

participants fund be issued by an approved letter of credit other than the participant or an affiliate of the participant.⁴

II. Discussion

Section 17A(b)(3)(F)⁵ of the Act requires that the rules of a clearing agency be designed to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible. As set forth below, the Commission believes that MBSCC's rule change is consistent with this obligation.

Letters of credit are used at MBSCC and at other clearing agencies as collateral to meet clearing fund obligations. MBSCC's clearing fund is intended to provide liquidity and protection to MBSCC and its members in the event a MBSCC member defaults on its obligation. If a member were allowed to issue a letter of credit to itself (or an affiliate of the member to the member), the letter of credit would probably not be honored in a default situation.

Because the rule change will prohibit a participant from providing a letter of credit for itself or from an affiliated entity, the rule change helps ensure that MBSCC can draw upon a letter of credit used as clearing fund collateral if MBSCC ever had the need to do so. This should assist MBSCC in safeguarding securities and funds in its possession or control or for which it is responsible.

III. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR-MBSCC-00-01) be, and hereby is, approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁶

rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Presently, NASD Rule 4611 states that a request to become registered as a market maker in a security that has been trading on Nasdaq for more than five (5) days is effective on the day following the request. If a security has been trading on Nasdaq for five days or less, the market maker's request becomes effective immediately. In contrast, market makers utilizing Electronic Communication Networks/Alternative Trading Systems ("ECNs/ATSs") may immediately upon request begin displaying quotes/orders for any security trading on Nasdaq, regardless of how long the security has been trading. To eliminate the disparate treatment of market makers, Nasdaq is proposing to allow market makers to begin trading in an issue on the same day they apply for registration.

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act⁵ in that it is designed to promote just and equitable principles of trade; to remove impediments to and perfect the mechanism of a free and open market and a national market system; and, in general, to protect investors and the public interest. In addition, the proposal is not designed to permit unfair discrimination between brokers and dealers, but instead is designed to eliminate the disparate treatment of market makers.

Nasdaq also believes the proposed rule change is consistent with Section 11A of the Act.⁶ Section 11A set forth Congress's findings that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure, among other things, fair competition among brokers and dealers. The proposal is consistent with this goal because it will allow market makers to begin quoting in a security in the same timeframe as that which is applicable to ECNs/ATSs.

(B) Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any

burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A) of the Act,⁷ and Rule 19b-4(f)(6)⁸ thereunder because the proposed rule change does not significantly affect the protection of investors or the public interest; does not impose any significant burden on competition; and does not become operative for 30 days from the date on which the proposed rule change was filed, or such shorter time as the Commission may designate. The proposal is designed to eliminate the disparate treatment of market makers in that the proposal is designed to eliminate the disparate treatment of market makers and will permit both market makers and those utilizing ECNs/ATSs to begin trading in an issue on the same day they apply for registration.

In addition, Nasdaq provided the Commission with written notice of its intent to file this proposed rule change, and the written notice included a description of the proposal and the text of the proposed rule change. Nasdaq also requested that the Commission accelerate the operative date.⁹ The Commission believes that the proposal is consistent with the protection of investors and the public interest and finds good cause to designate the proposal immediately operative upon filing. At any time within 60 days of the filing of a rule change pursuant to Section 19(b)(3)(A) of the Act,¹⁰ the Commission may summarily abrogate the rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NASD.
