Title of Collection: Annual Progress Reporting Form for the American Indian Vocational Rehabilitation Services (AIVRS) Program.

OMB Control Number: 1820-0655.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments

Total Estimated Number of Annual Responses: 88.

Total Estimated Number of Annual Burden Hours: 968.

Abstract: The Rehabilitation Services Administration (RSA) of the U.S. Department of Education's (ED) Office of Special Education and Rehabilitative Services (OSERS) will use this data collection form to capture the performance data from grantees funded under the American Indian Vocational Rehabilitation Services (AIVRS) program (CFDA # 84.250). RSA and ED will use the information gathered annually to: (a) Comply with reporting requirements under the Education Department General Administration Regulations (EDGAR) 34 CFR part 75.118, (b) provide information annually to Congress on activities conducted under this program, and (c) measure performance on the program in accordance with the program indicators identified in the Government Performance Result Act (GPRA). The proposed changes to the existing form will improve user friendliness, clarity of data questions, and accuracy of data reported. Since the ED no longer collects data regarding common measures, the entire section of the report that collects this data is deleted, further reducing burden. These revisions are not significantly different from the original collection, but are proposed to provide clarity, consistency, and usability. In many areas, the data element language has been modified with direct language instead of passive terminology.

DEPARTMENT OF ENERGY

Western Area Power Administration

Office of General Counsel; Agency Information Collection Extension

AGENCY: Western Area Power Administration, Department of Energy.

ACTION: Submission for Office of Management and Budget review; request for comments.

SUMMARY: Western Area Power Administration (WAPA), an agency within the Department of Energy (DOE), submitted an extension to an existing Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review, comment, and approval, as required under the Paperwork Reduction Act of 1995. The ICR seeks a 3-year extension for WAPA's Applicant Profile Data form (APD), OMB Control No. 1910–5136. The ICR described below identifies the request, including the anticipated public burden. The ICR is necessary for the proper performance of WAPA's functions. WAPA markets a limited amount of Federal hydropower. Due to the high demand for WAPA's power, WAPA needs the ability to collect information under the ICR in order to evaluate who may receive an allocation of Federal power pursuant to specific marketing plans. This APD public process only determines the information WAPA will collect in its ICR. The actual allocation of Federal power will be conducted through a separate marketing plan process outside the scope of this APD process.

DATES: To ensure consideration, comments regarding this collection must be received on or before November 2, 2017. The Paperwork Reduction Act requires OMB to make a decision on the extension of the ICR within 60 days after this publication or receipt of the proposed collection of information, whichever is later. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, please advise the DOE Desk Officer at OMB of your intention to make a
