Notice of Intent To Amend the Kingman Resource Management Plan, March 1995, To Determine Whether Land Which Is Not Currently Identified for Disposal Should Be Made Available for Lease and Patent Under the Recreation and Public Purposes Act**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice of intent.

SUMMARY: The Bureau of Land Management (BLM) Lake Havasu Field Office proposes to prepare an Environmental Assessment to determine whether the Kingman Resource Management Plan, (RMP), March 1995, should be amended to allow the following-described lands in Mohave County to be classified in accordance with section 7 of the Taylor Grazing Act, 43 U.S.C. 315f, and Executive Order No. 6910, as suitable for lease and disposal under the provisions of the Recreation and Public Purposes (R&PP) Act, as amended (43 U.S.C. 869 *et seq.*):

Gila and Salt River Meridian, Arizona

T. 19 N., R. 21 W.,
 Sec. 28, E $\frac{1}{2}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$,
 Sec. 33, all.
 Containing 1200 acres, more or less.

SUPPLEMENTARY INFORMATION: The Arizona Game & Fish Department (AG&FD) has filed an R&PP application requesting the described land to be made available to meet recreational and educational needs of the community. The (AG&FD) proposes to use the above-described sections of land for development of a public shooting range facility and related recreational facilities complex for the greater Bullhead City Area.

SEGREGATION: Upon publication of this notice in the **Federal Register**, the above-described land in Section 28 will be segregated from all forms of appropriation under the public land laws, including the general mining laws, except for lease and conveyance under the R&PP Act, leasing under the mineral leasing laws, and mineral material disposal laws. Upon publication of this notice, the land in Section 33 will be segregated from all forms of appropriation under the public land laws, except for lease and conveyance under the R&PP Act.
