

Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

Issued on: October 8, 2009.

Larry W. Minor,

Associate Administrator for Policy and Program Development.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-1998-4334; FMCSA-2000-7165; FMCSA-2002-13411; FMCSA-2005-20560; FMCSA-2006-25246; FMCSA-2007-27897]

Qualification of Drivers; Exemption Renewals; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA previously announced its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 44 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has concluded that granting these exemptions will provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Director, Medical Programs, (202)-366-4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue, SE., Room W64-224, Washington, DC 20590-0001. Office hours are from 8:30 a.m. to 5 p.m. Monday through Friday, except Federal holidays.

You may see all the comments online through the Federal Document Management System (FDMS) at <http://www.regulations.gov>.

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-

year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The statute also allows the Agency to renew exemptions at the end of the 2-year period. The comment period ended on September 18, 2009.

Discussion of Comments

FMCSA received no comments in this proceeding.

Conclusion

The Agency has not received any adverse evidence on any of these drivers that indicates that safety is being compromised. Based upon its evaluation of the 44 renewal applications, FMCSA renews the Federal vision exemptions for Eddie Alejandro, John W. Black, III, John A. Bridges, Eddie M. Brown, Edward G. Brown, Edwin L. Bupp, Charles E. Castle, Joel C. Conrad, Duane C. Conway, Brian W. Curtis, Roger D. Davidson, Sr., Richard A. Davis, Sr., Robin C. Duckett, Marco A. Esquivel, Tomie L. Estes, Raymond L. Herman, Jesse R. Hillhouse, Jr., Billy R. Holdman, Ray C. Johnson, Terry R. Jones, Randall H. Keil, James A. Kneece, Paul G. Mathes, John T. McWilliams, Robert A. Miller, Stuart T. Miller, James J. Mitchell, Andrew M. Nurnberg, Kenneth R. Pedersen, Joshua R. Perkins, Ronald F. Prezizia, Eligio M. Ramirez, Victor C. Richert, Garry L. Rogers, Craig R. Saari, Jerry L. Schroder, Gerald J. Shamla, Timothy L. Shorey, William C. Smith, Larry D. Steiner, Robert S. Swaen, Anthony T. Truiolo, Gregory A. VanLue, and Kevin W. Wunderlin.

In accordance with 49 U.S.C. 31136(e) and 31315, each renewal exemption will be valid for 2 years unless revoked earlier by FMCSA. The exemption will be revoked if:

(1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

Issued on: October 6, 2009.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[FMCSA Docket No. FMCSA-2009-0207]

Qualification of Drivers; Exemption Applications; Diabetes

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to exempt twenty-four individuals from its rule prohibiting persons with insulin-treated diabetes mellitus (ITDM) from operating commercial motor vehicles (CMVs) in interstate commerce. The exemptions will enable these individuals to operate CMVs in interstate commerce.

DATES: The exemptions are effective October 19, 2009. The exemptions expire on October 19, 2011.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Director, Medical Programs, (202) 366-4001, fmcsamedical@dot.gov, FMCSA, Room W64-224, Department of Transportation, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001. Office hours are from 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

You may see all the comments online through the Federal Document Management System (FDMS) at: <http://www.regulations.gov>.

Docket: For access to the docket to read background documents or comments, go to <http://www.regulations.gov> and/or Room W12-140 on the ground level of the West Building, 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy Act: Anyone may search the electronic form of all comments received into any of DOT's dockets by the name of the individual submitting the comment (or of the person signing the comment, if submitted on behalf of an association, business, labor union, or other entity). You may review DOT's complete Privacy Act Statement in the **Federal Register** (65 FR 19477, Apr. 11, 2000). This statement is also available at <http://Docketinfo.dot.gov>.

Background

On August 17, 2009, FMCSA published a notice of receipt of Federal diabetes exemption applications from

twenty-four individuals, and requested comments from the public (74 FR 41486). The public comment period closed on September 16, 2009 and one comment was received.

FMCSA has evaluated the eligibility of the twenty-four applicants and determined that granting the exemptions to these individuals would achieve a level of safety equivalent to, or greater than, the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(3).

Diabetes Mellitus and Driving Experience of the Applicants

The Agency established the current standard for diabetes in 1970 because several risk studies indicated that diabetic drivers had a higher rate of crash involvement than the general population. The diabetes rule provides that "A person is physically qualified to drive a commercial motor vehicle if that person has no established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control" (49 CFR 391.41(b)(3)).

FMCSA established its diabetes exemption program, based on the Agency's July 2000 study entitled "A Report to Congress on the Feasibility of a Program to Qualify Individuals with Insulin-Treated Diabetes Mellitus to Operate in Interstate Commerce as Directed by the Transportation Act for the 21st Century." The report concluded that a safe and practicable protocol to allow some drivers with ITDM to operate CMVs is feasible. The 2003 notice in conjunction with the November 8, 2005 (70 FR 67777) **Federal Register** notice provides the current protocol for allowing such drivers to operate CMVs in interstate commerce.

These twenty-four applicants have had ITDM over a range of 1 to 27 years. These applicants report no hypoglycemic reaction that resulted in loss of consciousness or seizure, that required the assistance of another person, or resulted in impaired cognitive function without warning symptoms in the past 5 years (with one year of stability following any such episode). In each case, an endocrinologist has verified that the driver has demonstrated willingness to properly monitor and manage their diabetes, received education related to diabetes management, and is on a stable insulin regimen. These drivers report no other disqualifying conditions, including diabetes-related complications. Each meets the vision standard at 49 CFR 391.41(b)(10).

The qualifications and medical condition of each applicant were stated

and discussed in detail in the August 17, 2009, **Federal Register** notice (74 FR 41486). Therefore, they will not be repeated in this notice.

Basis for Exemption Determination

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the diabetes standard in 49 CFR 391.41(b)(3) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. The exemption allows the applicants to operate CMVs in interstate commerce.

To evaluate the effect of these exemptions on safety, FMCSA considered medical reports about the applicants' ITDM and vision, and reviewed the treating endocrinologist's medical opinion related to the ability of the driver to safely operate a CMV while using insulin.

Consequently, FMCSA finds that exempting these applicants from the diabetes standard in 49 CFR 391.41(b)(3) is likely to achieve a level of safety equal to that existing without the exemption.

Conditions and Requirements

The terms and conditions of the exemption will be provided to the applicants in the exemption document and they include the following: (1) That each individual submit a quarterly monitoring checklist completed by the treating endocrinologist as well as an annual checklist with a comprehensive medical evaluation; (2) that each individual reports within 2 business days of occurrence, all episodes of severe hypoglycemia, significant complications, or inability to manage diabetes; also, any involvement in an accident or any other adverse event in a CMV or personal vehicle, whether or not they are related to an episode of hypoglycemia; (3) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (4) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file, or keep a copy in his/her driver's qualification file if he/she is self-employed. The driver must also have a copy of the certification when driving, for presentation to a duly authorized Federal, State, or local enforcement official.

Discussion of Comments

FMCSA received one comment in this proceeding. The comment was received from Mr. Kenneth Youngblood. He stated that drivers with ITDM are not

second class citizens and that there are no studies that conclude that they are more at-risk drivers. Mr. Youngblood also stated that it is wrong and discriminatory for drivers with ITDM to be singled out.

In response to this comment, FMCSA's exemption process supports drivers with ITDM who seek to operate in interstate commerce. In addition, the Federal Motor Carrier Safety Regulations (FMCSRs) are not contrary to the Americans with Disabilities Act (ADA) of 1990. The mandates of the ADA do not require that FMCSA alter the driver qualification requirements contained in 49 CFR Part 391. The Senate report on the ADA, submitted by its Committee on Labor and Human Resources, included the following explanation:

With respect to covered entities subject to rules promulgated by the Department of Transportation regarding physical qualifications for drivers of certain classifications of motor vehicles, it is the Committee's intent that a person with a disability applying for or currently holding a job subject to these standards must be able to satisfy these physical qualification standards in order to be considered a qualified individual with a disability under Title I of this legislation. S. Rep. 101-116, at 27 (1989).

FMCSA relies on the expert medical opinion of the endocrinologist and the medical examiner, who are required to analyze individual ability to control and manage the diabetic condition, including the individual ability and willingness of the driver to monitor blood glucose level on an ongoing basis. Until the Agency issues a Final Rule, however, insulin-treated diabetic drivers must continue to apply for exemptions from FMCSA, and request renewals of such exemptions. FMCSA will grant exemptions only to those applicants who meet the specific conditions and comply with all the requirements of the exemption.

Conclusion

After considering the comments to the docket, and based upon its evaluation of the twenty-four exemption applications, FMCSA exempts, Tawnya E. Benner, Lowell R. Brown, Gerald R. Claypool, Robert J. Dupuis, Glenn R. Edwards, John H. Forchette, Jr., Robert A. Gibson, Blaine H. Holmes, Gerald E. Huelle, Edward L. Johnson, Mary V. Johnson, Roger L. Kaufman, Kenneth A. Leeker, Paul L. Meier, Clifford L. Rayl, Robert J. Schafer, Steven J. Shaw, Scott L. Stamstad, Kendall R. Strassman, Allan A. Vanderhamm, Maurice L. Wedel, Michael R. Wellman, Thomas C. Wilson, and Wayne W. Zander from the ITDM

standard in 49 CFR 391.41(b)(3), subject to the conditions listed under “Conditions and Requirements” above.

In accordance with 49 U.S.C. 31136(e) and 31315 each exemption will be valid for two years unless revoked earlier by FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315. If the exemption is still effective at the end of the 2-year period, the person may apply to FMCSA for a renewal under procedures in effect at that time.

Issued on: October 6, 2009.

Larry W. Minor,

Associate Administrator for Policy and Program Development.

BILLING CODE 4910-EX-P

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs (VA).

ACTION: Notice of Amendment to Systems of Records.

SUMMARY: As required by the Privacy Act of 1974, 5 U.S.C. 552a(e), notice is hereby given that the Department of Veterans Affairs (VA) is amending four existing systems of records 07VA138, “Department of Medicine and Surgery Engineering Employee Management Information Records-VA”; 20VA138, “Motor Vehicle Operator Accident Records-VA”; 28VA119, “Personnel Registration Under Controlled Substance Act-VA and 33VA113, “National Prosthetics Patient Database-VA” to: Add a routine use related to the release of information from VA to the Department of Justice (DoJ); add a routine use related to releasing information to entities with whom VA has a contract or subcontract; add a routine use related to releasing information to agencies in the event of fraud or abuse; add a routine use related to disclosing information when there is a risk of embarrassment or harm to the reputations of the record subjects; add a routine use when a violation of law is suspected; and add a routine use related to releasing information for litigation. In 20VA138 existing routine use number three will be replaced with a new

routine use which discloses information related to suspected or reasonably imminent violation of the law. In addition, routine uses four through seven will be renumbered as three through six.

DATES: Comments on the amendment of this system of records must be received no later than November 18, 2009. If no public comment is received, the amended system will become effective November 18, 2009.

ADDRESSES: Written comments may be submitted through <http://www.Regulation.gov>; by mail or hand-delivery to Director, Regulations Management (02REG), Department of Veterans Affairs, 810 Vermont Avenue, NW., Room 1068, Washington, DC 20420; or by fax to (202) 273-9026. Comments received will be available for public inspection in the Office of Regulation Policy and Management, Room 1063B, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays). Please call (202) 461-4902 (this is not a toll-free number) for an appointment. In addition, during the comment period, comments may be viewed online through the Federal Docket Management System (FDMS) at <http://www.Regulation.gov>.

FOR FURTHER INFORMATION CONTACT: Veterans Health Administration (VHA) Privacy Officer, Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420; telephone (704) 245-2492.

SUPPLEMENTARY INFORMATION: VA provides health care services to many of America's Veterans through the Veterans Health Administration. During the course of providing health care, VHA collects medical and health information on Veterans. In order to protect Veteran's medical or health information VHA is adding six routine uses to four existing systems of records (07VA138, 20VA138, 28VA119 and 33VA113).

Additional Routine Uses

The first routine use added to 07VA138, 20VA138, 28VA119 and 33VA113 would permit VA to disclose information from these system of records to the Department of Justice (DoJ), either on VA's initiative or in response to DoJ's request for the information, after either VA or DoJ determines that such information is relevant to DoJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that release of the

records to the DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may also disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of the records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records.

According to VA leadership this mandatory new routine use is added to comply to new Federal policy and guidelines.

The second routine use added to 07VA138, 20VA138, 28VA119 and 33VA113 allows VA to disclose relevant information made to individuals, organizations, private or public agencies, or other entities with whom VA has a contract or agreement or where there is a subcontract to perform such services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor or subcontractor to perform the services of the contract or agreement.

According to VA leadership this mandatory new routine use is added to comply to new Federal policy and guidelines.

The third routine use added to 07VA138, 20VA138, 28VA119 and 33VA113 allows VA to disclose to other Federal agencies may be made to assist such agencies in preventing and detecting possible fraud or abuse by individuals in their operations and programs.

The routine use added to these four systems of records would permit VA to disclose information in its files in the event of fraud or abuse.

The fourth routine use added to 07VA138, 20VA138, 28VA119 and 33VA113 allows VA, on its own initiative, to disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) the Department has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm to economic or property interests, identity theft or fraud, or harm to the security, confidentiality, or integrity of this system or other systems or programs (whether maintained by the Department or another agency or disclosure is to agencies, entities, or persons whom VA determines are
