

containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the official public docket.

Public comments submitted on computer disks that are mailed or delivered to the EPA Docket Center will be transferred to E-Docket. Public comments that are mailed or delivered to the EPA Docket Center will be scanned and placed in E-Docket. Where practical, physical objects will be photographed, and the photograph will be placed in E-Docket with a brief description written by the docket staff.

You may submit comments electronically, by mail, by facsimile, or by hand delivery/courier. To ensure proper receipt by EPA, include the appropriate docket identification number with your submission. Please ensure that your comments are submitted within the specified comment period. Comments received after the closing date will be marked "late," and may only be considered if time permits.

If you submit comments electronically, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any submitted disk or CD-ROM, and in any cover letter accompanying the disk or CD-ROM. This ensures that you can be identified as the person submitting the comment and allows EPA to contact you in case the Agency cannot read your submission due to technical difficulties or needs further information on the substance of your comment. EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in E-Docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, it may delay or preclude consideration of your comment.

Electronic submission of comments to E-Docket is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket>, and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and then key in Docket ID No. ORD-2005-0022. The system is an

"anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

Comments may be sent by electronic mail (e-mail) to ORD.Docket@epa.gov, Attention Docket ID No. ORD-2005-0022. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's E-Docket, EPA's e-mail system automatically captures your e-mail address, and it becomes part of the information in the official public docket and in E-Docket.

You may submit comments on a disk or CD-ROM that you mail to the OEI Docket mailing address. Files will be accepted in WordPerfect, Word, or PDF format. Avoid the use of special characters and any form of encryption.

If you provide comments in writing, please submit one unbound original with pages numbered consecutively, and three copies of the comments. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies.

Dated: July 22, 2005.

Peter W. Preuss,

Director, National Center for Environmental Assessment.

BILLING CODE 6715-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[Program Announcement AA173]

A Cooperative Agreement for the Interstitial Cystitis Association To Develop and Implement a Program To Enhance Interstitial Cystitis Public and Health Provider Awareness Through Partnership, Education and Communication; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2005 funds for a cooperative agreement program to promote public awareness and partnership, provide interstitial cystitis (IC) education for the general public and for health care providers, and develop and enhance communication channels to allow for improved interaction and information sharing among those with IC, advocates for persons with IC and their families, those who provide care and services for persons with IC, researchers, public health scientists, and the general public. The Catalog of Federal Domestic Assistance number for this program is 93.283.

B. Eligible Applicant

Assistance will be provided only to Interstitial Cystitis Association, 110 N. Washington Street, Suite 340, Rockville, MD 20850.

Founded in 1984, The Interstitial Cystitis Association (ICA) is a not-for-profit health organization and the national leader dedicated to providing patient and physician educational information and programs, patient support, public awareness and, most importantly, research funding for IC. ICA is the *only* not-for-profit national IC organization that promotes and provides funding for much needed IC research. This characteristic of ICA's organization is unmatched by any other public or private IC health organization currently conducting similar activities in the United States. The primary mission of ICA is to research a cure and treatment for IC and provide information and
