SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: This ICR is the renewal of the ICR developed for the final rule, *Accidental Release Prevention Requirements; Risk Management Programs Under the Clean Air Act Section 112(r)(7); Distribution of Off-Site Consequence Analysis Information*. CAA section 112(r)(7) required EPA to promulgate reasonable regulations and appropriate guidance to provide for the prevention and detection of accidental releases and for responses to such releases. The regulations include requirements for submittal of a risk

management plan (RMP) to EPA. The RMP includes information on offsite consequence analyses (OCA) as well as other elements of the risk management program.

On August 5, 1999, the President signed the Chemical Safety Information, Site Security, and Fuels Regulatory Relief Act (CSISSFRA). The Act required the President to promulgate regulations on the distribution of OCA information (CAA section 112(r)(7)(H)(ii)). The President delegated to EPA and the Department of Justice (DOJ) the responsibility to promulgate regulations to govern the dissemination of OCA information to the public. The final rule was published on August 4, 2000 (65 FR 48108). The regulations imposed minimal requirements on the public, state and local agencies that request OCA data from EPA. The state and local agencies who decide to obtain OCA information must send a written request on their official letterhead to EPA certifying that they are covered persons under Public Law 106-40, and that they will use the information for official use only. EPA will then provide OCA data to those agencies as requested. The rule authorizes and encourages state and local agencies to set up reading rooms. The local reading rooms would provide read-only access to OCA information for all the sources in the LEPC's jurisdiction and for any source where the vulnerable zone extends into the LEPC's jurisdiction.

Members of the public requesting to view OCA information at federal reading rooms would be required to sign in and self-certify. If asking for OCA information from federal reading rooms for the facilities in the area where they live or work, they would be required to provide proof that they live or work in that area. Members of the public are required to give their names, telephone number, and the names of the facilities for which OCA information is being requested, when they contact the central office to schedule an appointment to view OCA information.

Form Numbers: None.

Respondents/affected entities: Entities potentially affected by this action are States, local agencies, and members of the public.

Respondent's obligation to respond: Voluntary.

Estimated number of respondents: 3,915 (total).

Frequency of response: One.

Total estimated burden: 10,530 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$327,768 per year.

Changes in Estimates: The burden and costs stated above are from the current approved ICR, 1981.05. EPA may adjust these estimates based on public comments received or other information gained by the Agency prior to submitting the ICR renewal package to OMB. EPA estimates a total of 715 hours (annually) for state and local agencies requesting OCA data from EPA and providing read-only access to the public. For the public to display photo identification, sign a sign-in sheet, certify that the individual has not received access to OCA information for more than 10 stationary sources for that calendar month, and to request information from the vulnerable zone indicator system (VZIS), EPA estimates a total of 800 hours annually. The total burden for the members of the public, state and local agencies is 1,515 hours and \$48,854 annually (4,545 hours and \$146,562 for three years). The labor and wage rates would also be adjusted based on the current rates available.

Dated: December 16, 2015.

Reggie Cheatham,

Director, Office of Emergency Management.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Metal Furniture Surface Coating (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), "NESHAP for Metal Furniture Surface Coating (40 CFR part 63, subpart RRRR) (Renewal)" (EPA ICR No. 1952.06, OMB Control No. 2060-0518), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through December 31, 2015. Public comments were previously requested via the **Federal Register** (80 FR 32116) on June 5, 2015 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its

estimated burden and cost to the public. An Agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before January 22, 2016.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA–HQ–OECA–2012–0518, to: (1) EPA online using www.regulations.gov (our preferred method), or by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564–2970; fax number: (202) 564–0050; email address: yellin.patrick@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: The affected entities are subject to the General Provisions of the NESHAP (40 CFR part 63, subpart A), and any changes, or additions, to these Provisions are specified at 40 CFR part 63, subpart RRRR. Owners or operators of the affected facilities must submit a one-time-only of any physical or operational changes, initial performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during

which the monitoring system is inoperative. Reports are also required semiannually.

Form Numbers: None.

Respondents/affected entities: Metal furniture surface coating facilities.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart RRRR).

Estimated number of respondents: 583 (total).

Frequency of response: Initially, occasionally and semiannually.

Total estimated burden: 190,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$19,800,000 (per year), which includes \$700,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is a small decrease in the respondent labor hours and an increase in the O&M cost from the previous ICR due to rounding. In this ICR, we have rounded total values to three significant digits.

There is a decrease in the total estimated labor costs due to a correction. The previous ICR incorrectly referenced managerial labor rates when calculating technical labor cost, and vice versa, thereby overestimating total labor costs.

Courtney Kerwin,

Acting Director, Collection Strategies Division.
