Comments emailed to Commission staff are not considered part of the Commission record.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Request*: The licensee is requesting to amend Article 47 which was incorporated into the project license by ordering paragraph (K) of the Order Amending License, Approving Fish Passage Facilities, and Amending Annual Charges issued May 9, 2018. Specifically, the applicant is seeking to amend the maximum controlled hydraulic capacity of the project to be 2,070 cubic feet per second (cfs), and amend the spring water and ground water accreting into the bypass reach to be 420 cfs. The licensee is also seeking to remove the language in the article requiring the license to verify estimates of these values since the applicant has already completed that work.

l. *Locations of the Application*: This filing may be viewed on the Commission's website at <http://www.ferc.gov> using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document.
