

documented in the final EIS for the Show Low South Land Exchange. The Responsible Official will document his decision and rationale for the decision in a Record of Decision (ROD). His decision will be subject to public notice, review, comment, and appeal under the Forest Service Regulations for Notice, Comment, and Appeal Procedures for National Forest System projects and Activities at 36 CFR part 215.

Nature of Decision To Be Made

The Forest Service will determine if the lands to be exchanged are desirable, in the public interest, and suitable for inclusion in the National Forest System. Land exchanges are discretionary, voluntary real estate transactions between the Federal and non-Federal parties.

The exchange can only be completed after the authorized officer determines that the exchanges meets the requirements at 36 CFR 254.3(b): (1) The resource values and the public objectives served by non-Federal lands and interests to be acquired are equal to or exceed the resource values and public objectives served by the Federal lands to be disposed, and (2) the intended use of the disposed Federal lands will not substantially conflict with established management objectives on adjacent Federal lands, including Indian Trust Lands. Lands will be exchanged on a value for value basis, based on current fair market value appraisals. The appraisal is prepared in accordance with the Uniform Appraisal Standards of Professional Appraisal Practice and the Uniform Appraisal Standards for Federal Land Acquisition. The appraisal prepared for the land exchange is reviewed by a qualified review appraiser to ensure that it is fair and complies with the appropriate standards. Under the Federal Land Policy and Management Act of 1976, all exchanges must be equal in value. Forest Service regulations at 36 CFR 254.3 require that exchanges must be of equal value or equalized pursuant to 36 CFR 254.12 by cash payment after making all reasonable efforts to equalize values by deleting lands. If lands proposed for exchange are not equal in value, either party may make them equal by cash payment not to exceed 25 percent of the Federal land value. A value consultation by the Regional Appraiser, November 25, 2008 concluded that it appears that the exchange is structured with flexibility to comply with the equal value requirement of the Federal Land Policy Management Act (FLMPA), as amended.

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. Scoping will include notice in the Apache-Sitgreaves National Forests' Quarterly Schedule of Proposed Actions; distribution of letters to individuals, organizations, and agencies who have previously indicated interest in the Show Low South Land Exchange; communication with Tribal interests; and publication of news releases in the White Mountain Independent and The Arizona Republic, the newspaper of record, for Regional Forester decisions for the Apache-Sitgreaves National Forests. Any news releases will also be distributed to other local newspapers that serve areas affected by this proposal. A public meeting is scheduled for Tuesday, April 28, 2009, from 3 p.m. to 7 p.m. at the Show Low Library, 180 North 9th Street, Show Low, AZ 85901. This meeting and any future public meetings will have a notice of time and location provided to newspapers that serve areas affected by this proposal. The scoping process will include identifying any key issues and previously unknown potential environmental effects of the proposed action.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions. The submission of timely and specific comments can affect a reviewer's ability to participate in subsequent administrative appeal or judicial review.

Antidumping Duty Order: Frontseating Service Valves from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce ("the Department") and the International Trade Commission ("ITC"), the Department is issuing an antidumping duty order on frontseating service valves ("FSVs") from the People's Republic of China ("PRC").

EFFECTIVE DATE: April 28, 2009.

FOR FURTHER INFORMATION CONTACT:

Eugene Degnan at (202) 482-0414, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On March 13, 2009, the Department published the final determination of

sales at less than fair value of FSVs from the PRC. *See Frontseating Service Valves From the People's Republic of China: Final Determination of Sales at Less Than Fair Value and Final Negative Determination of Critical Circumstances*, 74 FR 10886 (March 13, 2009) ("Final Determination").

On March 18, 2009, Parker-Hannifin Corporation ("Petitioner") submitted a comment alleging that the Department made a ministerial error in its calculation of the antidumping duty margin of respondent Zhejiang DunAn Hetian Metal Co., Ltd. ("DunAn"). Also on March 18, 2009, Zhejiang Sanhua Co., Ltd. ("Sanhua") submitted a comment alleging that the Department made a ministerial error in the calculation of the antidumping duty margin of Sanhua. On March 23, 2009, Petitioner submitted a comment arguing that the error alleged by Sanhua is not a ministerial error. Also on March 23, 2009, DunAn submitted a comment arguing that the error alleged by Petitioner is not a ministerial error. On April 16, 2009, the Department determined that the allegations of ministerial errors by the Petitioner and Sanhua do not meet the requirements under section 735(e) of the Tariff Act of 1930, as amended ("the Act"), to be considered ministerial errors. *See Memorandum to Wendy Frankel, "Final Determination in the Antidumping Duty Investigation of Frontseating Service Valves from the People's Republic of China: Allegations of Ministerial Errors,"* dated April 16, 2009.

On April 21, 2009, the ITC notified the Department of its final determination pursuant to section 735(d) of the Act, that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of less-than-fair-value imports of FSVs from the PRC. *See Letter from the ITC to the Secretary of Commerce, "Notification of Final Affirmative Determination of Frontseating Service Valves from the People's Republic of China,"* Investigation No. 731-TA-1148 (April 21, 2009). Pursuant to section 736(a) of the Act, the Department is publishing an antidumping duty order on the subject merchandise.

Scope of the Order

The merchandise covered by this order is frontseating service valves, assembled or unassembled, complete or incomplete, and certain parts thereof. Frontseating service valves contain a sealing surface on the front side of the valve stem that allows the indoor unit or outdoor unit to be isolated from the refrigerant stream when the air
