

Transmittal No. 10-51

Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act

Annex
Item No. vii

(vii) Sensitivity of Technology:

1. The Boeing C-17 GLOBEMASTER III military airlift aircraft is the newest, most flexible cargo aircraft to enter the U. S. Air Force fleet. The C-17 is capable of rapid strategic delivery of up to 170,900 pounds of personnel and equipment to main operating bases or to forward operating bases. The aircraft is also capable of short field landings with a full cargo load. Finally, the aircraft can perform tactical airlift and airdrop missions and can also transport litters and ambulatory patients during aeromedical evacuation when required. A fully integrated electronic cockpit and advanced cargo systems allow a crew of three: the pilot, copilot and loadmaster to operate the aircraft on any type of mission.

2. The AN/ALE-47 Counter-Measures Dispensing System (CMDS) is an integrated, threat-adaptive, software-programmable dispensing system capable of dispensing chaff, flares and active radio frequency expendables. The threats countered by the CMDS include radar-directed anti-aircraft artillery (AAA), radar command-guided missiles, radar homing guided missiles, and infrared (IR) guided missiles. The system is internally mounted and may be operated as a stand-alone system or may be integrated with other on-board electronic warfare and avionics systems. The AN/ALE-47 uses threat data received over the aircraft interfaces to assess the threat situation and to determine a response. Expendable routines tailored to the immediate aircraft and threat environment may be dispensed using one of four operational modes. The hardware, technical data, and documentation to be provided are Unclassified.

3. The AN/AAR-47 Missile Warning System is a small, lightweight, passive, electro-optic, threat warning device used to detect surface-to-air missiles fired at helicopters and low-flying fixed-wing aircraft and automatically provide countermeasures, as well as audio and visual-sector warning messages to the aircrew. The basic system consists of multiple Optical Sensor Converter (OSC) units, a Computer Processor (CP) and a Control Indicator (CI). The set of OSC units, which normally consist of four, is mounted on the aircraft exterior to provide omnidirectional protection. The OSC detects the rocket plume of missiles and sends appropriate signals to the CP for processing. The CP analyzes the data from each OSC and automatically deploys the appropriate countermeasures. The CP also contains comprehensive BIT circuitry. The CI displays the incoming direction of the threat, so that the pilot can take appropriate action. The hardware, technical data, and documentation to be provided are Unclassified.

4. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures or equivalent systems which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

BILLING CODE 5001-06-C

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID DOD-2010-OS-0137]

Privacy Act of 1974; System of Records

AGENCY: Defense Finance and Accounting Service; DoD.

ACTION: Notice to add a system of records.

SUMMARY: The Defense Finance and Accounting Service (DFAS) is proposing to add a system of records notice to its inventory of record systems subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended.

DATES: This action will be effective without further notice on November 4, 2010, unless comments are received that

would result in a contrary determination.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Federal Docket Management System Office, Room 3C843 Pentagon, 1160 Defense Pentagon, Washington, DC 20301-1160.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Mr. Gregory Outlaw (317) 510-4591.

SUPPLEMENTARY INFORMATION: The Defense Finance and Accounting Service notices for systems of records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the FOIA/PA Program Manager, Corporate Communications, Defense Finance and Accounting Service, DFAS-HKC/IN, 8899 E. 56th Avenue, Indianapolis, IN 46249-0150.

The proposed system report, as required by 5 U.S.C. 552a(r) of the Privacy Act of 1974, as amended, was submitted on September 21, 2010, to the House Committee on Government Reform, the Senate Committee on Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to paragraph 4c of Appendix I to OMB Circular No. A-130, "Federal Agency Responsibilities for Maintaining Records About Individuals," dated February 8, 1996 (February 20, 1996; 61 FR 6427).

Dated: September 29, 2010.

Mitchell S. Bryman,
Alternate OSD Federal Register Liaison
Officer, Department of Defense.

T7205b

SYSTEM NAME:

Standard Finance System
(STANFINS).

SYSTEM LOCATION:

Defense Information Systems Agency,
Defense Enterprise Computing Center,
St. Louis, MO 63120-1703.

Defense Finance and Accounting
Service, Indianapolis, IN 46249-2700.

Defense Finance Accounting Service,
Columbus, OH 43218-2317.

Defense Finance and Accounting
Service, Rome, NY 13441-4527.

Defense Finance and Accounting
Service, Japan, Bldg 104, Unit 5220,
APO AP 96328-5220.

For a list of other DoD sites utilizing the system contact the Standard Finance System, System Manager, Defense Finance and Accounting Service—Indianapolis, Information Technology

Directorate, 8899 East 56th Street,
Indianapolis, IN 46249-2700.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Active duty military members, Army, Army Reserve and National Guard military members and other users of the Defense Commissary Agency.

CATEGORIES OF RECORDS IN THE SYSTEM:

Individual's name, Social Security Number (SSN), home address and telephone number, military branch of service, military status, and disbursing and accounting transaction data.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

5 U.S.C. 301, Departmental Regulations; Department of Defense Financial Management Regulation (DoDFMR) 7000.14-R, Volume 5; 31 U.S.C. 3511, Prescribing accounting requirements and developing accounting systems; 31 U.S.C. 3512, Executive agency accounting and other financial management reports and plans; 31 U.S.C. 3513, Finance Reporting and Accounting System; and E.O. 9397 (SSN), as amended.

PURPOSE(S):

Provides comprehensive accounting support and effective General Ledger control over all resources. The system processes obligations, accruals, disbursements and collections utilizing interfaces and data entry and will be used the system for processing these accounting transactions.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act of 1974, these records contained therein may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

The DoD 'Blanket Routine Uses' published at the beginning of the DFAS compilation of systems of records notices apply to this system.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Electronic storage media.

RETRIEVABILITY:

By name and Social Security Number (SSN).

SAFEGUARDS:

Records are maintained in a controlled facility. Physical entry is restricted by the use of locks, guards,

and is accessible only to authorized personnel. Access to records is limited to person(s) responsible for servicing the record in performance of their official duties and who are properly screened and cleared for need-to-know. Access to computerized data is restricted by passwords, which are changed according to agency security policy.

RETENTION AND DISPOSAL:

Cut off at end of fiscal year. Destroy 6 years, 3 months after the later of either closure of appropriate account or liquidation of all obligations in the closed account.

Records are disposed of by degaussing, burning, tearing, recycling, melting, chemical decomposition, pulping, pulverizing, shredding, mutilation, overwriting, and incineration.

SYSTEM MANAGER(S) AND ADDRESS:

Defense Finance and Accounting Service, Information and Technology Services, 8899 East 56th Street, Indianapolis, IN 46249-2700.

NOTIFICATION PROCEDURE:

Individuals seeking to determine whether information about themselves is contained in this record system should address written inquiries to the Defense Finance and Accounting Service, Freedom of Information/Privacy Act Program Manager, Corporate Communications, 8899 East 56th Street, Indianapolis, IN 46249-0150.

Individuals should furnish full name, Social Security Number (SSN), current address and telephone number.

RECORD ACCESS PROCEDURES:

Individuals seeking access to information about themselves contained in this system should address written inquiries to Defense Finance and Accounting Service, Freedom of Information/Privacy Act Program Manager, Corporate Communications, 8899 East 56th Street, Indianapolis, IN 46249-0150.

Individuals should furnish full name, Social Security Number (SSN), current address and telephone number.

CONTESTING RECORD PROCEDURES:

The DFAS rules for accessing records, for contesting contents and appealing initial agency determinations are published in DFAS Regulation 5400.11-R; 32 CFR part 324; or may be obtained from Defense Finance and Accounting Service, Freedom of Information/Privacy Act Program Manager, Corporate Communications, 8899 East 56th Street, Indianapolis, IN 46249-0150.

RECORD SOURCE CATEGORIES:

Individual or DoD military component.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE**Department of the Navy**

Notice of Intent To Prepare an Environmental Impact Statement for Military Training Activities at the Naval Weapons Systems Training Facility Boardman, OR, and To Announce Public Scoping Meetings

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, as implemented by the Council on Environmental Quality regulations (40 CFR Parts 1500-1508), the Department of the Navy (DoN) announces its intent to prepare an Environmental Impact Statement (EIS) to evaluate the potential environmental effects of continuing training activities on and increasing usage of the Naval Weapons Systems Training Facility (NWSTF) Boardman, Oregon.

DATES AND ADDRESSES: Two public scoping meetings will be held to receive oral and/or written comments on environmental concerns that should be addressed in the EIS. The public scoping meetings will be held on the following dates and times, and at the following locations:

1. Wednesday, October 27, 2010, 5 p.m.-8 p.m., at Port of Morrow Conference Center, Riverfront Room, 2 Marine Drive, Boardman, OR 97818;
2. Thursday, October 28, 2010, 5 p.m.-8 p.m., at Hermiston Conference Center, Rotary Room, 415 S. Highway 395, Hermiston, OR 97838.

Each scoping meeting will consist of an informal, open house session with information stations staffed by DoN and National Guard representatives. Details of the meeting locations and times will be announced in local newspapers. Additional information concerning meeting times will be available on the EIS Web page located at: <http://www.NWSTFBoardmanEIS.com>.

FOR FURTHER INFORMATION CONTACT: Mrs. Amy Burt, Naval Facilities Engineering Command, Northwest, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315-1101, Attn: NWSTF

Boardman Project Manager, Code EV1.AB.

SUPPLEMENTARY INFORMATION: The DoN's proposed action includes range enhancements and changes to training activities, capacities, and facilities as they currently exist on NWSTF Boardman. The Proposed Action would result in selectively focused but critical range enhancements and increases in DoN and Oregon National Guard training that are necessary to ensure NWSTF Boardman supports military training and readiness objectives.

The overall strategic mission of NWSTF Boardman is to support naval and joint services operational readiness by providing a suitable range within the geographical vicinity for Commander, U.S. Pacific Fleet and Oregon National Guard forces in the northwest.

The EIS study area consists of NWSTF Boardman airspace, Military Operating Area and Restricted Airspace totaling approximately 500 square miles, and 47,432 acres of land within the boundaries of NWSTF Boardman. NWSTF Boardman is rectangular shaped oriented from north to south, approximately 6 miles by 12 miles in size, and is situated 2.5 miles south of the town of Boardman and the Columbia River, and southwest of Umatilla, Oregon.

The purpose of the Proposed Action is to: (1) Ensure that NWSTF Boardman continues to support critical military training activities in a realistic and cost-effective manner; (2) Achieve and maintain military readiness using NWSTF Boardman to support and conduct current, emerging, and future training and research, development, test and evaluation (RDT&E) activities; and (3) Upgrade and modernize NWSTF Boardman's existing capabilities to address shortfalls in available training range capabilities in the Pacific Northwest.

The Proposed Action is needed to provide a training environment consisting of range areas, facilities and instrumentation with the capacity and capabilities to fully support required training tasks for military units. In this regard, NWSTF Boardman furthers the military's execution of its roles and responsibilities under United States Code (U.S.C.) Title 10 (federal military) and U.S.C. Title 32 (State National Guard). To comply with its Title 10 and 32 mandates, the military needs to maintain current levels of military readiness by improving training at NWSTF Boardman, accommodate possible future increases in operational training and force structure changes, and maintain the long-term viability of

NWSTF Boardman as a military training and testing area.

Under the No Action Alternative, training activities and major range events would continue at current levels. The DoN and National Guard training activities currently conducted on NWSTF Boardman, presented as the No Action Alternative, have been ongoing at present levels and frequencies for approximately 10 years.

Under Alternative 1, NWSTF Boardman would support an increase in training activities to include force structure changes associated with the introduction of new weapon systems, vehicles, and aircraft, in addition to accommodating training activities currently conducted on the range. Alternative 1 would also include the implementation of range enhancements to allow NWSTF Boardman to comply with DoN and National Guard requirements to enable military personnel to qualify on weapon systems. These required range enhancements could include the construction of a Multi-Purpose Machine Gun Range, a Digital Multi-Purpose Training Range, a Convoy Live Fire training range, a Demolition Training Range, construction of a joint range administration/Unmanned Aerial System (UAS) maintenance building, UAS landing strip, and the opening of a second target area for air to ground bombing exercises.

Alternative 2 consists of all elements of Alternative 1 plus the addition of a third target area, a helicopter landing zone, a second Convoy Live Fire range, four mortar pads, and a separate joint-use administrative facility. Alternative 2 also includes an increase in training activities associated with these additional range enhancements.

Environmental issues that will be addressed in the EIS, as applicable, include but are not limited to the following: Air quality, airspace, biological resources, including threatened and endangered species, cultural resources, water resources, geology and soils, hazardous materials and waste, health and safety, noise, socioeconomics, and transportation.

The DoN is initiating the scoping process to identify community concerns and local issues that will be addressed in the EIS. Federal, state and local agencies, Federally Recognized Native American Tribes, the public, and all interested persons are encouraged to provide oral, written, or electronic comments to the DoN to identify specific environmental issues or topics of environmental concern that the commenter believes the DoN should consider. All comments, electronic,
