Title of Information Collection: The National Evaluation of the Rural/ Frontier Women's Health Coordinator Center Program.

Form/OMB No.: 0990—New.

Use: The Department of Health and Human Services Office on Women's Health (OWH) is seeking clearance to conduct data collection efforts as part of the National Evaluation of the Rural/ Frontier Coordinating Center (RFCC) program. The Office on Women's Health funded the creation of three RFCCs in September 2004, and awarded eight additional RFCC contracts in fiscal year 2005. The impetus for creating the RFCCs was to, "identify, coordinate, and leverage the network of existing resources to provide a full range of culturally and linguistically appropriate health services to women and their families. To effectively meet the numerous health care needs of this diverse population, rural health providers must not only offer comprehensive health care services but also integrate these services to maximize awareness, access, and quality. RFCCs were created to accomplish this task. Evaluating the effectiveness of RFCCs is essential for determining whether these centers are the best vehicles for "coordinating and leveraging new and existing resources for women's health in rural and frontier communities." The OWH is seeking to evaluate all eleven RFCCs. This evaluation will also enable the OWH to determine how well RFCCs are facilitating access to integrated and comprehensive primary care services to women and their families residing in rural and frontier regions of the U.S.
