9000–0067, Certain Federal Acquisition Regulation Part 16 Contract Pricing Requirements.

B. Need and Uses

This clearance covers the information that contractors must submit to comply with the following FAR requirements:

- *FAR 52.216–2, Economic Price Adjustment—Standard Supplies; FAR 52.216–3, Economic Price Adjustment—Semistandard Supplies; and FAR 52.216–4, Economic Price Adjustment—Labor and Material.* These clauses require contractors on contracts that provide for economic price adjustments to promptly notify the contracting officer of any increases or decreases to established prices or labor rates (including fringe) because of certain contingencies, such as increases or decreases to established catalog or market prices or changes to cost indexes for labor or materials.

The contracting officer uses the information provided by the contractor to negotiate price adjustments under the contract due to the contingency specified in the contract.

- *FAR 52.216–5, Price Redetermination—Prospective.*

Paragraph (c) of this clause requires a contractor on a fixed-price contract with prospective price redetermination to submit to the Government (within an agreed upon timeframe) a statement of costs incurred for the most recent period of performance, the proposed prices for the upcoming contract period, and any supporting or relevant documentation. Per paragraph (h) of this clause, during periods where firm prices have not been established, the contractor must also submit quarterly statements that includes a breakdown of total contract prices, costs, and profit incurred and all invoices accepted for delivered items or services for which final prices have not been established.

The contracting officer uses the information to negotiate/redetermine fair and reasonable prices for supplies and services that may be delivered or performed under the contract in the period following the effective date of price redetermination.

- *FAR 52.216–6, Price Redetermination—Retroactive.*

Paragraph (c) of this clause requires a contractor on a fixed-ceiling-price contract with retroactive price redetermination to submit to the Government (within an agreed upon timeframe after completion of the contract) the proposed prices, all costs

incurred in performing the contract, and any supporting or relevant documentation. Per paragraph (g) of this clause, until final price redetermination has been completed, the contractor must also submit a quarterly statement that includes a breakdown of total contract prices, costs, and interim profit incurred and all invoices accepted for delivered items.

The contracting officer uses the information provided by the contractor to negotiate/redetermine fair and reasonable prices for supplies and services that have already been delivered or performed under the contract.

- *FAR 52.216–16, Incentive Price Revision—Firm Target; and FAR 52.216–17, Incentive Price Revision—Successive Targets.* These clauses require contractors on fixed price incentive (firm or successive target) contracts to submit to the Government on a quarterly basis a statement regarding total contract prices, costs, portions of interim profit, and amounts of invoices or vouchers for completed work that is cumulative from the beginning of the contract (see 52.216–16(g) and 52.216–17(i)). Upon final delivery of supplies or completion of services for covered line items, the contractor is required to submit a detailed statement of all costs incurred up to the end of that month in performing all work under the items; an estimate of costs of further performance, if any, that may be necessary to complete performance of all work under the items; a list of all residual inventory and an estimate of its value; and any other relevant data that the Contracting Officer may reasonably require (see 52.216–16(c) and 52.216–17(e)). Paragraph (c) of 52.216–17 also requires submission of data for establishing the firm fixed price or a final profit adjustment formula.

The contracting officer uses the information provided by the contractor to evaluate the contractor's performance in meeting the incentive target and to negotiate the final prices of incentive-related items and services.

SUPPLEMENTARY INFORMATION:

A. OMB Control Number, Title, and Any Associated Form(s)

9000–0007, Subcontracting Plans.

B. Need and Uses

This clearance covers the information
that offerors and contractors must
submit to comply with the requirements

in Federal Acquisition Regulation (FAR)
52.219–9, Small Business
Subcontracting Plans, regarding
subcontracting plans as follows:

1. Subcontracting plan. In accordance
with section 8(d) of the Small Business
Act (15 U.S.C. 637(d)), contractors
receiving a contract that is expected to
exceed, or a contract modification that
causes a contract to exceed, \$750,000
(\$1.5 million for construction of a
public facility) and has subcontracting
possibilities, shall submit an acceptable
subcontracting plan that provides
maximum practicable opportunities for
small business, veteran-owned small
business, service-disabled veteran-
owned small business, HUBZone small
business, small disadvantaged business,
and women-owned small business
concerns. Specific elements required to
be included in the plan are specified in
section 8(d) of the Small Business Act
and implemented in FAR subpart 19.7
and the clause at FAR 52.219–9.

2. Summary Subcontract Report
(SSR). In conjunction with the
subcontracting plan requirements,
contractors with subcontracting plans
must submit an annual summary of
subcontracts awarded as prime and
subcontractors for each specific Federal
Government agency. Contractors submit
the information in an SSR through the
Electronic Subcontracting Reporting
System (eSRS). This is required for all
contractors with subcontracting plans
regardless of the type of plan (*i.e.*,
commercial or individual).

3. Individual Subcontract Report
(ISR). In conjunction with the
subcontracting plan requirements,
contractors with individual
subcontracting plans must submit semi-
annual reports of their small business
subcontracting progress. Contractors
submit the information through eSRS in
an ISR, the electronic equivalent of the
Standard Form (SF) 294, Subcontracting
Report for Individual Contracts.
Contractors with contracts that are not
reported in the Federal Procurement
Data System (FPDS), in accordance with
FAR 4.606(c)(5), do not submit ISRs in
eSRS; instead, they will continue to use
the SF 294 to submit the information to
the agency.

4. Written explanation for not using a
small business subcontractor as
specified in the proposal or
subcontracting plan. Section 1322 of the
Small Business Jobs Act of 2010 (Jobs
Act), Public Law 111–240, amends the
Small Business Act (15 U.S.C. 637(d)(6))

to require, as part of a subcontracting
plan, that a prime contractor make a
good faith effort to utilize a small
business subcontractor during
performance of a contract to the same
degree the prime contractor relied on
the small business in preparing and
submitting its bid or proposal. If a prime
contractor does not utilize a small
business subcontractor as described
above, the prime contractor is required
to explain, in writing, to the contracting
officer the reasons why it is unable to
do so.

C. Annual Burden

Respondents: 30,365.

Total Annual Responses: 49,296.

Total Burden Hours: 112,704.

D. Public Comment

A 60-day notice was published in the
Federal Register at 89 FR 97004, on
December 6, 2024. Comments were
received from a respondent; however,
they did not change the estimate of the
burden.

Comment: The respondent
recommended removing the
requirement for subcontracting plans in
Federal contracting. The respondent
stated that the “process of creating,
maintaining, and reporting
subcontracting plans imposes
significant administrative burdens
without a corresponding benefit that
cannot already be achieved through
existing reporting mechanisms.”

Response: The respondent’s input is
appreciated. Subcontracting plans and
subcontracting plan reporting are
required by section 8(d) of the Small
Business Act (15 U.S.C. 637(d)).
Therefore, changes to the information
collected would require a change to the
underlying statute.

Obtaining Copies: Requesters may
obtain a copy of the information
collection documents from the GSA
Regulatory Secretariat Division by
calling 202–501–4755 or emailing

Plans.
