

satisfy the requirements in Section 549 of the Fiscal Year (FY) 2022 National Defense Authorization Act (NDAA), which requires the Secretary of Defense to conduct a study to identify initial entry points through which military family members may seek information or support relating to domestic abuse or child abuse and neglect. The study is an environmental scan and is not intended to be an exhaustive investigation. Military Community Advocacy, Military Community and Family Policy, has authorized Deloitte Consulting to collect information in response to this congressionally mandated task as stipulated in Technical Direction Document 0008, under the Common Services Effort core contract (Contract Number HDQMWR-20-F-0035). The information collection will contribute to DoD and the United States Congress' objective and efforts to improve the prevention of and response to family and interpersonal violence and maladaptive behavior. The end result will be an itemized list of existing Armed Forces or DoD initial entry points through which military family members may seek information or support relating to domestic abuse and child abuse and neglect and the identification of other existing or potential routes through which such family members may seek information or support. The Secretary of Defense will provide these results to the Committees on Armed Services of the Senate and the House of Representatives not later than one year after the date of enactment of the FY 2022 NDAA.

It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Title of Collection: Higher Education Emergency Relief Fund (HEERF) (a)(2) Construction, Renovation, & Real Property Projects Prior Approval Request Form.

OMB Control Number: 1840-0861.

Type of Review: A new information collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Private Sector.

Total Estimated Number of Annual Responses: 1,200.

Total Estimated Number of Annual Burden Hours: 600.

Abstract: The Consolidated Appropriations Act, 2022 (Pub. L. 117-103) signed by the President on March 15, 2022, provides new flexibilities and

requirements around using HEERF (a)(2) grant funds for construction, renovation, and real property projects as a result of Congress expanding the allowable uses of funds under the HEERF (a)(2) programs. This collection includes the required prior approval form that must be completed by eligible institutions seeking to use (a)(2) funds for this purpose.

The Department requested emergency processing to be able to process the prior approval requests institutions are required to submit to commence a construction, renovation or real property project in a timely manner. Due to the potential lengthened timeline associated with the construction, renovation, and real property projects, the Department has determined that it is necessary to obtain the required information from the institutions to use the (a)(2) funding stream for this purpose as required by Uniform Guidance. Without approval of the HEERF (a)(2) Prior Approval Request Form, institutions will be forced to delay the construction, renovation and real property projects which “prevent, prepare for, and respond to coronavirus.” Any delay in the submission of requests could jeopardize the timelines as institutions will not have sufficient time to complete the construction, renovation, and real property projects prior to Account Closing Regulation, which is September 30, 2028. This means all remaining funds unspent by institutions must be returned to the U.S. Department of Treasury.
