

Background

On April 26, 2006, the Department of Commerce ("the Department") published a notice of initiation of a new shipper review of the antidumping duty order on stainless steel bar from Germany covering the period March 1, 2005, through February 28, 2006 (71 FR 24642). On May 10, 2006, Schmiedewerke Groditz GmbH ("SWG") agreed to align the new shipper review with the ongoing fourth administrative review and waive the accelerated time limits for completion of the new shipper review. On July 28, 2006, the fourth administrative review was rescinded. (71 FR 42804). However, the new shipper review remains on the administrative review time line. The preliminary results for this new shipper review are currently due no later than December 1, 2006.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an antidumping duty order for which a review is requested and issue the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Due to the complexity of the issues in this case, including the need to issue another supplemental questionnaire, it is not practicable to complete the preliminary results of this review within the original time limit (*i.e.*, December 1, 2006). Therefore, the Department is partially extending the time limit for completion of the preliminary results to no later than March 15, 2007.

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: November 27, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On August 8, 2006, the Department of Commerce (the Department) published in the **Federal Register** the preliminary results of the administrative review of the countervailing duty order on polyethylene terephthalate (PET) film from India. *See Notice of Preliminary Results and Rescission, in Part, of Countervailing Duty Administrative Review: Polyethylene Terephthalate Film, Sheet, and Strip from India*, 71 FR 45037 (August 8, 2006). The current deadline for the final results of review is December 6, 2006.

Extension of Time Limits for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the final results of the review within 120 days after the date on which notice of the preliminary results were published in the **Federal Register**. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to 180 days from the date of publication of the preliminary results.

The Department finds that it is not practicable to complete the review within the original time frame due to the complex nature of the case. As this case involves a large number of programs under review, the Department needs additional time to review information gathered at verification and to give parties time to submit subsequent comments. Consequently, in accordance with section 751(a)(3)(A) of

the Act and section 351.213(h)(2) of the Department's regulations, the Department is extending the deadline for completion of the final results of the administrative review by 60 days. As the 180th day falls on a Sunday, the final results will now be due no later than February 5, 2007.

This notice is published pursuant to sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 28, 2006.
