DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by July 11, 2022 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

USDA Office of the Secretary

Title: USDA Generic Solution for Solicitation for Funding Opportunity Announcements

OMB Control Number: 0503–NEW.

Summary of Collection: The U.S. Department of Agriculture (USDA) conducts a pre-clearance consultation program to provide the public and Federal agencies an opportunity to comment on proposed, revised, and continuing information collections before submitting them to the Office of Management and Budget (OMB).

This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed. Periodically USDA solicits grant applications on <http://grants.gov> by issuing a Funding Opportunity Announcement, Request for Applications, Notice of Funding Announcement, Notice of Solicitation of Applications, *Grants.gov* announcement, or other funding announcement type. To ensure grants are awarded to the applicant(s) best suited to perform the functions of the grant, applicants are generally required to submit an application. The first part of USDA grant applications consists of submitting the application form(s), which includes the Standard Form 424, Application for Federal Assistance and may include additional standard grant application forms. The second part of a grant application usually requires a technical proposal demonstrating the applicant's capabilities in accordance with a statement of work or selection criteria and other related information as specified in the funding announcement. Following the grant award, the grant awardee may also be required to provide progress reports or additional documents.

Need and Use of the Information: The information collected in response to solicitations for grant applications has been and will be used by the USDA for issuing grants to the applicants most suited for fulfilling the mission of the grant.

Description of Respondents: State, Local, and Tribal Governments; Private

Sector—businesses or other for-profits and not-for-profit institutions.

Number of Respondents: 10,000.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 400,000.

Submission for OMB Review; Comment Request

June 7, 2022.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques and other forms of information technology.

Comments regarding this information collection received by July 11, 2022 will be considered. the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Cooperative Wildland Fire Management and Stafford Act Response Agreements.

OMB Control Number: 0596–0242.

Summary of Collection: The primary authorities allowing for the agreements are the Reciprocal Fire Protection Act, 42 U.S.C 1856, and the Stafford Act, 42 U.S.C. 5121. The proposed Cooperative Wildland Fire Management and Stafford Act Response Agreement template will allow authorized agencies to streamline coordination with other Federal, State, local, and Tribal governments in wildland fire protection activities, and to document in an agreement the roles and responsibilities among the parties, ensuring maximum protection of resources.

Need and Use of the Information: To negotiate, develop, and administer Cooperative Wildland Fire Management and Stafford Act Response Agreements, the USDA Forest Service, DOI Bureau of Land Management, DOI Fish and Wildlife Service, DOI National Park Service, and DOI Bureau of Indian Affairs must collect information from willing State, local, and Tribal governments from the pre-agreement to the closeout stage via telephone calls, emails, postal mail, and person-to-person meetings. There are multiple means to communicate responses, which include forms, optional forms, templates, electronic documents, in person, telephone, and email. The scope of information collected includes the project type, project scope, financial plan, statement of work, and cooperator's business information. Without the collected information, authorized Federal agencies would not be able to negotiate, create, develop, and administer cooperative agreements with stakeholders for wildland fire protection, approved fire severity activities, and presidentially declared emergencies or disasters. Authorized Federal agencies would be unable to develop or monitor projects, make payments, or identify financial and accounting errors.

Description of Respondents: State, local and Tribal Governments.

Number of Respondents: 320.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 47,040.

All responses to this notice will be summarized and included in the request for Office of Management and Budget (OMB) approval. All comments will be a matter of public record.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of this information collection should be directed to Maribelle Balbes at 703–605–4272 or SNAP-Ed@usda.gov.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the

proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Title: Supplemental Nutrition Assistance Program Education and Obesity Prevention Grant (SNAP-Ed) National Program Evaluation and Reporting System (N-PEARS)

Form Number: SNAP-Ed Annual Report (Form FNS–925A) and SNAP-Ed State Plan (Form FNS–925B).

OMB Number: 0584–NEW.

Expiration Date: Not Yet Determined.

Type of Request: New collection.

Abstract: This is a new information collection request. FNS administers the nutrition assistance programs of the U.S. Department of Agriculture (USDA), including the Supplemental Nutrition Assistance Program (SNAP). The SNAP Nutrition Education and Obesity Prevention Grant Program (referred to as SNAP-Ed), established by the Food and Nutrition Act of 2008, as amended (Pub. L. 115–334, “The Act”) is the nutrition education and promotion component of SNAP. Under current SNAP regulations (7 CFR 272.2 (d)), State SNAP agencies have the option to provide, as part of their administrative operations, nutrition education for persons who are eligible to receive SNAP benefits and other means-tested Federal assistance programs. The goal of SNAP-Ed is to improve the likelihood that persons eligible for SNAP will make healthy food choices within a limited budget and choose physically active lifestyles consistent with the current Dietary Guidelines for Americans and the USDA food guidance. SNAP-Ed's target audience includes low-income individuals eligible to receive benefits under SNAP or other means-tested Federal assistance programs, and individuals residing in communities with a significant (50 percent or greater) low-income population. State SNAP agencies have the option of providing SNAP-Ed services to SNAP recipients as part of their SNAP operations. As of 2022, all 53 States and Territories implement some form of SNAP-Ed program. Participating States receive federally allocated grants every year that are used to cover States' SNAP-Ed expenses at a rate of 100 percent. Some State SNAP Agencies choose to implement their SNAP-Ed programs
