

National Health Expenditure Accounts. The Federal Communications Commission (FCC) uses these data to assess the impact of regulatory policies. The Census Bureau uses these data to provide new insight into changing structural and cost conditions that will impact the planning and design of future economic census questionnaires. International agencies use the data to compare total domestic output to changing international activity. Private industry also uses these data as a tool for marketing analysis.

Every five years we add items requested by the Bureau of Economic Analysis for use in their input-output tables. This is done in conjunction with the mailout of the Business Expenses Survey. For the 2002 survey year, we are revising forms in the following sectors: Radio and Television Broadcasting (NAICS 5131), Cable Networks and Program Distribution (NAICS 5132), and Telecommunications (NAICS 5133). BEA has requested the following detailed expense items: contract labor, purchased communications, purchased utilities (electricity, other utilities), taxes and license fees, legal and accounting services, computer services, management services, and purchased materials and supplies (expensed computer related supplies, other purchased materials). BEA also requested additional detail on lease and rental, and purchased repair and maintenance services items. They include: (1) Land, buildings, structures, store space, and offices, and (2) Machinery, equipment, and other items, excluding computer software. Since the detailed expense items are part of items currently reported, we don't expect an increase in respondent burden. Additionally, the sales tax question will be removed for the 2002 survey year.

Affected Public: Business or other for-profit, not-for-profit institutions.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 182, 224 & 225.

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: 2002 Business Expenses Survey.

Form Number(s): SA-5678(B) and

several others with minor variations.

Agency Approval Number: None.

Type of Request: New collection.

Burden: 158,710 hours.

Number of Respondents: 95,375.

Avg. Hours Per Response: 1.66 hours.

Needs and Uses: The 2002 Business Expenses Survey will supplement basic economic statistics produced by the 2002 Economic Census of Wholesale Trade, Retail Trade, and Service Industries with estimates of operating expenses. Further, it will provide measures of value produced for wholesale trade and retail trade. Essential measurement of the Nation's economy requires compilation of comprehensive and reliable data on both economic outputs (e.g., sales) and inputs (e.g., utilities and advertising expenses). This survey is the sole source of comprehensive expenses input data for covered industries. The Census Bureau will collect the information by means of a mail canvass directed to a sample of business units that represent one or more domestic establishments in covered industries. Results will be presented primarily in electronic reports containing statistical summaries by industry for the United States.

This information collection is part of the 2002 Economic Census, which is required by law under Title 13, United States Code (U.S.C.). Section 131 of this statute directs the taking of a census of businesses, including the distributive trades, service establishments, and transportation, at 5-year intervals. Section 224 makes reporting mandatory. Section 193 authorizes surveys that collect supplementary statistics related to the main topic of the censuses. Finally, Section 195 permits the use of statistical sampling methods.

There will be several variations of the prototype report form and associated instruction sheets used in this information collection. They are all very similar, varying primarily by a few industry-specific expense-type inquiries such as motor fuels expense for transportation.

Affected Public: Business or other for-profit, not-for-profit institutions.

Frequency: One-time.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 131, 193, 195, and 224.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

International Trade Administration

Initiation of Antidumping and Countervailing Duty Administrative Reviews, Requests for Revocation in Part and Deferral of Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation of antidumping and countervailing duty administrative reviews, requests for revocation in part and deferral of administrative review.

SUMMARY: The Department of Commerce (the Department) has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with August anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews. The Department also received requests to revoke two antidumping duty orders

in part and to defer the initiation of an administrative review for one antidumping duty order.

EFFECTIVE DATE: September 25, 2002.

FOR FURTHER INFORMATION CONTACT:

Holly A. Kuga, Office of AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-4737.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b) (2001), for administrative reviews of various antidumping and countervailing duty orders and findings

with August anniversary dates. The Department also received a timely request to revoke in part the antidumping duty order on Pure Magnesium from Canada.

During the last anniversary month, the Department failed to note that we received a timely request to revoke in part the antidumping duty order on Canned Pineapple from Thailand (67 FR 55000). In addition, the Department received from the same party a request to defer for one year the initiation of the July 1, 2001 through June 30, 2002 administrative review of this exporter in accordance with 19 CFR 351.213(c). The Department received no objection to this request from any party pursuant to 19 CFR 351.213(c)(1)(ii).

Initiation of Reviews

In accordance with sections 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following antidumping and countervailing duty orders and findings. We intend to issue the final results of these reviews not later than August 31, 2003. On August 27, 2002, (67 FR 55000) the Department inadvertently initiated an administrative review with respect to one exporter of Canned Pineapple Fruit from Thailand. We are now rescinding that review and, in accordance with 19 CFR 351.213(c), deferring for one year the initiation of the July 1, 2001 through June 30, 2002 administrative review of the antidumping duty order on Canned Pineapple Fruit from Thailand with respect to that exporter.

¹ If one of the above named companies does not qualify for a separate rate, all other exporters of petroleum wax candles from the People's Republic of China who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

²If one of the above named companies does not qualify for a separate rate, all other exporters of sulfanilic acid from the People's Republic of China who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an antidumping duty order under § 351.211 or a determination under § 351.218(f)(4) to continue an order or suspended investigation (after sunset review), the Secretary, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305.

These initiations and this notice are in accordance with section 751(a) of the Tariff Act of 1930, as amended (19 U.S.C. 1675(a)) and 19 CFR 351.221(c)(1)(i).

Notice of Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination: Non-Malleable Cast Iron Pipe Fittings From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 25, 2002.

FOR FURTHER INFORMATION CONTACT: Ron Trentham or Sam Zengotitabengoa, AD/CVD Enforcement, Office 4, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-6320 or (202) 482-4195, respectively.

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce (the Department) regulations are to the regulations codified at 19 CFR part 351 (April 2002).

Preliminary Determination

We preliminarily determine that non-malleable cast iron pipe fittings (pipe fittings) from the People's Republic of China (PRC) are being sold, or are likely to be sold, in the United States at less than fair value (LTFV), as provided in section 773 of the Act. The estimated margins of sales at LTFV are shown in the "Suspension of Liquidation" section of this notice.

Case History

This investigation was initiated on March 13, 2002. *See Notice of Initiation of Antidumping Duty Investigation: Non-Malleable Cast Iron Pipe Fittings From the People's Republic of China*, 67 FR 12966 (March 20, 2002) (*Initiation Notice*).¹ Since the initiation of the investigation, the following events have occurred.

On April 9, 2002, the United States International Trade Commission (ITC) preliminarily determined that there is a reasonable indication that an industry in the United States is materially injured by reason of pipe fitting imports from the PRC. *See Non-Malleable Cast Iron Pipe Fittings From China*, 67 FR 18635 (April 16, 2002). During March and April 2002, the Department provided participating parties with an opportunity to comment on scope and product characteristics.

The Department issued its non-market economy (NME) antidumping questionnaire² to the companies Beijing Metals & Minerals, Beijing Tongxian

¹ The petitioners in this investigation are Anvil International, Inc. and Ward Manufacturing, Inc.

² In NME instances, Section A of the questionnaire requests general information concerning a company's corporate structure and business practices, the merchandise under investigation that it sells, and the manner in which it sells that merchandise in all of its markets. Section C requests a complete listing of U.S. sales. Section D requests information on the factors of production of the merchandise sold in or to the United States. Section E requests information on further manufacturing.

Yongxin Shop, China Unicom, Jinan Meide Casting Co., Ltd. (JMC), and Shanghai Foreign Trade Enterprises Co., Ltd. (SFTEC), the PRC Ministry of Foreign Trade & Economic Cooperation (MOFTEC), and the Embassy of the PRC in Washington, DC, on May 7, May 14, and May 20, respectively. The Department requested that MOFTEC send the questionnaire to the companies who manufacture and export non-malleable cast iron pipe fittings to the United States, as well as manufacturers who produce non-malleable cast iron pipe fittings for companies who were engaged in exporting subject merchandise to the United States during the period of investigation (POI). Only JMC and SFTEC responded to the Department's questionnaire. The Department issued supplemental questionnaires to JMC and SFTEC, where appropriate.

On July 11, 2002, pursuant to section 733(c)(1)(B) of the Act, the Department postponed the preliminary determination of this investigation until September 19, 2002. *See Non-Malleable Cast Iron Pipe Fittings From the People's Republic of China: Postponement of Preliminary Determination of Antidumping Duty Investigation*, 67 FR 50866 (August 6, 2002).

Postponement of the Final Determination

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioners. The Department's regulations, at 19 CFR 351.210(e)(2), require that requests by respondents for postponement of a final determination be accompanied by a request for an extension of the provisional measures from a four-month period to not more than six months.

On September 13, 2002, JMC requested that, in the event of an affirmative preliminary determination in this investigation, the Department postpone its final determination until 135 days after the publication of the
