noaa.gov/action/incidental-take-authorization-oil-and-gas-industry-geophysical-survey-activity-gulf-mexico. In case of problems accessing these documents, please call the contact listed below (see **FOR FURTHER INFORMATION CONTACT**).

FOR FURTHER INFORMATION CONTACT: Kim Corcoran, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect

the species or stock through effects on annual rates of recruitment or survival.

Except with respect to certain activities not pertinent here, the MMPA defines "harassment" as: any act of pursuit, torment, or annoyance which (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering (Level B harassment).

On January 19, 2021, we issued a final rule with regulations to govern the unintentional taking of marine mammals incidental to geophysical survey activities conducted by oil and gas industry operators, and those persons authorized to conduct activities on their behalf (collectively "industry operators"), in Federal waters of the U.S. Gulf of Mexico (GOM) over the course of 5 years (86 FR 5322; January 19, 2021). The rule was based on our findings that the total taking from the specified activities over the 5-year period will have a negligible impact on the affected species or stock(s) of marine mammals and will not have an unmitigable adverse impact on the availability of those species or stocks for subsistence uses. The rule became effective on April 19, 2021.

Our regulations at 50 CFR 217.180 *et seq.* allow for the issuance of LOAs to industry operators for the incidental take of marine mammals during geophysical survey activities and prescribe the permissible methods of taking and other means of effecting the least practicable adverse impact on marine mammal species or stocks and their habitat (often referred to as mitigation), as well as requirements pertaining to the monitoring and reporting of such taking. Under 50 CFR 217.186(e), issuance of an LOA shall be based on a determination that the level of taking will be consistent with the findings made for the total taking allowable under these regulations and a determination that the amount of take authorized under the LOA is of no more than small numbers.

NMFS issued an LOA to W&T and its designee, Echo Offshore, LLC (Echo), on November 19, 2021, for the take of marine mammals incidental to an archaeological and geohazards survey in the Eugene Island Area, Block EI389 and portions of Blocks EI385 and EI386, and in the Ewing Bank Area, in the E/2 portion of Block EW979. Please see the **Federal Register** notice of issuance (86 FR 67449; November 26, 2021) for
