

the pediatric audiology facilities are located. This survey will continue to allow CDC-EHDI team and state EHDI programs to compile a systematic, quantifiable distribution of audiology facilities and the capacity of each facility to provide services for children age 5 and younger. The data collected will also allow the CDC-EHDI team to analyze facility distribution data to improve technical assistance to State EHDI programs.

Two additional questions will be added to the existing survey. The two questions will ask for more information from audiology facilities that provide services by remote telepractice technology. This information will be of vital interest and benefit for both parents who live in remote regions of the US and state EHDI programs to maximize resource coverage.

Respondents will all be audiologists who manage a facility or provide audiologic care for children age 5 and younger. To minimize burden and improve convenience, the survey will continue to be available via a secure password protected Web site. Placing the survey on the internet ensures convenient, on-demand access by the audiologists. Financial cost is minimized because no mailing fee will be associated with sending or responding to this survey.

EHDI-PALS currently has 892 facilities in the database since the beginning of the data collection. All 892 facilities' contacts will receive a brief email from the University of Maine to remind them to review their survey answers. It is estimated that approximately 800 audiologists will do so.

It takes approximately nine minutes per person to review the survey answers. Both the American Speech-Language-Hearing Association (ASHA) and American Academy of Audiology (AAA) are members of the EHDI-PALS workgroup and will continue to disseminate a request through association e-newsletters and e-announcements to all audiologists who provide services to children younger than 5 years of age to complete the EHDI-PALS survey. It is estimated that, potentially, an additional 400 new audiologists will complete the revised survey, which will take approximately nine minutes per respondent. The nine minutes calculation is based on a previous timed pre-test with six volunteer audiologists.

There are no costs to respondents other than their time. The total estimated annual burden hours are 180.

ESTIMATES OF ANNUALIZED BURDEN HOURS

Respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Audiologists who have completed survey.	Annual Survey Review	800	1	9/60
New Audiologists	Revised Survey	400	1	9/60

Leroy A. Richardson,

Chief, Information Collection Review Office, Office of Scientific Integrity, Office of the Associate Director for Science, Office of the Director, Centers for Disease Control and Prevention.

Centers for Disease Control and Prevention

[30-Day-14-0881]

Agency Forms Undergoing Paperwork Reduction Act Review; Data Calls for the Laboratory Response Network; Cancellation

AGENCY: Centers for Disease Control and Prevention (CDC), National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Department of Health and Human Services (HHS).

ACTION: Notice cancellation.

SUMMARY: The Centers for Disease Control and Prevention is cancelling the 30-Day Information Collection Request, 14-0881, concerning the *Data Calls for the Laboratory Response Network* (79 FR 4165), published January 24, 2014.

The purpose behind this notice cancellation is that a 60-day FRN was previously published on December 2, 2013 (78 FR 27087). The public must have 60 days to provide comment to the agency's 60-day FRN. The agency should not publish a 30-day FRN until all public comments have been received.

DATES: The 30-day FRN published on January 24, 2014 at 79 FR 4165 is withdrawn as of January 27, 2014. FOR FURTHER INFORMATION CONTACT: (404) 639-7570 or send comments to CDC: LeRoy Richardson, 1600 Clifton Road, MS D-74, Atlanta, GA 30333 or send an email to omb@cdc.gov.

LeRoy A. Richardson,

Chief, Information Collection Review Office, Office of Scientific Integrity, Office of the Associate Director for Science, Office of the Director, Centers for Disease Control and Prevention.

Meeting of the Community Preventive Services Task Force (Task Force)

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of meeting.

SUMMARY: The Centers for Disease Control and Prevention (CDC) announces the next meeting of the Community Preventive Services Task Force (Task Force). The Task Force is an independent, nonfederal, and uncompensated panel. Its members represent a broad range of research, practice, and policy expertise in prevention, wellness, health promotion, and public health, and are appointed by the CDC Director. The Task Force was convened in 1996 by the Department of Health and Human Services (HHS) to identify community preventive programs, services, and policies that increase healthy longevity, save lives and dollars and improve Americans' quality of life. CDC is mandated to provide ongoing administrative, research, and technical support for the

operations of the Task Force. During its meetings, the Task Force considers the findings of systematic reviews on existing research, and issues recommendations. These recommendations provide evidence-based options from which decision makers in communities, companies, health departments, health plans and healthcare systems, non-governmental organizations, and at all levels of government can choose what best meets the needs, preferences, available resources, and constraints of their constituents. The Task Force's recommendations, along with the systematic reviews of the scientific evidence on which they are based, are compiled in the *Guide to Community Preventive Services (Community Guide)*.

DATES: The meeting will be held on Wednesday, February 26, 2014 from 8:30 a.m. to 5:00 p.m. EST and Thursday, February 27, 2014 from 8:30 a.m. to 2:00 p.m. EST.

ADDRESSES: The Task Force Meeting will be held at CDC Edward R. Roybal Campus, Tom Harkin Global Communications Center (Building 19), 1600 Clifton Road NE., Atlanta, GA 30333. You should be aware that the meeting location is in a Federal government building; therefore, Federal security measures are applicable. For additional information, please see Roybal Campus Security Guidelines under **SUPPLEMENTARY INFORMATION**. Information regarding meeting logistics will be available on the Community Guide Web site (www.thecommunityguide.org), Wednesday, January 29, 2014.

Meeting Accessibility: This meeting is open to the public, limited only by space availability. All meeting attendees must RSVP to ensure the required security procedures are completed to gain access to the CDC's Global Communications Center.

U.S. citizens must RSVP by 2/12/2014.

Non U.S. citizens must RSVP by 2/5/2014 due to additional security steps that must be completed.

Failure to RSVP by the dates identified could result in an inability to attend the Task Force meeting due to the strict security regulations on federal facilities.

For Further Information and To RSVP Contact: Andrea Baeder, The Community Guide Branch; Division of Epidemiology, Analysis, and Library Services; Center for Surveillance, Epidemiology and Laboratory Services; Office of Public Health Scientific Services; Centers for Disease Control and Prevention, 1600 Clifton Road, MS-

E-69, Atlanta, GA 30333, phone: (404)498-498-6876, email: CPSTF@cdc.gov.

SUPPLEMENTARY INFORMATION:

Purpose: The purpose of the meeting is for the Task Force to consider the findings of systematic reviews and issue findings and recommendations to help inform decision making about policy, practice, and research in a wide range of U.S. settings.

Matters to be discussed: cancer prevention and control, diabetes prevention and control, obesity prevention and control, and promoting physical activity.

Roybal Campus Security Guidelines: The Edward R. Roybal Campus is the headquarters of the U.S. Centers for Disease Control and Prevention and is located at 1600 Clifton Road, NE., Atlanta, Georgia. The meeting is being held in a Federal government building; therefore, Federal security measures are applicable.

All meeting attendees must RSVP by the dates outlined under *Meeting Accessibility*. In planning your arrival time, please take into account the need to park and clear security. All visitors must enter the Roybal Campus through the entrance on Clifton Road; the guard force will direct visitors to the designated parking area. Upon arrival at the facility, visitors must present government issued photo identification (e.g., a valid federal identification badge, state driver's license, state non-driver's identification card, or passport). Non-United States citizens must complete the required security paperwork prior to the meeting date and must present a valid passport, visa, Permanent Resident Card, or other type of work authorization document upon arrival at the facility. All persons entering the building must pass through a metal detector. Visitors will be issued a visitor's ID badge at the entrance to Building 19 and will be escorted in groups of 5-10 persons to the meeting room. All items brought to HHS/CDC are subject to inspection.

Dated: January 27, 2014.

Ron A. Otten,

Acting Deputy Associate Director for Science, Centers for Disease Control and Prevention.

Centers for Medicare & Medicaid Services

[Document Identifiers: CMS-10515 and CMS-R-48]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information (including each proposed extension or reinstatement of an existing collection of information) and to allow 60 days for public comment on the proposed action. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments must be received by April 4, 2014:

ADDRESSES: When commenting, please reference the document identifier or OMB control number (OCN). To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

1. *Electronically.* You may send your comments electronically to <http://www.regulations.gov>. Follow the instructions for "Comment or Submission" or "More Search Options" to find the information collection document(s) that are accepting comments.

2. *By regular mail.* You may mail written comments to the following address: CMS, Office of Strategic Operations and Regulatory Affairs, Division of Regulations Development, Attention: Document Identifier/OMB Control Number ___, Room C4-26-05,
