

Corporation, et al., Civil No. 4:02CV-146-M (W.D. Ky.), was lodged with the United States District Court for the Western District of Kentucky on July 26, 2002, pertaining to the Green River Landfill Superfund Site located in Maceo, Daviess County, Kentucky (the "Site"). The proposed consent decree would resolve the United States' civil claims under sections 106 and 107 of CERCLA, 42 U.S.C. 9606 and 9607, and section 7003 of the Solid Waste Disposal Act, as amended ("RCRA"), 42 U.S.C. 6973, including Natural Resource Damages, against the Settling Defendants: 15 generators and a current owner of a portion of the Site. The proposed consent decree also resolves claims against a Settling Federal Agency.

Under the proposed consent decree, 10 Settling Defendants ("Settling Performing Parties"), are obligated to finance and perform any remaining work at the Site for Operable Unit 1, principally operation and maintenance ("O&M")—obligations initially imposed by a Unilateral Administrative Order ("UAO") issued by U.S. Environmental Protection Agency ("U.S. EPA") in 1996—perform the remedial design/remedial action for Operable Unit 2 (estimated total present value of all response actions to be undertaken under the Decree: \$3.7 million), and pay all Future Response Costs at the Site not inconsistent with the National Contingency Plan, excluding the first \$307,449 of Future Oversight Costs to be incurred by the United States. Six Settling Defendants ("Settling Non-Performing Parties") are obligated to pay monies to the Settling Performing Parties for costs incurred and to be incurred for response actions at the Site. In addition, the United States, on behalf of the Settling Federal Agency, would pay \$155,000 to the Settling Performing Parties in reimbursement of the Settling Performing Parties' response costs incurred and to be incurred at the Site.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed consent decree. I. Background

The Institute of Museum and Library Services is an independent Federal grant-making agency authorized by the Museum and Library Services Act Public Law 104-208. The IMLS provides a variety of grant programs to assist the nation's museums and libraries in improving their operations and enhancing their services to the public. Museums and libraries of all sizes and types may receive support from IMLS programs.

The President's FY2003 Budget Request submitted to Congress in early February, 2002 proposes a \$10 million initiative to educate and train librarians. Anticipating the loss of as many as 68% of the current cohort of professional librarians by 2019, the initiative will be designed to "help recruit a new generation of librarians."

The President's proposed initiative recognizes the key role of libraries and librarians in maintaining the flow of information that is critical to support formal education; to guide intellectual, scientific, and commercial enterprise; to strengthen individual decisions; and to create the informed populace that lies at the core of democracy.

Draft application and guidelines are prepared contingent upon Congressional action.
