

which FDA does not intend to object to the compounding of a drug product from certain bulk drug substances by an outsourcing facility while FDA develops the list of bulk drug substances that can be used in compounding under section 503B(a)(2)(A)(i) of the FD&C Act.

The final guidance "Pharmacy Compounding of Human Drug Products Under Section 503A of the FD&C Act," (503A Final Guidance) published in 2014 (79 FR 37742; July 2, 2014), states, "Until a bulk drug substances list is published in the **Federal Register** as a final rule, human drug products should be compounded using only bulk drug substances that are components of drugs approved under section 505 of the FD&C Act, or are the subject of USP or NF monographs." Because this draft interim guidance proposes to change the Agency's policy relating to compounding with bulk drug substances while FDA develops a list of bulk drug substances that can be used in compounding, FDA is adding a footnote to the 503A Final Guidance referencing this draft interim guidance. Once this draft interim guidance is finalized, FDA intends to remove that footnote from the 503A Final Guidance and cross-reference the final interim guidance as establishing the policy for compounding with bulk drug substances during the development of the 503A bulks list. The footnote is being added to the 503A Final Guidance as a Level 2 change under 21 CFR 10.115 because the final interim guidance, rather than the footnote to the 503A Final Guidance, will set forth the actual change in policy. Accordingly, comments on the proposed change in policy are being solicited as part of this Notice of Availability on the draft interim guidance.

II. Electronic Access

Persons with access to the Internet may obtain the guidance at either <http://www.fda.gov/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/default.htm> or <http://www.regulations.gov>.

Dated: October 21, 2015.

Leslie Kux,

Associate Commissioner for Policy.
