

purposes(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 323. FCC Form 323 is drafting a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

FRNs are assigned to applicants who complete FCC Form 160 (OMB Control No. 3060-0917). Form 160 requires applicants for FRNs to provide their Taxpayer Information Number (TIN) and/or Social Security Number (SSN). The FCC's electronic CORES Registration System then provides each registrant with a FCC Registration Number (FRN), which identifies the registrant in his/her subsequent dealings with the FCC. This is done to protect the individual's privacy. The Commission maintains a SORN, FCC/OMD-9, "Commission Registration System (CORES)" to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 160. FCC Form 160 includes a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

Privacy Act Impact Assessment: The Commission is drafting a Privacy Impact Assessment for the PII that is covered by FCC/MB-1 SORN. Upon completion of the PIA, it will be posted on the FCC Web page, as required by the Office of Management and Budget (OMB) Memorandum, M-03-22 (September 22, 2003).

Needs and Uses: Licensees of commercial AM, FM, and full power television broadcast stations, as well as licensees of Class A and Low Power Television stations must file FCC Form 323 every two years. Ownership Reports shall provide information accurate as of October 1 of the year in which the Report is filed. Thereafter, the Form shall be filed biennially beginning November 1, 2011, and every two years thereafter.

Also, Licensees and Permittees of commercial AM, FM, or full power television stations must file Form 323 following the consummation of a transfer of control or an assignment of a commercial AM, FM, or full power television station license or construction permit; a Permittee of a new commercial AM, FM or full power television broadcast station must file Form 323 within 30 days after the grant of the construction permit; and a Permittee of a new commercial AM, FM, or full power television broadcast station must

file Form 323 to update the initial report or to certify the continuing accuracy and completeness of the previously filed report on the date that the Permittee applies for a license to cover the construction permit.

In the case of organizational structures that include holding companies or other forms of indirect ownership, a separate FCC Form 323 must be filed for each entity in the organizational structure that has an attributable interest in the Licensee if the filing is a nonbiennial filing or a reportable interest in the Licensee if the filing is a biennial filing.

Updated Information Collection

With this submission the Commission is complying with The Office of Management and Budget's (OMB's) request to update this collection to be consistent with current Federal standards for the collection of racial and ethnicity data (*see* Notice of Office of Management and Budget Action (NOA), dated 09/13/2012).

The FCC Form 323 (page 7) and Instructions (page 9) have been changed to remove the "Two or more races" option under the Gender/Ethnicity/Race Information. Previously, the question required filers to select one and only one of the following options: American Indian or Alaska Native; Asian; Black or African American; Native Hawaiian or Other Pacific Islander; White; or Two or more races. As revised, filers are able to select more than one race category, if applicable.

We are requesting the three year extension of this information collection.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.
