The BLM will not be holding a formal scoping period but has begun outreach to stakeholders and will accept input and comments through informal scoping for up to 30 days following the date of publication. **DATES:** The BLM requests input concerning the scope of the analysis, and identification of relevant information, studies, and analyses to be considered in the SEIS, which must be received by March 9, 2022. SUPPLEMENTARY INFORMATION: The Willow project was originally analyzed in the 2020 Willow MDP/Final EIS and authorized in a ROD issued in October 2020. In August 2021, the U.S. District Court for Alaska vacated the ROD and remanded the matter to BLM to correct deficiencies in the EIS regarding analysis of foreign greenhouse gas emissions and screening of alternatives for detailed analysis. The BLM will prepare a SEIS to address the deficiencies identified by the Court's decision, and to ensure compliance with applicable law, including (but not limited to) the National Environmental Policy Act of 1969; the Federal Land Policy and Management Act of 1976; the Alaska National Interest Lands Conservation Act; and the Naval Petroleum Reserves Production Act. This process will incorporate input from federal agencies, environmental organizations, Alaska Native Tribes, organizations, and corporations, numerous State of Alaska agencies and the affected communities along the North Slope.

Additional opportunities for public participation, including public meetings, will be available upon publication of the draft SEIS. The BLM will continue to consult with potentially affected Federally recognized Tribes on a government-to-government basis in accordance with Executive Order 13175, and with affected Alaska Native corporations under the Department's Policy on Consultation with Alaska Native Claims Settlement Act Corporations (Aug. 10, 2012). We respectfully request participation in consultation by these Alaska Native entities to receive their views and recommendations on the Willow MDP. The BLM will hold individual consultations upon request.
