Title: Appraisals, 12 CFR 722.

Type of Review: Extension of a currently approved collection.

Abstract: Title XI of the Financial Institutions, Reform, Recovery and Enforcement Act of 1989 (FIRREA) was enacted to protect federal financial and public policy interests in real estate related transactions. To achieve this purpose, the statute directed the National Credit Union Administration (NCUA), as one of the federal financial institutions regulatory agencies, to adopt standards for the performance of real estate appraisals in connection with federally related transactions. The FIRREA requires that appraisals be maintained in writing and meet certain minimum standards. The NCUA regulation Part 722 carries out the statutory requirements. The information collection activity requires a credit union to obtain a written appraisal on federally related transactions or maintain written support of the estimated market value for certain other transactions not required to have an appraisal. These information collections are attributable to the regulation and are a direct consequence of the legislative intent and statutory requirements.

Federally insured credit unions (FICU) use the information in determining whether and upon what terms to enter into a federally related transaction, such as making a loan secured by real estate. In addition,

NCUA uses this information in its examinations of FICUs to ensure that extensions of credit by the FICU that are collateralized by real estate are undertaken in accordance with appropriate safety and soundness principles. The use of their information by credit unions and NCUA helps ensure that FICUs are not exposed to risk of loss from inadequate appraisals or written estimates of market value.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated No. of Respondents: 3,365.

Estimated No. of Responses per Respondent: 618.

Estimated Total Annual Responses: 2,079,707.

Estimated Burden Hours per Response: 0.083.

Estimated Total Annual Burden Hours: 173,309.

Reason for Change: An increase of 36,211 burden hours is the result of an adjustments. The number of FICUs have decreased since the previous submission, but the number of real estate loans have increased, thus an increase in the number of responses per respondent.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper execution of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.

By Melane Conyers-Ausbrooks, Secretary of the Board, the National Credit Union Administration, on May 25, 2022.

Dated: May 26, 2022.

Dawn D. Wolfgang,

NCUA PRA Clearance Officer.

OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE

Submission for Review: Financial Disclosure Form (SF-714)

AGENCY: Office of the Director of National Intelligence.

ACTION: 30-Day notice of request for extension of the SF-714.

The Personnel Security Group, Special Security Directorate, National Counterintelligence and Security Center, Office of the Director of National Intelligence (ODNI) offers notification of the request for extension to an existing information collection request (ICR) SF-714. This request is for an extension of the expiration date of the current SF-714 for an additional three years. As required by the Paperwork Reduction Act of 1995, as amended by the Clinger-Cohen Act, ODNI solicited comments for this collection during a 60 day **Federal Register** posting. No public comments were received during the 60 day posting. However, comments were received from ODNI internal review that, while non-substantive to the contents of the form, led to minor corrections in the Privacy Act Statement. Comments in regard to this request for extension can be sent to the Office of Management and Budget, who is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DATES: Comments are encouraged and will be accepted until July 1, 2022. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to OMB.

SUPPLEMENTARY INFORMATION: In December 2011, the ODNI accepted responsibility from the Information Security Oversight Office (ISOO) to manage the continuation in existence of Standard Form 714: Financial Disclosure Report, in accordance with the responsibilities assigned to the Director of National Intelligence (DNI) as Security Executive Agent for all departments and agencies of the U.S. Government. Pursuant to the responsibilities assigned to the Director of National Intelligence as the Security Executive Agent under Executive Order 13467, Executive Order 12968, and Section 803 of the National Security Act (50 U.S.C. 3162a), the SF-714 collects information that is used to assist in making determinations regarding access to specifically designated types of classified information. The information will be used to help make personnel security determinations, including whether to grant a security clearance; to allow access to classified information, sensitive areas, and equipment; or to permit assignment to sensitive national security positions. The data may later be used as part of a review process to evaluate continued eligibility for access to classified information or as evidence in legal proceedings.

The renewal notice was posted in the **Federal Register** for 60 days, from November 30, 2021 to January 31, 2022 for public comment. No public comments were received during that period.
