

are operated by a government overseeing a population below 50,000.

Of the impacts we estimate accruing to grantees or eligible entities, all are voluntary and related mostly to an increase in the number of applications prepared and submitted annually for competitive grant competitions. Therefore, we do not believe that the proposed priorities would significantly impact small entities beyond the potential for increasing the likelihood of their applying for, and receiving, competitive grants from the Department.

Paperwork Reduction Act

The proposed priorities do not contain any information collection requirements.

These proposed corrections maintain previous regulatory actions and do not alter existing reporting requirements or impact compliance burdens or costs.
