

(6) For equipment utilizing lithium type cells, ensure that lithium cells and/or packs are not damaged or swollen.

(e) The 3M Versaflo TR-800 PAPR shall only use the 3M TR-830 battery pack or manufacturer equivalent.

(f) Before each shift when the Versaflo TR-800 is to be used, all batteries and power units for the equipment shall be charged sufficiently for the expected usage on that shift. If spare battery packs for the Versaflo TR-800 PAPR are provided, all battery "change outs" shall occur in intake air outby the last open crosscut.

(g) The following maintenance and use conditions shall apply to equipment containing lithium-type batteries:

(1) The TR-830 Battery Pack shall not be disassembled or modified by anyone other than permitted by the manufacturer of the equipment.

(2) The TR-830 Battery Pack shall be charged only on the surface of the mine and only using a manufacturer's recommended battery charger shown below or manufacturer equivalent.

(i) 3M Battery Charger TR-641N.

(ii) 3M 4-Station battery charger TR-644N.

(3) The Versaflo TR-800 PAPR, including the internal battery, shall be used, charged, or stored in locations where the manufacturer's recommended temperature limits are not exceeded.

(4) The TR-830 battery pack shall not be used at the end of its life cycle (*i.e.*, when there is a performance decrease of greater than 20% in battery-operated equipment). The battery pack shall be disposed of properly.

(h) Miners will receive training regarding how to safely use, care for, inspect the PAPR, and the Proposed Decision and Order (PDO) before using equipment in the relevant part of the mine. A record of the training shall be kept and available upon request.

The miners at Ohio County Mine, Marshall County Mine, Marion County Mine, and Harrison County Mine are represented by a representative of miners. A copy of the petition for modification was presented to the representatives of miners for Ohio County Mine and Marion County Mine on February 10, 2025. A copy of the petition for modification was presented to the representatives of miners for Marshall County Mine and Harrison County Mine on February 13, 2025.

In support of the proposed alternative method, the petitioner has also submitted the manufacturer spec sheets for the 3M Versaflo TR-800 PAPR.

The petitioner asserts that the alternative method will guarantee no less than the same measure of protection

afforded the miners under the mandatory standard.

**II. Discussion**

On February 20, 2025, CW submitted an application to export four reactor coolant pumps, two replacement reactor coolant pumps, and minor reactor components listed in title 10 of the *Code of Federal Regulations* (10 CFR), Appendix A, paragraphs (5)-(11), to be used at the Sanmen Nuclear Power Plant, Unit 4, currently being constructed in the People's Republic of China.

In accordance with 10 CFR 110.70(b), the NRC is providing notice of the receipt of the application; providing the opportunity to submit written comments concerning the application; and providing the opportunity to request a hearing or petition for leave to intervene, for a period of 30 days after publication of this notice in the **Federal Register**. A hearing request or petition for leave to intervene must include the information specified in 10 CFR 110.82(b). Any request for hearing or petition for leave to intervene shall be served by the requestor or petitioner in accordance with 10 CFR 110.89(a), either by delivery, by mail, or filed with the NRC electronically in accordance with the NRC's E-Filing rule (72 FR

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at [Hearing.Docket@nrc.gov](mailto:Hearing.Docket@nrc.gov), or by telephone at 301-415-1677, to (1) request a digital identification (ID) certificate, which allows the participant (or its counsel or representative) to digitally sign submissions and access the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other adjudicatory document (even in instances in which the participant, or its counsel or representative, already holds an NRC issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the hearing in this proceeding if the Secretary has not already established an electronic docket.
