

expedited preliminary determinations in these investigations. See Department Policy Bulletin No. 00.1, "Expedited Antidumping Duty Allegations" (policy bulletin), which can be found on the Department's web page at <http://ia.ita.doc.gov>. The policy bulletin lays out specific criteria that the Department will consider in deciding whether to expedite an investigation, including evidence of an extraordinary surge in imports prior to the filing of the petition, evidence of significant import penetration, evidence of an unusually high dumping margin or recent declines in import prices, whether there are prior determinations of dumping against the same product (or class of product) from the subject country in the United States or in other countries, and whether the Department's resources permit it to expedite the preliminary determination.

The petitioner contended that there has been a surge of "unfairly traded imports" of UANS from Belarus, Lithuania, the Russian Federation, and Ukraine at "unprecedented levels" and that subject country producers have captured U.S. market share through "aggressive and persistent underselling." The petitioner also alleged that the United States market has been and continues to be flooded with UANS traded at LTFV from the Russian Federation, Ukraine, Lithuania, and Belarus. Furthermore, the petitioner asserted that after the imposition of antidumping restrictions in the European Union in 2000, the United States, the largest unrestricted market for UANS, has become a target for unfairly traded imports of UANS. Moreover, the petitioner argued that the massive surge of imports from the Russian Federation, Ukraine, Lithuania, and Belarus did not recede in 2001, but instead comprised 84.1 percent of the total share of UANS imports. The petitioner claimed the rapid and voluminous increase of imports from the Russian Federation, Ukraine, Lithuania, and Belarus warrants an expedited preliminary determination.

The Department is considering the petitioner's arguments on this matter and will make a determination on whether to expedite the preliminary determination. Section 351.205(b)(1) of the Department's regulations states that the deadline for a preliminary determination in an antidumping investigation is normally not later than 140 days after the date on which the Secretary initiated the investigation.

We are inviting parties to comment on the petitioner's request for expedited preliminary determination. The Department encourages all parties to submit such comments no later than

May 20, 2002. Comments should be addressed to the Import Administration's Central Records Unit at Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Initiation of Antidumping Investigations

Based on our examination of the petitions, we have found that the petitions meet the requirements of section 732 of the Act. Therefore, we are initiating antidumping duty investigations to determine whether imports of UANS from Belarus, Lithuania, the Russian Federation, and Ukraine are being, or are likely to be, sold in the United States at LTFV. Should the need arise to use any of this information as facts available under Section 776 of the Act in our preliminary or final determinations, we may reexamine the information and revise the margin calculations, if appropriate. Unless this deadline is extended, we will make our preliminary determinations no later than 140 days after the date of these initiations.

Distribution of Copies of the Petition

In accordance with section 732(b)(3)(A) of the Act, copies of the public versions of the petitions have been provided to representatives of the government of Belarus, Lithuania, Ukraine, and the Russian Federation.

International Trade Commission Notification

We have notified the ITC of our initiation, as required by section 732(d) of the Act.

Preliminary Determination by the ITC

The ITC will determine by June 3, 2002, whether there is a reasonable indication that an industry in the United States is materially injured, or is threatened with material injury, by reason of imports of UANS from Belarus, Lithuania, Ukraine, and the Russian Federation. A negative ITC determination will result in the investigations being terminated; otherwise, these investigations will proceed according to statutory and regulatory time limits.

This notice is issued and published in accordance with section 777(i) of the Act.
