

send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we will notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Grant Administration: Applicants should budget for an annual 3-day meeting for project directors to be held in Washington, DC.

4. Reporting: (a) If you apply for a grant under one of the competitions announced in this notice, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Institute. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Institute under 34 CFR 75.118. The Institute may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. Performance Measures: To evaluate the overall success of its education research grant programs, the Institute annually assesses the percentage of projects that result in peer-reviewed publications and the number of Institute-supported interventions with evidence of efficacy in improving learner education outcomes. These measures were established for the Government Performance and Results Act of 1993 (GPRA).

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Institute considers, among other things: Whether a grantee has made substantial progress in achieving

the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Institute has established performance measurement requirements, whether the grantee has met the performance targets in the grantee's approved application.

In making a continuation award, the Institute also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
