## **RAILROAD RETIREMENT BOARD**

### **Proposed Collection; Comment Request**

*Summary:* In accordance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

*Comments are invited on:* (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

1. *Title and purpose of information collection:* Application for Benefits Due But Unpaid at Death; OMB 3220-0055.

Under Section 2(g) of the Railroad Unemployment Insurance Act (45 U.S.C. 352), benefits that accrued but were not paid because of the death of the employee shall be paid to the same individual(s) to whom benefits are payable under section 6(a)(1) of the Railroad Retirement Act. The provisions relating to the payment of such benefits are prescribed in 20 CFR 325.5 and 20 CFR 335.5.

The RRB provides Form UI-63, Application for Benefits Due But Unpaid at Death, to those applying for the accrued sickness or unemployment benefits unpaid at the death of the employee and for obtaining the information needed to identify the proper payee. One response is requested of each respondent. Completion is required to obtain a benefit. The RRB proposes the following changes to Form UI-63:

- On the cover letter, removed "his or her" and replaced with "their" in second sentence and
- On the second page, field 4, added "Telephone No." column.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
UI-63 .....	30	7	4

2. Title and purpose of information collection: Employee's Certification; OMB 3220-0140.

Section 2 of the Railroad Retirement Act (RRA) (45 U.S.C. 231a), provides for the payment of an annuity to the spouse or divorced spouse of a retired railroad employee. For the spouse or divorced spouse to qualify for an annuity, the RRB must determine if any of the employee's current marriage to the applicant is valid.

The requirements for obtaining documentary evidence to determine valid marital relationships are prescribed in 20 CFR 219.30 through 219.35. Section 2(e) of the RRA requires that an employee must relinquish all

rights to any railroad employer service before a spouse annuity can be paid.

The RRB uses Form G-346, Employee's Certification, to obtain the information needed to determine whether the employee's current marriage is valid. Form G-346 is completed by the retired employee who is the husband or wife of the applicant for a spouse annuity. Completion is required to obtain a benefit. One response is requested of each respondent. *The RRB proposes minor changes to Form G-346 certification statement on page 2 and Paperwork Reduction Act Notice contact information on page 3.*

Consistent with 20 CFR 217.17, the RRB uses Form G-346sum, *Employee's*

*Certification Summary*, which mirrors the information collected on Form G-346, when an employee, after being interviewed by an RRB field office representative "signs" the form using an alternative signature method known as "attestation." Attestation refers to the action taken by the RRB field office representative to confirm and annotate the RRB's records of the applicant's affirmation under penalty of perjury that the information provided is correct and the applicant's agreement to sign the form by proxy. Completion is required to obtain a benefit. One response is requested of each respondent. The RRB proposes no changes to Form G-346sum.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
G-346 .....	2,060	5	172
G-346sum .....	1,960	5	163
Total .....	4,020	.....	335

3. Title and purpose of information collection: RUIA Claims Notification and Verification System; OMB 3220-0171.

Section 5(b) of the Railroad Unemployment Insurance Act (RUIA) (45 U.S.C. 355), requires that effective January 1, 1990, when a claim for benefits is filed with the Railroad Retirement Board (RRB), the RRB shall provide notice of the claim to the claimant's base year employer(s) to provide them an opportunity to submit information relevant to the claim before making an initial determination. If the RRB determines to pay benefits to the claimant under the RUIA, the RRB shall notify the base-year employer(s).

The purpose of the RUIA Claims Notification and Verification System is to provide two notices, pre-payment Form ID-4K, Prepayment Notice of Employees' Applications and Claims for

Benefits Under the Railroad Unemployment Insurance Act, and post-payment Form ID-4E, Notice of RUIA Claim Determination. Prepayment Form ID-4K provides notice to a claimant's base-year employer(s), of each unemployment application and unemployment and sickness claim filed for benefits under the RUIA and provides the employer an opportunity to convey information relevant to the proper adjudication of the claim.

The railroad employer can elect to receive Form ID-4K by one of three options: a computer-generated paper notice, by Electronic Data Interchange (EDI), or online via the RRB's Employer Reporting System (ERS). The railroad employer can respond to the ID-4K notice by telephone, manually by mailing a completed ID-4K back to the RRB, or electronically via EDI or ERS. Completion is voluntary.

Once the RRB determines to pay a claim post-payment Form Letter ID-4E, Notice of RUIA Claim Determination, is used to notify the base-year employer(s). This gives the employer a second opportunity to challenge the claim for benefits.

The ID-4E mainframe-generated paper notice, EDI, and internet versions are transmitted on a daily basis, generally on the same day that the claims are approved for payment. Railroad employers who are mailed Form ID-4E are instructed to write if they want a reconsideration of the RRB's determination to pay. Employers who receive the ID-4E electronically, may file a reconsideration request by completing the ID-4E by either EDI or ERS. Completion is voluntary. *The RRB proposes no changes to Forms ID-4K, ID-4K (internet), ID-4E, and ID-4E (internet).*

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
ID-4K (Manual) .....	1,250	2	42
ID-4K (FTP) .....	15,600	(*)	210

## ESTIMATE OF ANNUAL RESPONDENT BURDEN—Continued

Form No.	Annual responses	Time (minutes)	Burden (hours)
ID-4K (Internet) .....	63,000	2	2,100
ID-4E (Manual) .....	50	2	2
ID-4E (Internet) .....	120	2	4
Total .....	80,020	.....	2,358

\* The burden for the railroad employers receiving file transfer protocol (FTP) messages has been calculated in the following manner. We estimate that 10 minutes a day would be required on average for each of the 5 railroad employers to operate the system. Based on 251 workdays in a year, we calculate the number of burden hours to be 210 hours, of which we allocated 40 percent to unemployment transactions (84 burden hours) and 60 percent to sickness transactions (126 burden hours).

**Additional Information or Comments:**  
To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material or comments regarding the information collection should be addressed to Brian Foster, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-1275 or emailed to [Brian.Foster@rrb.gov](mailto:Brian.Foster@rrb.gov). Written comments should be received within 60 days of this notice.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-102773; File No. 10-249]

### Texas Stock Exchange LLC; Notice of Filing of Application, as Amended, for Registration as a National Securities Exchange Under Section 6 of the Securities Exchange Act of 1934

April 4, 2025.

On January 31, 2025, Texas Stock Exchange LLC (“TXSE”) filed with the Securities and Exchange Commission (“Commission”) a Form 1 application under the Securities Exchange Act of 1934 (“Exchange Act”), seeking registration as a national securities exchange under Section 6 of the Exchange Act. On April 2, 2025, TXSE submitted Amendment No. 1 to its Form 1 application.<sup>1</sup> TXSE’s Form 1 application, as amended, provides detailed information on how it proposes

<sup>1</sup> In Amendment No. 1, TXSE submitted updated portions of its Form 1 application, including Exhibits A-3 (Proposed First Amended and Restated Limited Liability Company Agreement of Texas Stock Exchange LLC), B-1 (Rules of TXSE), C (information regarding subsidiaries or affiliates), E (description of the proposed operation of the exchange), H (listing applications), J (list of officers, governors, members of all standing committees, or persons performing similar functions), and K (Shareholders owning 5% or more).

to satisfy the requirements of the Exchange Act.

The Commission is publishing this notice to solicit comments on TXSE’s Form 1 application. The Commission will take any comments it receives into consideration in making its determination about whether to grant TXSE’s request to register as a national securities exchange. The Commission will grant the registration if it finds that the requirements of the Exchange Act and the rules and regulations thereunder with respect to TXSE are satisfied.<sup>2</sup>

With respect to governance, TXSE would be a subsidiary of its parent company, TXSE Group Inc. (“TXSE Group”), which would directly hold 100% of the equity of TXSE. In turn, TXSE Group would be owned by a group of investors that are party to a stockholders’ agreement (“Stockholders’ Agreement”). The Stockholders’ Agreement would provide a 40% cap on beneficial ownership of stock of TXSE Group by any person (alone or together with its related persons) and would further cap beneficial ownership of TXSE Group by members of TXSE at 20%.<sup>3</sup> The governing documents for TXSE can be found in Exhibit A to TXSE’s Form 1 application, and a listing of the officers and directors of TXSE can be found in Exhibit J. The governing documents for TXSE Group, including the Stockholders’ Agreement, can be found in Exhibit C to TXSE’s Form 1 application.

With respect to its trading system, the Form 1 application provides that TXSE would operate a fully automated limit order book for orders to buy and sell securities with a continuous automated matching function. TXSE would execute

<sup>2</sup> 15 U.S.C. 78s(a).

<sup>3</sup> The proposed Fourth Amended and Restated Certificate of Incorporation of TXSE Group Inc. contains similar ownership limitations, and also provides that no member of a national securities exchange controlled by TXSE Group (alone or together with its related person) would be entitled to vote or cause the voting of more than 20% of the outstanding votes entitled to be cast on any matter.

orders in price/time priority, and would “rank equally priced trading interest within the System in time priority in the following order: (i) The portion of a Limit Order with a Displayed instruction; (ii) Limit Orders with a Non-Displayed instruction (including the Reserve Quantity of Limit Orders); and (iii) Orders with a Peg instruction, ranked in priority based upon the time such orders were initially received by the System.”<sup>4</sup> TXSE would not maintain a physical trading floor. Liquidity would be derived from orders to buy and orders to sell submitted to TXSE electronically by its registered broker-dealer members from remote locations. TXSE would have one class of membership open to registered broker-dealers, and also would allow members to register under TXSE rules as market makers on TXSE and be subject to certain specified requirements and obligations set forth in TXSE’s proposed rules. According to TXSE, it “intends for its System to be relatively simple, without many of the complex order types or instructions available on other national securities exchanges.”<sup>5</sup>

A more detailed description of the manner of operation of TXSE’s proposed system can be found in Exhibit E to TXSE’s Form 1 application. The proposed rulebook for the proposed exchange can be found in Exhibit B to TXSE’s Form 1 application. A complete set of forms concerning membership and access can be found in Exhibit F to TXSE’s Form 1 application.

TXSE’s Form 1 application, including all of the Exhibits referenced above, is available online at [www.sec.gov/rules/other.shtml](http://www.sec.gov/rules/other.shtml) as well as in the Commission’s Public Reference Room. Interested persons are invited to submit written data, views, and arguments concerning TXSE’s Form 1, including whether the application is consistent with the Exchange Act. Comments may

<sup>4</sup> Proposed TXSE Rule 11.008. Capitalized terms used but not defined herein have the meanings specified in Exhibit B-1.
