3. Definitions

(a) "Affected" persons are those who may benefit or be harmed by the disseminated information. This includes both: (a) persons seeking to address information about themselves or about other persons to which they are related or associated; and (b) persons who use the information.

(b) "Dissemination" means agency initiated or sponsored distribution of information to the public (see 5 CFR 1320.3(d) "Conduct or Sponsor"). Dissemination does not include distributions of information or other materials that are:

- (i) intended for government employees or agency contractors or grantees;

- (v) communications such as press releases, interviews, speeches, and similar statements.

(vi) Also excluded from the definition are archival records; public filings; responses to subpoenas or compulsory document productions; or documents prepared and released in the context of adjudicative processes. These guidelines do not impose any additional requirements on agencies during adjudicative proceedings any additional rights of challenge or appeal.

(c) "Influential" means disseminated information that Ex-Im Bank determines will have a clear and substantial impact

on important public policies or important private sector decisions.

(d) "Information," for purposes of these guidelines means any communication or representation of facts or data, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual forms. This definition does not include:

(i) opinions, where the presentation makes clear that the statements are subjective opinions, rather than facts. Underlying information upon which the opinion is based may be subject to these guidelines only if that information is published by Ex-Im Bank;

(ii) information originated by, and attributed to, non-Ex-Im Bank sources. Examples include: non-U.S. Government information reported and duly attributed in materials prepared and disseminated by Ex-Im Bank; hyperlinks on Ex-Im Bank's website to information that others disseminate; and information from third parties published on Ex-Im Bank's website;

(iii) statements related solely to the internal personnel rules and practices of Ex-Im Bank;

(iv) and other materials produced for Ex-Im Bank employees or contractors;

(vii) testimony or comments of Ex-Im Bank officials before courts, administrative bodies, Congress, or the media;

(viii) investigatory material compiled pursuant to U.S. law or for law enforcement purposes in the United States; or statements which are, or which reasonably may be expected to become, the subject of litigation, whether before a U.S. foreign court or in an international arbitral or other dispute resolution proceeding.

(e) "Integrity" refers to the security of information—protection of the information from unauthorized access or revision, to prevent the information from being compromised through corruption or falsification.

(f) "Objectivity" addresses whether disseminated information is being presented in an accurate, clear, complete, and unbiased manner, including background information where warranted by the circumstances.

(g) "Person" means an individual, partnership, association, corporation, business trust, or legal representative, an organized group of individuals, a regional, national, State, territorial,

tribal, or local government or branch thereof, or a political subdivision of a State, territory, tribal, or local government or a branch of a political subdivision, or an international organization.

(h) "Quality" is an encompassing term comprising utility, objectivity, and integrity. Therefore, the guidelines sometimes refer these four statutory terms, collectively, as "quality".

(i) "Utility" refers to the usefulness of the information to its intended users, including the public.
